General Terms & Conditions

INTRODUCTION

1. Welcome to Hollard

This insurance policy intends to give you peace of mind that you will be covered when an unexpected event negatively affects you or your insured property. You are only covered for the sections you have chosen, as shown in your policy schedule. We will pay a claim during the period of insurance on the following conditions:

- Your premiums are paid and up to date.
- You give us all the information that affects the risks we insure.
- You keep to all the terms and conditions of this policy.
- No exclusions listed in your policy wording or policy schedule apply to the claim.

2. The parties to this policy

This policy is a legal contract between Hollard and the policyholder. Only the policyholder has rights under this policy – even though we have defined “you” to include other persons.

- **The insurer**
'We', 'us' and 'our' refers to **The Hollard Insurance Company Limited (Hollard)**, registration number 1952/003004/06, a licensed Non-Life Insurer and an authorised Financial Services Provider.
 - Certain services and functions are performed by our service providers and administrators, as shown in your policy schedule's disclosure section.
 - The words 'we', 'us' and 'our' include our service providers and administrators, even though they are not parties to this policy.
- **The policyholder**
'You' and 'your' refer to the policyholder named in the policy schedule and who is the owner of this policy. The policyholder could be a natural person or a juristic person:
 - **Natural person:** If the policyholder is a natural person, then the reference to 'you' and 'your' includes that person's partner and members of their family who are financially dependent on them and permanently live at the same address. If applicable, it includes that person's own legal representatives.
 - **Juristic person:** If the policyholder named in the policy schedule is a juristic person (company, close corporation or a trust) then the reference to 'you' and 'your' includes the directors, members or trustees (as applicable).
- **The co-insured**
The co-insured refers to another natural person or juristic person (company, close corporation or trust) who has an insurable interest in only certain property which is insured under this policy. The co-insured named in the policy schedule is noted for their respective rights and interests only. Where applicable, the co-insured is also covered for their personal legal liability. The co-insured must comply with all the terms and conditions of this policy.

3. Your policy is a legal contract

Your policy is a legal contract, which includes the proposal form, the policy schedule and the policy wording. You must read your policy wording and the policy schedule together.

- Make sure you understand what you are covered for, what you are not covered for (referred to as exclusions), and what your responsibilities are.
- Any changes that you make to your policy will only be in place once we have agreed to them, and have sent you a new policy schedule.
- This policy wording replaces all previous policy wordings relating to this product sent to you for this cover. The policy wording will always be the final determining factor if we disagree on the meaning or interpretation.

4. The proposal form

The proposal form contains the information provided by you, when you asked your broker to insure you under this policy.

- It includes the supporting documents that were requested.
- If you make any changes to the policy after the inception date, the written instruction or telephonic conversation (if recorded) we had with you when you made the changes, will also be part of this policy.

5. The policy wording

The policy wording is this document and includes the General Terms & Conditions and the cover sections as explained below:

- The **General Terms & Conditions** include all the terms and conditions that apply to all the cover sections.
- The **cover sections** set out the terms and conditions specific to each cover section. This policy wording includes all the cover options, but only the cover sections as shown in your policy schedule apply to your cover.

6. The policy schedule

The policy schedule is a separate document and is issued with your policy wording. It sets out specific details about the policyholder, the co-insured (if applicable), insured property, premiums, sums insured, limits, excesses and specific information that is not in the policy wording. If you find any errors in the policy schedule, please contact your broker.

7. Rules on interpretation

South African law applies to this policy and only South African courts may deal with any dispute about this policy, except for liability claims as required.

- The headings in the policy are for reference only and will not affect the meaning of the terms and conditions to which they relate.
- Days refer to ordinary calendar days, including weekends and public holidays.

8. Our correspondence with you

- We will assume that you have read and received our correspondence if it was sent to the email address provided in your policy schedule, or if it was sent to you via your broker. If you do not keep to the terms of this policy, we can refuse pay-out or we can cancel your policy.
- We are not bound by any changes unless we agreed to them in writing and have included them in this policy by issuing you with a new policy schedule.
- If we take legal action against you, the summons will be delivered to your physical address as shown in the policy schedule.

9. The privacy of your personal information

We care about the privacy, security and online safety of your personal information and we take our responsibility to protect this information very seriously. Below is a summary of how we deal with your personal information. For a more detailed explanation, please read our official Privacy Notice on our website.

- **Processing your personal information:** We have to collect and process some of your personal information in order to provide you with our products and services, and also as required by insurance, tax and other legislation.
- **Sharing your personal information:** We will share your personal information with other insurers, industry bodies, credit agencies and service providers. This includes information about your insurance, claims and premium payments. We do this to assess claims, prevent fraud and conduct surveys.
- **Accessing your medical information:** We may ask you to undergo any necessary medical testing or examinations. We may also ask you to send us any medical information including the results of any blood testing we need in order to accurately assess our risk or your claims.

- **Protecting your personal information:** We take every reasonable precaution to protect your personal information (including information about your activities) from theft, unauthorised access and disruption of services.
- **Receiving marketing from us:** We will not use your personal information to send you any information about products or offers from Hollard or Hollard's partners. However, we will still send you communications about this product.

10. Report and prevent fraud

Fraud affects the insurance industry as a whole. It increases claims costs, which in turn increases premiums. Hollard is committed to preventing fraud and we have our own internal Anti-Fraud policy. Please report any suspicious or unethical activity anonymously on **0801 516 170** (toll free) or via email at Hollard@tip-offs.com.

5. Step 5: Take legal action

You may take legal action against us within 270 days of the date that you received our claims decision. To take legal action, a summons must be served on us. If this is not done in time, you will lose your right to claim and we will no longer be responsible for that claim. You may also choose to take legal action against us without first asking us to review our claims decision or contacting the NFO. If you take legal action against us before contacting the NFO, you can only approach them for assistance after you have withdrawn the summons against us.

WHEN AND HOW TO PAY YOUR PREMIUMS

All premiums must be paid in advance, either monthly or annually, as shown in the policy schedule. We may change the premium after a policy change, a claim or on the renewal date. Premiums must be paid in South African rands only.

1. Monthly premiums

If you choose to pay your premium monthly your choice is shown in your policy schedule. Your premium is due on your chosen premium collection date, but your cover runs for a calendar month.

Example: A full month's premium collected on any day in May means you are covered from 1 May to 31 May.

1.1 Your first debit order

Depending on when your policy is activated, your first debit order might not be in time for our debit order run. Note that if your first debit order fails, this policy will not start and you will not be covered.

- **When your policy start date is on the 1st of the month**
 - If your policy is activated in time for our debit order run, we will debit your account on your chosen debit order day with one month's premium for cover from your policy start date until the last day of that month.
 - If your policy is not activated in time for our debit order run, there are two options available:
 - We can debit your account on your chosen debit order day in the following month with two full months' premium. This will cover you from your policy start date until the last day of the following month (double debit).
 - You can ask us to do an interim debit order to collect the first month's premium and then we will only collect one month's premium on your chosen debit order day in the following month.
- **When your policy start date is not on the 1st of the month**
 - If your policy is activated in time for our debit order run, we will debit your account on your chosen debit order day with a pro-rata premium for cover from your policy start date until the last day of that month.
 - If your policy is not activated in time for our debit order run, there are two options available:
 - We can debit your account on your chosen debit order day in the following month with the pro-rata premium plus one month's full premium. This will cover you from your policy start date until the last day of the following month.
 - You can ask us to do an interim debit order to collect the pro-rata premium and then we will only collect one month's premium on your chosen debit order day in the following month.

1.2 One month grace period on subsequent debit orders

From the second month of cover, we allow a one-month grace period (extra time) for you to pay your premium. We will not pay any valid claims that happen during the grace period, unless you pay the outstanding premium within the grace period.

1.3 Working days only

If your debit order date falls on a Sunday or public holiday, we will debit your bank account on the first working day before or after the Sunday or public holiday.

1.4 Rejected and stopped debit orders

- If a debit order is rejected because of insufficient funds, we will debit your bank account with two months' premium on your next debit order date.
 - If that collection is successful, your policy will continue.
 - If that collection is not successful, your policy will end at midnight on the last day of the calendar month for which the premium was received.
- If you stop a debit order directly with your bank we will not attempt another collection. Your policy will end at midnight on the last day of the calendar month for which the premium was received.

1.5 Changes to your policy

If you make a change to your policy which affects your monthly premium, the following applies:

- **Changes effective on the first of the month:** We will amend your monthly debit order with the new premium.

- **Changes effective on any other day of the month:** Because your cover runs for a calendar month, it means that there will be a pro-rata premium due to amend your cover from the effective date of the change until the last day of the month. We will amend your monthly debit order with the new premium and we will deal with the pro-rata portion as follows:
 - **Reduction of your monthly premium:** If the change reduces your monthly premium, we will reduce your next debit order with the portion of the premium we owe you for cover until the last day of the month (the pro-rata premium).
 - **Increases to your monthly premium:** If the change increases your monthly premium, we will increase your next debit order with the portion of the premium you owe us for cover until the last day of the month (the pro-rata premium).

1.6 If cover ends

If your cover ends because you cancel it, we cancel it or there is a total loss claim, we will pay back that portion of the monthly premium which relates to the period after the date the cover ended. We have the right to keep a small portion of any premium we refund to you, to cover our costs. We will not pay back any premium if we cancel your cover because of fraud.

2. Annual premiums

If you choose to pay your premium annually your choice is shown in your policy schedule.

2.1 Period of insurance

Your cover is in place for 12 months after your policy start date and each subsequent renewal date once you have paid your premium.

2.2 Payment via EFT or direct deposit

If you choose to pay your annual premium via electronic fund transfer (EFT) or direct deposit, then your broker will provide you with our banking details. We allow a one-month grace period (extra time) from your policy start date and each renewal date for you to pay your annual premium.

- **Policy start date:** If your first annual premium is not received within one month after your policy start date, this policy will not start and you will not be covered.
- **Renewal date:** If any following annual premiums are not received within one month after your renewal date, your policy will end on the last day of the previous period of insurance.
- **Claims during the grace period:** We will not pay any valid claims that happen during the grace period of one month, unless you pay the outstanding premium within the grace period.

2.3 Payment via debit order

If you choose to pay your annual premium via debit order, then your premium is due on your chosen premium collection date. We will debit your bank account every year on your premium collection date.

- **Working days only:** If your debit order date falls on a Sunday or public holiday, we will debit your bank account on the first working day before or after the Sunday or public holiday.
- **Rejected debit orders:** If a debit order is rejected because of insufficient funds, we will debit your bank account again after a one-month grace period.
 - If that collection is successful, your policy will continue.
 - If that collection is not successful, your policy will end on the last day of the previous period of insurance, unless it was your first debit order in which case your policy will not start.
 - We will not pay any valid claims that happen during the one-month grace period, unless you pay the outstanding premium within the grace period.
- **Stopped debit orders:** If you stop a debit order directly with your bank we will not attempt another collection. Your policy will end at midnight on the last day of the previous period of insurance.

2.4 Changes to your policy

If you make a change to your policy during the period of insurance which affects your annual premium, the following applies:

- **Reduction to your annual premium:** If the change reduces your annual premium, we will pay back the portion of the premium we owe you.
- **Increases to your annual premium:** If the change increases your annual premium, you must pay a pro-rata premium. This pro-rata premium will cover you from the effective date of the change, until your next renewal date. You must pay the pro-rata premium within thirty days from the effective date of the change.

2.5 If cover ends

If your cover ends because you cancel it, we cancel it or there is a total loss claim, we will pay back that portion of the annual premium which relates to the period after the date the cover ended. We have the right to keep a small portion of any premium we refund to you, to cover our costs. We will not pay back any premium if we cancel your policy because of fraud.

WHEN POLICY CONDITIONS CHANGE

We will tell you at least 31 days before the effective date of any changes we make, as set out below. We will send you an updated policy schedule, policy wording and an explanation of the changes.

1. We will renew your policy every year on your renewal date

- **Inflationary increases:** Each month, we will automatically increase the sums insured for your home and contents by an inflation-linked percentage. At your renewal date, the increased sum insured will be formally shown in your policy schedule, and your premium will be adjusted accordingly.
 - You are still responsible for making sure that the sums insured are enough to cover your insurance needs. Contact your broker immediately if you need further advice on whether you need to change your sums insured.
- **Premium changes:** When we review your premium, we consider several different factors, like your address, security measures, environmental changes, inflation and changes to your sums insured.
- **Limits and excesses:** We may also change the limits and excesses that apply to your cover.
- **Automatic renewal:** Unless you tell us that you want to make changes to our renewal terms, we will automatically renew your policy on the terms shown in the updated policy schedule and policy wording.

2. We may make changes to your policy

- We may change the terms and conditions of this policy at any time, and not just on your renewal date. A change might affect the sums insured, limits, your premium and excesses.
- If legislation changes, this policy will be aligned with the change, until such time as the policy wording is updated.

3. You may make changes to your policy

- Any changes may affect your premium. Changes will only be in place once we have agreed to them and have sent you a new policy schedule.
- If we agree to change some policy requirements, it does not mean that we have agreed generally to change all the requirements.

YOUR RESPONSIBILITIES

1. You must give us all material information

Material information is essential information which can influence our decision whether to accept a risk at your inception date or cover start date, to apply more conditions or to change your premium.

Examples of material information: Your insurance claims history, changes to the regular driver of your vehicle, or your building's security measures.

- You must give us all material information, and tell us within **21 days** from the date that any material information changes. The most important changes you must tell us about are listed below, but there could be others:
 - If your home is unoccupied for more than 90 consecutive days.
 - If the security measures in your building changes.
 - If the regular driver of your vehicle or motorcycle changes.
 - If your policy schedule details are no longer accurate, for example you change your address or if you purchase a new insured property.
 - If you run a business from your home.
 - If you are charged or convicted of a criminal offence.
 - If another insurer declines to provide insurance, cancels or refuses to renew a life insurance or short-term insurance policy for you, anyone living with you or anyone who is covered under this policy.
 - If you start working again after you told us that you are retired.

The term 'retired' means that you are not actively working on a daily basis, you do not earn a regular income, and you are not gainfully employed.

- **Alterations, renovations or additions:** It is important to tell us about any planned changes or renovations to your building before starting as you may need a business policy for major alterations, renovations or additions as explained under **Tell us about your intention to make structural or material changes** under the heading **Your responsibilities**.
- If any material information is incomplete or incorrect at any time, our decision was based on incorrect information. This means we may not have agreed to cover or continue to cover your property on your current premium, limits or conditions.
 - We may cancel your cover from the date that you gave us incorrect information or from the date that there was a change in the risk that you did not tell us about. If we cancel, you will lose your right to claim and we will pay back all the premiums we have received after the date of cancellation, less any claims we may have paid.
 - If we do not cancel your cover, we may then apply special conditions, a reduced sum insured, a reduced limit, an increase in premium or a higher excess.

2. You must be honest

All dealings about this policy must be done honestly and in good faith. If you are dishonest or involved in fraudulent behaviour, we will cancel your policy from the date of the fraud. You will lose your right to claim and we will not pay back any premiums we have received. We may also take legal steps and recover any expenses from you.

Example: Intentionally giving us false information to reduce your premium or exaggerating the amount of a claim.

3. You must maintain your property and prevent loss or damage

- You must maintain your insured property and take all reasonable steps to prevent loss or damage, and to minimise the cost of a claim.

Example: You must make sure that the gutters of your home are cleaned regularly to prevent your home from being flooded by overflowing gutters during a storm.

- After an event, you must take reasonable steps to protect your property from further loss or damage.

Example: If a leaking pipe causes your home to flood, you have a responsibility to call in a plumber to turn off the flow of water to prevent further flooding and damage to your property.

- Do not leave keys to your home, vehicles or safes at an unsecure place, or with any person who does not share your responsibility for your insured property.
- You must prevent injury to other people and prevent damage to their property.

4. You must have an insurable interest

In order for an insurance policy to be valid, you must have an insurable interest in the insured property throughout the period of insurance. Having an insurable interest in an item means that any loss or damage to the item will cause a financial loss to you. If your insurable interest in your insured property changes, you must tell us.

Example: A parent does not have an insurable interest in their child's vehicle if all of the following applies:

- The vehicle is registered in the child's name.
- The vehicle is paid for by the child.
- The child is not financially dependent on the parent.

5. Review your sums insured regularly

You are responsible for making sure that the sums insured are enough to cover your insurance needs so that you are not underinsured. To cover your insured property fully, it is important to review the sums insured regularly. If you agree that we conduct an asset inventory of your contents and you accept the sum insured and the policy terms after the assessment, we will not adjust your claim because of underinsurance.

6. You must keep to the terms and conditions

You, any person covered under this policy and the co-insured (if applicable), must comply with all the rules, terms, conditions, your responsibilities and the claims process shown in your policy wording and policy schedule. Any exclusions will also apply to the co-insured.

7. Obey the law

- You must comply with the law at all times, including any by-laws and regulations relevant to your property. Do not use your insured property in connection with any criminal offence. You must also obey the laws of other countries when you are travelling.
- We will not cover loss, damage or liability if you are involved in a criminal act. We may reject a claim and we may ask you to pay back any benefits that we may have paid for that claim and any costs we may have incurred relating to that claim.

8. You may not transfer your rights to another person

This policy does not give any rights to any person other than the policyholder or the co-insured (where applicable). You may not transfer your rights to benefits payable under this policy to another person. If you try to transfer the rights to any benefits in this policy to another person, we will not recognise that contract. We will continue our contract with you as if you had not contracted with someone else.

CLAIMING UNDER THIS POLICY

1. Introduction

This section tells you everything you need to know about how to claim under this policy.

- However, because some cover sections have additional conditions or requirements that apply **only** to that cover section, you should always read this section together with the cover section you are claiming under.
- This section does not apply to the following cover sections – please refer to these cover sections for all the information on claiming:
 - Cyber Insurance
 - Fine Arts
 - Legal Costs
 - Personal Accident
 - Personal Liability

2. How to claim

2.1 Step 1: Inform the police within 24 hours

This is particularly important when property has been stolen, a motor accident has occurred, people have been injured or died, or a criminal act is suspected. Take all reasonable steps to recover any stolen property and, where safe to do so, find the guilty person.

2.2 Step 2: Tell us right away

Contact your broker to notify us of a claim as soon as possible, but not later than 30 days after the event.

2.3 Step 3: Send us the evidence and documents we ask for within the reasonable time that we give you

We typically need the following information, but we may ask for more depending on the details of your claim:

- **Home, Contents, Assets Specified and Watercraft**
 - A description of the damage for which you are claiming.
 - Photographs taken of the scene (if any were taken).
 - Copies of damage reports (if done).
 - Proof of forcible or violent entry to, or exit from, the building or the premises (in the event of theft).
 - The police case number (in the event of loss of an item, theft, suspected theft or criminal acts).
 - The details of witnesses and any other persons who were involved in the incident (if applicable).
 - Details of any other insurance that also covers the same insured property.
- **Motor**

In addition to the information listed above, we will also need the following:

 - A sketch and a description of the incident.
 - The driver's details and identity number. If the driver does not have a South African driver's licence, we need a copy of their valid international or SADC driver's licence.
 - The police reference number (accident report or case number).
 - A copy of the statement made to the police.

2.4 Step 4: Give us proof of ownership and proof of value when we ask for it

To help us process your claim, we will need proof that you owned the item you are claiming for and what the item was worth at the time of the loss.

- **Proof of ownership**
 - Proof of ownership includes documents such as a sales receipt that notes the item's description or code, the price, the date, and the place where you bought the item from or other documents that show you owned the item.
 - For claims under the **Motor** cover section, we will always need a copy of the vehicle's registration document as proof of ownership.
 - If you cannot provide reasonable proof of ownership, we will not be able to pay your claim.
- **Proof of value**
 - This can include receipts, valuations, or other documents that clearly show the item's value.
 - If we specifically require a valuation certificate, it will be stated under the cover section.
 - If you cannot provide this, we may:
 - reject your claim,
 - apply the limit to the amount stated in the policy schedule; or
 - settle the claim based on the entry-level or lowest specification of a similar item.

2.5 Step 5: Send us any further documentation you may receive

Send us any further documentation you may receive immediately (such as a letter of demand or a summons).

2.6 Step 6: Allow us to assess the damage

- If your insured property is damaged, you must allow us the opportunity to assess the damage. You may not do any of the following until we have given you the go-ahead:
 - Abandon or get rid of the damaged insured property.
 - Replace the damaged insured property, or have it repaired except for emergency repairs under the **Motor**, **Watercraft**, **Home** and **Contents** cover sections.
- If you replace, repair or dispose of the damaged insured property before we have had a chance to assess the damage, we may reject your claim. If we decide to settle your claim, we will only pay you the amount that we would have paid had we repaired or replaced the insured property ourselves.

2.7 Step 7: Give us proof of claims preparation costs

- We may ask you to give us extra information or to certify information to support your claim.
- We will pay up to the limit shown in your policy schedule per claim for the reasonable costs you had to pay in getting or certifying this information.
- You must give us proof of these costs before we will pay you back.
- However, we will not pay for the services of a public adjuster. A public adjuster is an independent, professional claims handler that you may hire to help settle a claim on your behalf.

2.8 Step 8: Sign an Agreement of Loss (AOL)

You may have to sign an AOL document which includes the settlement details of the claim before we finalise the claim.

2.9 If you don't follow the claims steps

If the above steps are not followed, or you do not send us the information we ask for within the reasonable time we gave you, we will not be able to pay your claim.

3. Be aware of your responsibilities on liability claims

- Another person can hold you legally liable for bodily injury, death or damage to their property which was caused by an accident that you are responsible for. This is referred to as a third party liability claim as explained under the **Personal Liability**, **Motor** and **Watercraft** cover sections. You must tell us immediately after you become aware of any action or possible action against you, for example, if you receive a summons from the court.

- You must never do any of the following because it may affect your claim:
 - Never admit guilt, fault, or liability, or incur any legal costs without first getting our permission.
 - Never offer or negotiate to pay for the damage or the other person's insurance excess.
- Please read the section called **Third party claims** for a full explanation of how the liability claims process works and what your responsibilities are.

4. You must help us with recoveries from third parties

After we have paid or agreed to pay a claim for loss or damage caused by a third party, we are entitled to exercise, in your name if necessary, all rights of recovery against that third party and if applicable, defend any case brought against you. This applies even if payment is made on an interim or partial basis, during ongoing claim settlement, or where an excess or underinsurance applies.

These rights arise under common law and under this policy and operate together. To the extent allowed by law, this policy extends our rights of recovery beyond common law by allowing us to pursue recovery even where you have not yet been fully indemnified.

Where a loss includes both insured and uninsured portions (for example, an excess or underinsurance), we may pursue recovery of the full loss from the third party in a single action. If a recovery is made, any uninsured portion recovered will be paid to you, and we will retain the amount we paid under this policy.

- To enable us to pursue recovery from the third party, and to manage any defence we conduct, you agree to the following:
 - Once we have settled your claim, you may not claim directly from the third party for the same loss or damage.
 - You consent to recovery or defence proceedings and agree not to withhold or withdraw that consent while they are being pursued.
 - As we pay the reasonable legal costs, we may appoint legal representatives of our choice. Once appointed, we may retain those legal representatives for as long as we reasonably consider necessary, and we will have full control over the conduct, management and settlement of any proceedings conducted in your name.
 - You may not withdraw from, settle, compromise or prejudice any recovery or defence without our prior written consent.
 - You may not start separate proceedings against a third party for any loss, whether insured or uninsured, without our prior written consent. Where the loss includes insured and uninsured portions (for example, an excess), you may recover only the uninsured portion if we agree and on terms agreed with us, provided this does not prejudice recovery.
 - You must promptly provide the information, documents and assistance we reasonably require to pursue recovery or conduct a defence, including signing documents and making yourself available where required.
 - You must never admit guilt, offer to pay someone else, or accept an offer from anyone else to pay for the damage, or to pay you for your excess.
- If you don't comply with the above, it may mean that we cannot claim back the amount of the loss or damage from the third party. You may lose all benefits under this policy and you may need to pay back any payment or benefit you received from us, plus any costs.
- Please read the section called **Third party claims** for a full explanation of how the third party recoveries claims process works and what your responsibilities are.

5. How we may settle your claim

We may choose how we settle your claim and we may choose to repair, replace or pay the amount of the claim, or a combination of these methods.

- This only applies to claims under the **Home, Contents** and **Assets Specified** cover sections.
- Please refer to the **Motor** and **Watercraft** cover sections for additional information on how we settle claims under these cover sections.

5.1 Replace or repair

- If we replace or repair the insured property, we will apply the following principles:
 - We will choose the supplier or repairer and we will pay them directly.
 - We may reuse existing materials.
 - If matching materials are not available, we will try and match the existing materials as closely as possible. If an item needs to be replaced, we will replace it with an item that matches the specification of the damaged item as closely as possible.
 - If you are not satisfied with the materials we find as the closest match then you have two options available if we agree to them:
 - You can pay the extra cost of replacing or repairing undamaged parts of the insured property to achieve a uniform appearance.
 - You can ask us to rather pay you the amount that it would have cost us to repair or replace the damaged insured property with the closest matching materials.
 - The standard of repair or replacement will not exceed the requirements of any manufacturer or applicable legislation.
- If you have already done the repairs or replacement, we will refund you up to the limit that we would have paid for the repair or replacement.

5.2 Paying the amount of the claim

If we decide not to replace or repair, or if the benefit can only be paid in cash, we will pay you the amount of the claim.

- How much we pay out does not consider the sentimental or other specific value the insured property may hold for you.
- We may transfer money into your bank account, or we may give you a pre-loaded debit card or a voucher.
- The amount may be based on the replacement value of the item, or an amount that we have agreed to with you.
- Claims will be paid in South African rands only except for liability claims where required.

6. Noting the interest of financial institutions

If the insured property (for instance your motor vehicle or home) is financed, we accept the financial institution's interest in your property, as explained below:

- **Accepted claims:** We will pay the financial institution first.
 - The financial institution's acceptance of our payment will mean that we have no further responsibility for that portion of your claim.
 - If the claim amount is more than your outstanding loan with the financial institution, we will pay the difference to you.
 - If the claim amount is less than your outstanding loan with the financial institution, we will pay the full claim amount to the financial institution. You will still have to pay the balance of your outstanding loan to the financial institution.
- **Rejected claims under the Home cover section:** We will not pay anything to you. However, we will pay the outstanding loan amount or the claim amount (whichever is the lesser) to the financial institution if both of the following apply:
 - The rejection of your claim was not for reasons of fraud, or dishonesty, or misrepresentation or because of your deliberate actions, or any other person colluding with you.
 - The financial institution was not aware of the reasons that led to our rejection of your claim, or the financial institution was aware but they informed us as soon as they became aware of it.

We reserve our right to recover any payments we have made to a financial institution, from you.

7. How your excess works

- Your excess is the first amount that you must pay towards a claim under this policy.
- The following are the different types of excesses which could apply to a claim:
 - **Basic excess:** This is the excess that you selected for the following cover sections: **Home, Contents, Assets Specified** and **Motor**, these excesses are printed on your policy schedule.
 - **Additional excess:** This is an extra amount in addition to your basic excess. If additional excesses apply to you, we will note them in your policy schedule. More than one additional excess can be applied in the event of a claim.
 - **Benefit-specific excess:** This is an excess that is predetermined for specific benefits and can either be a rand amount or a percentage of the total claim as listed in the Excess and limit section of your policy schedule.

These excesses will still be payable regardless of the age of the policyholder for certain claims as specified in the Excess and limit section of your policy schedule.
- If your claim involves more than one benefit under a cover section, you only have to pay the highest excess. The excess that you must pay is the total of all of the following:
 - Your basic excess which is the rand amount or a percentage of the claim amount (as applicable); and
 - Any applicable additional excesses.
- If you claim under more than one cover section because of the same event, you again only have to pay the highest excess (as explained above) under all the cover sections.
- If we settle a claim by making a payment to you, then we will deduct the excess from the amount we pay. If we settle a claim in any other way, then you must pay the excess directly to the service provider.

8. How we calculate the claim settlement amount

The purpose of insurance is to restore you to the financial position you were in before the loss of, or damage to, your insured property. This may be based on:

- replacement value or "new for old", where the pay-out is based on the value of similar new property
- a pre-agreed sum
- any other basis as described in the relevant section, such as the retail value of a vehicle.

How much we pay out is always based on the value of the lost property, and not the sentimental or other specific value the property may hold for you.

Example:

Value

If your three-year-old television set is stolen, we may buy you a new one or pay the price of a new one. If your photo album or digital camera is lost, however, we pay only for the album or camera, and not the sentimental value of the photos they contain. If your television set is damaged by lightning and we cannot repair it, we will buy you a new one or pay out. The damaged item (salvage) then becomes our property and you may not dispose of it before we agree to it.

Salvage

Any insured property that we decide is uneconomical to repair or any lost or stolen property that is recovered is referred to as salvage and becomes our property after the settlement of your claim.

8.1 The maximum amount we will pay

We will never pay more than the limit or sum insured shown in your policy schedule, less the excess. This does not apply to the **Total loss claims: Vehicles younger than 24 months** benefit, under the heading **How we may settle your claim** in the **Motor** section.

- **Theft and malicious damage claims:** The amount we pay out for theft (or attempted theft) and malicious damage claims depends on the underlying circumstances, including the security and occupancy at time of claim. Sometimes we pay out up to the full sum insured, and at other times we pay a limited amount. These limits are listed in the limits and excesses section of the policy schedule.

8.2 Factors that may affect your claim settlement amount

Your claim settlement amount may be affected by any of the following:

- **Underinsurance**

- If you are underinsured, it means that you have insured your property for less than its current replacement value. If you claim, you will then have to accept a part of the loss in proportion to how much you are underinsured by – this is known as the principle of average.

Example: You insured your contents with us for R1 000 000. A fire damages your lounge furniture with a current replacement value of R50 000. When we assess your claim, we discover that the current replacement value of all your contents before the fire is actually R2 00 000 and not R1 000 000. This means you are underinsured by 50%. We will then only pay R25 000 (50% of R50 000), less your excess.

- If you are underinsured, we will not repair or replace your insured property. We will pay you in cash only.

- **Dual insurance**

If you have more than one insurance policy in place that covers the same insured property, the full amount of the claim will be split proportionally between the different policies.

- The cover you have under each policy will determine how we split the claim amount.
- If you claim from us, you may not also claim from the other insurer, and if you claim from the other insurer, you may not also claim from us.
- If you claim from us, we may settle your claim in one of the following ways:
 - We may pay the full claim amount to you and recover from the other insurer the part of the claim that they are responsible for.
 - We may pay only our part of the claim to you and arrange with the other insurer to pay their part of the claim directly to you.
- Whichever option we decide on, we will pay back the part of the premiums received which relates to the other insurer's part of the claim, but only in respect of premiums received for three years before the date of the claim.
- It is the other insurer's responsibility to refund the premiums you paid to them relating to our portion of the claim, and you will have to contact the other insurer directly for a refund.

8.3 Interest

We do not pay interest on any amount due by us unless ordered to do so by a South African court of law, the NFO or an arbitrator that we have both agreed to.

9. We will never pay more than the value of your insured property

We will never pay out more than the value of your lost, stolen or damaged insured property, even if you are over-insured. This also means that we will only ever pay for an item under one cover section in the event where more than one cover section provides the same benefit, or in the event that you have insured an item under more than one cover section.

10. Our responsibility ends after we have paid a claim

Once we have paid a claim, we have met our responsibilities to you under this policy. We will not be responsible for any other costs relating to that claim, except if we recover money from other people as explained under the heading **Third party claims** in this section.

11. Salvage belongs to us after a claim

Any insured property that we decide is uneconomical to repair, or any lost or stolen property which is found after a claim has been settled, is referred to as salvage. Salvage is our property, and we may sell it to cover our claims cost. If the proceeds of the sale are more than our claims costs, we will pay the difference to you. **This clause does not apply to claims for:**

- Salvage of a watercraft written-off outside South Africa under the **Watercraft** cover section.
- Salvage of a vehicle written-off outside South Africa under the **Motor** cover section.

12. If you do not agree with our claims decision

Please refer to the process explained under **How to complain**.

13. Prescription – expiry of claims

- When a claim prescribes, it means that you have lost your right to claim, and we will no longer be legally responsible for paying that claim.
- A claim will prescribe after 12 months from the date of the event, unless any of the following applies:
 - You have referred the claim to the National Ombud Scheme South Africa NPC.
 - You have started legal action against us.
 - The claim relates to your legal liability towards another person.

GENERAL EXCLUSIONS – WHAT IS NOT COVERED

You must read these exclusions together with the specific exclusions in each cover section. These exclusions apply to all cover sections of this policy except for:

- **Cyber Insurance**
- **Personal Accident**

1. Asbestos

We do not cover any legal liability or consequential loss because of the presence of asbestos in any form or quantity. This is because of the hazardous nature of asbestos.

2. Confiscation or similar acts

We do not cover you for any loss, damage or costs because the police or any other authority legally took possession of your insured property for any period other than the cover provided under the optional benefit **Defective title** in the **Fine Arts** cover section.

3. Consequential loss

We do not cover further loss or damage that you may suffer as a consequence of an event that is covered under this policy. Consequential loss is not directly caused by an event covered under this policy but is an indirect consequence of the event.

Example: If your vehicle is in an accident on the way to the airport, we will cover you for the damaged vehicle (if insured under this policy). We will not pay for any loss you may suffer because you missed your flight.

4. Cyber incidents

We do not cover any kind of loss, damage, liability or costs which are directly caused by a cyber incident. A cyber incident is any of the following which affects the processing, use or operation of any computer, network, back-up facility or electronic data:

- Programming or operating errors by any person or persons.
- Unauthorised or malicious acts regardless of the time, place or whether it is a threat or a hoax.
- Malware and similar mechanisms that are specifically designed to disrupt, damage or gain unauthorised access to a computer system or electronic data, such as viruses, worms, Trojans, logic bombs, spyware, ransomware and denial of service attacks.
- Any unintentional failure, however minor, of any computerised system which is not directly caused by physical loss or damage.

5. Defective design, workmanship and materials

We do not cover loss or damage to insured property because of defective design, defective workmanship or defective materials, including any expenses to correct a fault in the design or construction of the insured property.

6. Electricity grid failure

We do not cover loss, damage, any amount of any kind, or liability that is caused (in any way) by Electricity grid failure.

- This exclusion also applies to consequential losses in respect of any public utilities that are affected by Electricity grid failure, including but not limited to, the disruption of water, telecommunications and sewage systems. It also applies to other consequential losses, such as the deterioration of any food or other items.
- This exclusion does not apply to Loadshedding which remains covered subject to the terms and conditions in your policy.

7. Gradual deterioration

We do not cover loss or damage caused by gradual deterioration. We specifically do not cover loss or damage caused by any of the following kinds of gradual deterioration:

- Wear and tear from the ordinary day-to-day use of an item.
- Dryness or moisture, exposure to light or extreme temperatures, except if the loss is caused by storm or fire damage, unless otherwise stated.
- Exposure to natural forces such as sunlight.
- A slowly operating cause such as rust, rising damp, corrosion, decay, coastal or river erosion.
- Any cause that was not sudden and unforeseen.
- Lack of maintenance.

Example: The battery in your 2016 electric vehicle now only holds 60% of its charge, so it can't drive as far as it used to. This is because batteries naturally wear out over time, not because of an accident or physical damage that is sudden and unforeseen. Therefore, we cannot approve your claim to replace the battery.

8. Insured property covered under a guarantee

We do not cover loss or damage to insured property that is covered by any warranty or guarantee, service contract, lease agreement, purchase contract or any agreement of any type.

9. Insured property for sale

There is no cover for movable insured property while it is in the possession of anyone selling it on your behalf. This includes leaving an item at a pawnshop, or even leaving an item unattended with a "For Sale" or similar notice.

10. Intentional acts

We do not cover liability, loss or damage caused by criminal, dishonest, reckless or intentional acts committed by you, members of your household or a co-insured. This includes if the event happens with your or their knowledge or consent.

11. Liability under agreement

We do not cover any liability because of a written or verbal agreement you entered into.

Example: A tenant agrees to pay for weather-related damage to the building in their lease agreement, even though such damage would normally be the owner's responsibility. The tenant's liability to pay for such damage is not because of their negligence, but because they agreed to it.

12. Losses covered by legislation

We do not cover loss or damage as a result of any event where compensation is provided for by written law in South Africa, or any other country where this policy might apply. An example in South Africa is the Road Accident Fund Act.

13. Losses covered by other insurance

We do not cover loss or damage to insured property in the event of a claim being settled under another insurance policy where you are not the policyholder. However, we will consider a claim in the following instances:

- If the claim is rejected under the other insurance policy.
- If the cover under the other insurance policy is not sufficient, we will consider the claim for the difference up to the applicable limit under this policy.

Example: Building materials are stolen during renovations of your home. Because the building materials are covered under your building contractor's insurance policy, it means that you cannot claim under this policy. Only if the contractor's insurance policy does not cover the building materials in full will we consider the claim under this policy up to the applicable limit.

14. Maintenance and similar acts

There is no cover for loss or damage caused by maintenance, servicing, cleaning, dyeing, bleaching, restoring, altering, renovating or repairing. There is also no cover for loss or damage to insured property undergoing any process involving the use or application of water, except to fight a fire.

15. Mechanical, electrical and electronic breakdown

We do not cover loss or damage caused by mechanical, electrical or electronic breakdowns, failures, or breakages, unless otherwise stated. This includes where a component fails to perform to its intended design specifications.

16. Mining operations

We do not cover any loss or damage that arises from a mining operation or mining activity, other than an earthquake.

17. Nuclear events and substances

We do not cover any event related to radioactive or nuclear material in any way.

18. Operating systems and software

There is no cover for accidental loss of or damage to the operating system and software of electronic devices that is not caused by physical loss or damage to the item.

Examples of electronic devices: Cell phones, laptops, notebooks, tablets, portable music players, headphones, gaming devices, wearable technology (such as fitness trackers), external hard drives, data storage devices, GPSes and similar electronic items.

19. Outbreaks, pandemics, epidemics and communicable diseases

There is no cover for costs, liability, loss or damage relating in any way to the following:

- A declared or classified epidemic or pandemic, including any mutation or variation thereof. This applies regardless of when it was declared or classified.
- A communicable disease or the fear or threat of a communicable disease. This includes any disease that can be transmitted by a substance, agent or organism (such as a virus, bacterium or parasite), and is regardless of the method of transmission (such as airborne or bodily fluid transmissions).

20. Pollution and contamination

There is no cover for liability, loss or damage caused by or related in any way to pollution or contamination. There is also no cover for the cost of removing, nullifying or cleaning up seeping, polluting or contaminating substances. Pollution or contamination means the discharge, release, dispersal, seepage or escape of any solid, liquid, gas, contaminant or pollutant.

Example: Humidity, fumes, smoke, soot, chemicals, acids or waste.

21. Riots, terrorism and similar events

We do not cover any liability, loss or damage related to or caused by special risks such as politically motivated malicious acts, riots, strikes, terrorism and public disorders. In South Africa, these types of events are covered by Sasria SOC Limited. Cover for vehicles is also provided in Namibia for not more than 60 consecutive days. Please refer to the Sasria section at the end of your wording for an explanation of your Sasria cover.

22. Theft by false pretences or scams

We do not cover any loss or damage if you are tricked by any means into parting with your insured property, such as through a scam or theft by false pretences.

23. Trade and economic sanctions

We cannot provide cover and we will not be liable to pay any claim or provide any benefit if that means we would not comply with any sanction, banning or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, as well as United Kingdom or United States of America, provided that these are not in contradiction to the legislative requirements applicable to us. If we find out that you are subject to such sanctions, we will cancel your policy from the policy start date or the date that you become subject to sanctions. We will refund any premiums paid by you and will not pay any claims.

ENDING COVER UNDER THIS POLICY

1. When cover ends

Cover for insured property or for a full cover section may end in terms of the specific conditions shown in a cover section, or when any of the following applies:

- You no longer have an insurable interest in the insured property.
- You ask us to cancel the cover.
- We cancel cover by giving you at least 31 days' written notice. Our notice may include a condition that you must comply with to prevent cancellation.

If you are covered under more than one cover section, cover under the rest of the policy will continue, unless this policy ends as explained below.

2. When your policy ends

Your entire policy (the legal contract between Hollard and the policyholder) ends when any of the following events happen:

- You do not pay the premiums due under this policy as explained under the **When and how to pay your premiums** section.
- You no longer have an insurable interest in any of the insured property under this policy.
- We cancel this policy as shown in the sections **Your responsibilities: You must give us all material information** and **You must be honest**.
- The 31-day period for cancelling this policy (as shown below) comes to an end.

- We cancel the policy by giving you at least 31 days' written notice. Our notice may include a condition that you must comply with to prevent cancellation.
- You ask us to cancel the policy, which you may do at any time.

THIRD PARTY CLAIMS

This section explains the meaning of third party recoveries and liabilities, as well as how we will treat all third party claims. It is not part of your policy wording and is provided for information purposes only.

1. The difference between third party recovery and third party liability

1.1 Third party recovery

- You, as the innocent policyholder (first party), are covered by the insurer (second party) against the actions of another party (third party), the negligent or responsible party.
- We will cover you for loss of or damage to your insured property under this policy.
- If another person caused the loss or damage, we will try to claim back the amount of the damage from that person (third party). There are no guarantees that we will be successful because many factors play a role in the legal process.

1.2 Third party liability

- You, as the negligent or responsible policyholder (first party), are covered by the insurer (second party) against the actions of another party (third party), the innocent party.

2. We will take over your rights

2.1 Third party recovery

- Once we have paid you for a claim, your rights to claim against the third party that caused the loss of or damage to your insured property are automatically given to us.
- This means that you may not claim directly from the third party, because you have already claimed from us.
- If you do not allow us to claim from the third party, you may lose all benefits under this policy and you may need to pay back any payment or benefit you have received from us.

2.2 Third party liability

- The basis of third party liability insurance is that you ask us to cover you if you are held legally responsible by another person for causing damage to that person's property.
- This means that you give us your rights to defend yourself, and we will negotiate with the other person (third party) or that person's insurer.
- We may also go to court on your behalf if we cannot reach a settlement during the negotiation process.

3. Third party recovery process

After we have paid you for a claim for the loss of or damage to your insured property, we will assess whether there is a possibility of claiming back the amount of the loss or damage from the third party. We will only consider this if the third party was responsible for causing the loss or damage. We may decide whether we will claim from the third party as explained below.

3.1 Your responsibilities

- You must never admit guilt, offer to pay someone else, or accept an offer from anyone else to pay for the damage, or to pay you for your excess.
- You must give us all the information and assistance that we need to claim from the third party.

- If you don't keep to your responsibilities, it may mean that we cannot claim back the amount of the loss or damage from the third party. You may lose all benefits under this policy, and you may need to pay back any payment or benefit you received from us, plus any costs.

3.2 If we decide to claim from the third party

- We will claim the total amount of the damage, including your excess, from the third party, or the third party's insurer, and we will cover all the legal costs.
- The law allows for three years from the date of the incident to issue a summons against a third party. This could be a long process and there are no guarantees that we will be successful.

3.3 If we decide not to claim from the third party

We may also decide not to claim from the third party for any of the following reasons:

- The amount of full damage or loss is less than what the legal costs would be if we claimed from the third party.
- In our opinion, we do not have reasonable prospects of success.
- We cannot trace the third party or you didn't give us the third party's details.
- The third party is not insured and does not have any income or assets.

3.4 When we will pay back your excess

- We will pay you back the amount of your excess if we are successful in recovering the full amount of the loss or damage.
- If we only recover part of the amount of the loss or damage, we will only pay back part of your excess.

3.5 When we will not pay back your excess

The excess is the uninsured portion of a claim that you must pay, regardless of whether you are responsible for the accident or not. We will not pay back your excess if we are unsuccessful in claiming from the third party, or if we decide not to claim from the third party. You may then ask us to take back your rights to claim from the third party.

- You may then claim from the third party for your excess.
- You may not claim for any amount that we have already paid to you.
- Claiming from the third party could take a long time, especially if the other person is not insured or does not have any income or assets.
- If the amount of your excess is less than R20 000, then the Small Claims Court is the cheapest and most effective method of claiming your excess from the third party. Please note that the legislated R20 000 minimum amount for claims that the Small Claims Court deals with may be amended from time to time.

4. Third party liability process

After we have paid you for a claim for the loss or damage to your vehicle, we will assess whether there is a possibility of a liability action against you. If you are covered for third party liability only, the process starts when you tell us about a possible liability claim. We will consider whether you are responsible for causing the loss or damage. This means that the other person, or that person's insurer, might hold you responsible for the damage to that person's property.

4.1 Your responsibilities

- You must never admit guilt, offer to pay someone else, or accept an offer from anyone else to pay for the damage to your property, or to pay you for your excess.
- You must tell us immediately after you become aware of any action or possible action against you, for example, if you receive a summons from the court.
- You must not refer any action against you to anyone other than to us. This means you may not contact an independent legal advisor. Only the insurer may deal with any action against you.

- If you don't comply with your responsibilities, it may mean that we cannot represent you in a third party claim. You will then be responsible for paying the amount of the loss or damage to the other person's property, plus any costs.

4.2 How we negotiate with the third party or the other insurer

- We will consider whether you are responsible for causing the loss or damage.
- If we do not consider you responsible, we will reject the claim and send a rejection letter to the third party or the other insurer.
- If you are responsible, we will negotiate with the third party or the other insurer. We will attempt to reach a settlement agreement for the amount of the loss or damage to the third party's property.
- If we cannot reach a settlement, or if we receive a summons from the court, we will go to court.
- The law allows three years from the date of the accident for the third party to claim from you.

4.3 The excess that you must pay

The excess is the uninsured portion of a claim that you must pay. There is no option to claim back the excess on a third party liability claim, if you are the responsible party.

5. Third party claims information

You must get as much information as possible, regardless of whether you are responsible for the accident or not. Below is a list of typical information we need, but there could also be other information. Remember, any information that could support your version of the accident is important.

5.1 Third party information

- **Driver of vehicle:** Name, surname, contact details, identity number.
- **Owner of vehicle:** Name, surname, contact details, identity number.
- **Vehicle:** Registration number, make, model, colour and details of any other insurance policy that covers the vehicle.
- **Animals:** If an animal was involved in the accident, we need a photo of the animal including anything that identifies the animal as belonging to its owner (if possible).

5.2 Photos and description of the accident

- Photos of the accident scene and surroundings will be useful to reconstruct the accident.
- Video material, if anyone happens to take a video of the accident.
- Photos and measurements of skid marks (if possible).
- A detailed sketch of the accident scene.
- A written description of how the accident happened.

5.3 Accident information

- Date and time
- **Visibility:** For example, was it raining, dark or foggy?
- **Road surface condition:** For example, slippery.
- **Potholes:** GPS co-ordinates, landmark references, physical address.
- **Witnesses:** Name, surname, contact details, identity number.

6. When we will communicate with you

We will keep you updated on the progress of your claim at all important decision points.

6.1 Third party recovery

- When we have received a claim for a possible recovery.
- When we have assessed whether you, or the third party are responsible for the accident.

- When we have sent a letter of demand to the third party.
- After a settlement has been negotiated.
- When we decide not to continue with the claim, including the reason (if applicable).
- When we decide to legally pursue the third party. This will include the date, reasons and details of the attorney.
- At important decision points during the litigation process.
- At finalisation of the recovery claim against the third party.

6.2 Third party liability

- When we have received a claim for a liability action.
- When we have assessed whether you, or the third party are responsible for the accident.
- When we have received a letter of demand from the third party that is claiming from us.
- After a settlement has been negotiated.
- When we decide to legally defend a summons from the third party that is claiming from us. This will include the date, reasons and details of the attorney.
- At important decision points during the litigation process.
- At finalisation of the liability claim against you.

SASRIA COVER

You can take out insurance for the special risks mentioned below. Please refer to the Sasria policy wording at the end of your policy document for a full description of the cover provided and exclusions.

1. Terrorism, riots, strikes and other protest actions

- Insurance companies do not provide cover against loss or damage caused by special risks such as politically motivated malicious acts, riots, strikes, terrorism and public disorders. The insurer that provides cover for these kinds of events in South Africa is Sasria. Sasria SOC Limited (Reg. No. 1979/000287/30) is a licensed Non-Life Insurer and an authorised Financial Services Provider. Hollard performs intermediary services and collects the Sasria premium. Hollard also issues Sasria's policy wording on behalf of Sasria and receives a fee in return for performing this function.
- There are two different Sasria policy wordings which provide cover under different cover sections, as shown below. Any cover section not mentioned does not include Sasria cover.
 - **Sasria Material damage policy:** Fine Arts, Assets Specified, Contents, Home, Watercraft.
 - **Sasria Motor policy:** Motor vehicle.
- Sasria cover applies in South Africa only, however, cover on vehicles is also provided in Namibia for a period of not more than 60 consecutive days.
- Please note that there are some events that are **not** covered. You must read your Sasria policy wording to understand your cover.
- Your policy schedule shows the amount of your Sasria premium, as well as exactly which cover sections include Sasria cover.

2. How to claim

- You must report any protest action that puts your property at risk to the South African Police (SAPS) as soon as possible.
- All claims must be sent to Hollard, and not to Sasria. However, all approved claims will be settled by Sasria, and not by Hollard. Any insured property that Sasria decides is uneconomical to repair, or any lost or stolen property which is found after a claim has been settled, is referred to as salvage. Salvage is Sasria's property and they may sell it to cover their claims cost.
- **Step 1:** You must report any protest action that puts your insured property at risk to the SAPS as soon as possible.

- **Step 2:** Notify us of a claim as soon as possible after the event. We will tell you exactly what we need from you to process your claim.

WHAT WE COVER

1. Main cover

We will cover your home up to the sum insured shown in your policy schedule against an Event that causes loss or damage that is not excluded in the policy.

1.1 Full cover

We will automatically cover your home comprehensively against loss or damage unless you specifically selected **Limited cover**.

1.2 Limited cover

If you select **Limited cover**, we will cover your home against loss or damage, unless it is as a result of theft or attempted theft at the risk address. You still have cover for the following benefits if they are as a result of **theft or attempted theft** under **Included cover** and under **Optional cover** (where applicable):

- **Domestic and wild animals**
- **Imminent danger security costs**
- **Professional cleaning services**
- **Security guards**
- **Temporary emergency measures**

2. Included and optional cover

Your automatically included cover is explained under **Included cover** and your optional cover is clarified under **Optional cover**. Please read the detail under each of these headings to understand your cover.

3. Sum insured

We will cover loss or damage up to the sum insured as shown in your policy schedule. You must insure your home for its full current reinstatement value including any professional fees, clearing up and demolition costs.

- Every month, we will automatically increase the sum insured of your home by an inflation-linked percentage. At your renewal date, the increased sum insured will be formally shown in your policy schedule, and your premium will be adjusted accordingly.
- Remember, you are still responsible for making sure that the sum insured is a true reflection of the full current reinstatement value of your home to prevent underinsurance. Contact your broker immediately if you need further advice on whether you need to change your sum insured.

INCLUDED COVER

We will automatically cover you for these benefits which are subject to a maximum of the limits as shown in your policy schedule. If you are also covered under the **Contents** cover section of this policy, we will only pay for an included benefit under one cover section unless we specifically say that we provide cover under both cover sections.

1. Accidental damage

We will cover accidental damage to your home. Accidental damage is sudden and unforeseen, which you did not intend to happen, for example accidentally breaking a glass hob or a window.

2. Accidental damage to underground public services

We will pay the reasonable costs for accidental damage to underground public service cables, pipes, sewers and drains as long as:

- They are located between your home and the public supply.
- You are legally responsible for the repairs.

3. Accidental death

We will cover you for the amount shown in the policy schedule if you suffer an accidental bodily injury at your property and you die within 90 days as a direct result of your injuries.

- An accidental bodily injury refers to an unforeseen physical injury caused by accidental, external and visible means, and that happens unexpectedly and unintentionally at an identifiable time.
- We will pay the accidental death benefit to the deceased person's estate.
- If the deceased person is a child, then we will pay the death benefit to the policyholder.
- This benefit is not applicable if the policyholder is a juristic person.
- The limit for this benefit is in addition to the sum insured of your **Home**.

4. Acts by tenants

- Your insurance risk might be affected by the actions or failure to act of your tenants in the case where you rent out your home.
- Because their actions are out of your control, we will cover you against loss or damage to your home when their actions or failure to act would have resulted in your claim being rejected. This is on condition that:
 - You are not aware of their actions or failure to act.
 - You tell us as soon as you learn about it.
 - Their actions or failure to act were not malicious and they did not intentionally cause the loss or damage.
 - The loss or damage is not because of lack of maintenance. It remains your responsibility to ensure that regular maintenance of the home is undertaken. For example, clearing gutters annually in preparation for the rainy season.
- **Important:** You will not have theft and attempted theft cover for this benefit if you have selected the Limited cover option for your home.

Examples of how this cover is applied:

- If having an alarm system is a requirement on your policy, and your tenant does not tell you that the alarm stopped working, we will cover a claim for damage to your building during a burglary, because their failure to let you know of the broken alarm is out of your control.

- If your tenant intentionally causes loss or damage by vandalising your property, we will still reject such a claim.
- If the claim is due to a leaking roof because the roof has not been maintained over time, then you will not have cover under this benefit. As the landlord, the regular maintenance of the property remains your responsibility and in such an instance the **General exclusion of Gradual deterioration** noted in the **General terms & conditions** section, which refers to lack of maintenance, would apply.

5. Alternative accommodation or loss of rent

We will pay the following if your home is uninhabitable after a valid claim:

- **Alternative accommodation**

If your home is not rented out, then we will cover the cost of alternative accommodation for you, your live-in domestic employees and domestic pets:

- We will decide on the alternative accommodation by considering the rental amount that would be reasonable to charge for a property of the same value and location as your home.
- We will pay the reasonable costs we have agreed to for temporary accommodation in a guest house or hotel for not more than 14 days, while we arrange alternative accommodation.

- **Rental income**

- If you rent out your home or part of it to tenants, then we will pay the loss of the actual rental income that you would have earned. You must give us evidence of a rental agreement to prove your loss of rental income.
- **Holiday letting:** If you let out your home to paying guests, then this benefit does not apply to bookings that have been cancelled because your home is uninhabitable. Please contact your broker if you need business interruption cover under a commercial policy.

- **Rental shortfall**

If your tenant cannot live in your home, you may be responsible for providing other similar accommodation for them.

- If the cost of this alternative accommodation is more than the amount that the tenant would have paid you, we will cover this difference in cost.
- We will only pay for the time that is left on your rental agreement or the time reasonably needed to make your home habitable again, whichever is the shortest.
- Cover is limited to the period that is reasonably needed to make your home habitable again.

- **Conditions**

The following conditions apply to the **alternative accommodation or loss of rent** benefit:

- We must agree that your home is not safe or suitable to be lived in (uninhabitable) because of a valid claim under this cover section.
- We will only pay for the time reasonably needed to make your home habitable again, but not more than the limit shown in the policy schedule.
- We will only pay for alternative accommodation OR loss of rent, unless part of your property is rented out and you qualify for both benefits.

The limit for this benefit is in addition to the sum insured of your **Home**.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

6. Breakdown of fixed machinery

We will cover the following fixed machinery against electrical or mechanical breakdown, unless it is covered by a manufacturer's guarantee, purchase agreement or service contract:

- Fixed filters.
- Pumps including water pumping machinery and pool pumps and motors.
- Gate and door motors.
- Fire and burglar alarm systems.
- Electric fencing.
- Climate control systems and air-conditioning plant.

Important: The **Mechanical, electrical and electronic breakdown** exclusion as explained under the heading **General exclusions - what is not covered** in your **General terms & conditions** section does not apply to this benefit.

7. Cover during property transfer

If you buy a new property and you (or your tenants) move in before it is registered in your name, we will cover it for its full value from the date that you (or your tenants) move in until transfer into your name takes place at the Deeds Office. The following conditions apply to this cover:

- We must agree to place the new property on cover.
- You must pay the extra premium.
- The property is not insured anywhere else.
- All the terms and conditions of the policy will apply to the new property.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

8. Damage to concealed water pipes

We will cover the full cost of repairing or replacing water pipes if they leak or burst as a result of increased water pressure or freezing. Although gradual deterioration (such as rust and corrosion) is excluded under the heading **General exclusions - what is not covered: Gradual deterioration** in the **General terms & conditions** section, we will cover damage to concealed water pipes as a result of this only once during the lifetime of the policy. Thereafter it will be for your own account.

9. Domestic and wild animals

We will pay for loss or damage to your home caused by:

- Wild animals, these being non-domesticated animals living freely in their natural environment.
- Domestic animals that do not belong to you or anyone living at your risk address.
- Loss or damage caused by vermin is excluded, except for monkeys and baboons.

10. Emergency services

We will pay the costs charged by any emergency services provider such as the fire brigade, responding to an emergency to prevent or reduce loss or damage to the home. The limit for this benefit is in addition to the sum insured of your **Home**.

11. Garden and landscaping

We will pay the costs of landscaping your garden and replacing any damaged trees, shrubs or plants at your property following fire, lightning, explosion, storm, wind, hail, snow, impact, vandalism, theft or attempted theft. If you chose the optional **Garden and landscaping - extended cover**, then the increased limit will apply. The limit for this benefit is in addition to the sum insured of your **Home**.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

12. Geysers

We will cover loss or damage to water heating systems caused by bursting, leaking or the overflowing of water.

- We will cover water heating systems including their individual components such as:
 - Electrical geysers and gas geysers.
 - Solar geysers including solar panels connected to the solar geyser, pipes, vacuum tubes and parts.
 - Hot water tanks.
- We will also cover individual parts if they fail even if there is no damage to the geyser or water tank.
- If the water heating system was not compliant with the latest regulations before the claim event, we will not pay for the extra cost to make it compliant. The extra cost will be for your account.

Important: The **Gradual deterioration** and **Mechanical, electrical and electronic breakdown** exclusions as explained under the heading **General exclusions – what is not covered** in your **General terms & conditions** section do not apply to geysers.

13. Green building cost cover

We will cover the costs for the installation of green building products following a covered loss to your home. A green building product is one that we determine meets the industry-recognised green standard for that product category attributed to one or more of the following:

- Use of less energy, water and/or natural resources.
- Creation of less waste.
- Providing a healthier environment for the people living inside.

We will only pay once per item to upgrade.

Example: If your 200l electric geyser bursts, you may elect to have the geyser replaced with a 200l solar geyser or a heat pump instead. The claim settlement is the difference in price for the upgrade from electric to a solar geyser and covered up to the limit of the **Green building cost cover** unless authorised by us.

14. Holiday letting

- **Loss or damage:** If you are letting your home, we will cover loss or damage to your home up to the sum insured, whether you are staying on the property or not. The following conditions apply:
 - There must be visible signs of forcible or violent entry to or exit from the home for malicious damage and theft claims.
 - Security deposits or payments made to you by paying guests for loss or damage to your home caused by the paying guests will be deducted from any claim amount.
- **Trauma counselling:** We will pay the cost of a registered professional counsellor for the treatment of trauma suffered by a paying guest if they are the victim of an act of violence or assault during a traumatic incident such as theft, burglary, hijacking or fire that occurred on your property.
 - We will not pay you for expenses recoverable from any other insurance.
 - The limit for this benefit is in addition to the sum insured of your **Home**.

Important:

- This benefit does not provide the benefits of a medical scheme and is not a substitute for medical scheme membership.
- You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

15. Home improvements

We will cover you for the following under this benefit:

- **Alterations, renovations and additions**

If you have alterations, renovations and additions done to your home, you must increase the sum insured of your home after completion of the work and pay the increased premium.

- This benefit gives you temporary increased cover for three months after completion of the work, to give you extra time to make the change to your policy. If you have a claim during those three months, we will increase the sum insured of your home up to the limit shown in the policy schedule.
- A change to your home's construction is material information which can influence our decision whether to accept a risk, as explained under **Tell us about your intention to make structural or material changes** under the heading **Your responsibilities**.
- We will only consider the claim if we would have accepted any change in the risk caused by the alterations, renovations or additions to your home.
- It is therefore best to notify us of your planned alterations, renovations or additions before starting the work, so that we can assess our risk.
- If applicable, you must pay the extra premium due for the increased sum insured of the home with effect from the date of completion of the alterations, renovations or additions.
- The limit for this benefit is in addition to the sum insured of your **Home**.

- **Theft of building materials and fittings**

We will pay for the theft of newly bought and uninstalled building materials, supplies and fittings owned by you on the following conditions:

- They are owned by you and kept on the grounds of the risk address.
- They are intended for use in the renovation or alteration of the home.
- The building materials, supplies and fittings are designed to exist in the open. If not, we do not cover theft, or loss or damage caused by weather conditions to items stored in the open, unless they are designed to be kept outside.

- **Temporary removal of fixtures**

We will pay for the loss or damage to permanent fixtures that are temporarily removed during alterations, renovations and additions to your home or whilst being repaired or restored on condition:

- The items are not removed for longer than 60 days.
- There are visible signs of forcible or violent entry to or exit from the property, in the case of theft.
- We do not cover loss or damage to fixtures left in the open unless the item is designed to exist in the open and you have taken reasonable care to protect the item.
- The fixtures are not insured in terms of another insurance policy.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

16. Home modifications for disability

We will pay for modifications to your home if you are accidentally injured and become permanently wheelchair bound or physically disabled during the period of insurance. Examples include installing ramps for your wheelchair or rails to assist you.

- The limit for this benefit is in addition to the sum insured of your home.
- If the limit for this benefit is not enough in the event of a claim and you have Contents cover under this policy, we will pay any difference up to the limit of this benefit under the Contents policy section.

17. Imminent danger security costs

We will pay the reasonable and necessary security costs, preventative measure costs, or protection of property costs incurred to prevent imminent loss or damage to your property that would be covered under this policy. The limit for this benefit is in addition to the sum insured of your **Home**. The **Riots, terrorism and similar events** exclusion in the **General terms & conditions** section does not apply to this benefit.

18. Keys, locks and remote control units

We will cover the costs for replacing lost, stolen or damaged keys and remote controls, including damage to locks of your home.

- This cover also includes the following:
 - Locks, keys and remote controls to outside doors, safes, alarms and vehicles (even if the vehicle is not insured under this policy).
 - The cost of a technician and any reprogramming required.
- We will also provide cover if you suspect that an unauthorised person has access to duplicates.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the Limited cover option for your home.

19. Leak detection and repairs

We will pay for the costs to trace the source of a water, gas or oil leak from fixed domestic appliances or pipes, as well as the cost of the necessary repairs that arise as a result of tracing the leak, if it originated after your cover started. This includes the cost of tracing leaks from underground service pipes, sewers and drains for which you are legally liable.

- You must ask us for our permission before you arrange for a water, gas or oil leak to be traced.
- This benefit does not include the cost of the repairs to the leaking item which is covered under your main cover, described under the heading **What we cover**.

20. Loss of metered water

- We will pay for any additional charges on your municipal water bill that result from the leakage of underground pipes on your property.
- The following conditions apply:
 - You are required to take immediate steps to minimize the loss of water when you discover physical evidence of a leak, or when an abnormally high water account alerts you to a potential problem.
 - You must ask us for our permission before you proceed with the repair work on the pipes. The cost of the repairs to the leaking pipe is covered under your main cover, described under the heading **What we cover**.

Power surges happen when the flow of electricity is interrupted, then started again, or when something sends electricity flowing back into the system. If you install a surge arrester that complies with our requirements, as explained under the heading **Comply with our requirements for surge arresters** in the **Your responsibilities** section, then no excess will apply.

Check your policy schedule now to see if this limited cover is likely to be sufficient. If you feel that it is not enough, you may ask us for additional cover so that the limit is increased over and above the included cover.

23. Professional cleaning services

We will cover the costs for a service provider to clean your home if it is soiled or stained during a home invasion or an assault by a third party. If we are unable to successfully clean your home, we will repair or replace the soiled or stained item. The limit for this benefit is in addition to the sum insured of your **Home**.

26. Restoring of soil

We will cover the reasonable costs to restore soil or earth to your risk address that we consider necessary in order to repair insured damage to your home. For example, soil supporting your retaining wall that has been washed away after a flood. The limit for this benefit is in addition to the sum insured of your **Home**.

- You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

OPTIONAL COVER

These are not automatic benefits. You must choose to be covered for these benefits and pay the extra premium. If you choose to be covered for an optional benefit, we will show your choice in the policy schedule, as well as the limits that apply.

1. Garden and landscaping – extended cover

If the limit of the included **Garden and landscaping** cover is not enough and you want more cover, then you can choose this optional cover. You must select the total amount that you want to cover your garden and landscaping for and your chosen sum insured is shown in your policy schedule. This benefit therefore increases the limit under the included **Garden and landscaping** cover. The limit for this benefit is in addition to the sum insured of your **Home**.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your home.

2. Subsidence, landslip or ground heave – extended cover

You are covered for loss or damage caused by subsidence, landslip or ground heave as explained under the heading **Subsidence, landslip or ground heave**.

3. Power surge

This optional cover allows you to increase the limit for electrical power surge cover, in addition to the Power surge – included cover, included under the heading "**Included cover**".

- **Threshold limit**

The threshold limit is the level at which the installation of an approved surge arrester becomes a requirement, as explained under the heading **Comply with our requirements for surge arresters** under the **Your responsibilities** section. The threshold is assessed based on the combined total of your included Power surge benefit as stated in the Excess and limit section and any optional Power surge cover you select that is shown in your policy schedule.

Example: You may select different additional cover limits. For a combined cover above R100 000 (the threshold limit), it is a requirement that an approved surge arrester be installed on your home's main electrical distribution board.

- If you have R50 000 included cover and selected R30 000 optional cover, a surge arrester is not required.
- If you have R50 000 included cover and selected R250 000 optional cover, a surge arrester is required. If not installed, the cover will be limited to R100 000.

SUBSIDENCE, LANDSLIP OR GROUND HEAVE

These definitions apply to the **Subsidence, landslip or ground heave** cover.

Active soil	This means soil that changes in volume in response to changes in moisture content i.e. increase in volume (heave or swell) upon wetting and decrease in volume (shrink) upon drying out, such as clay.
Ground heave	This means the upward movement of soil supporting the home.
Landslip	This means the sliding down of a mass of land. It is in effect a small landslide and it typically occurs on a slope.
Subsidence	This means sinking, i.e. the vertical, downward movement of soil.

1. Subsidence, landslip or ground heave – standard cover

We will cover any loss or damage to the private residential building and the domestic outbuildings (including fixtures and fittings attached to these buildings) caused by subsidence, landslip or ground heave. The following items and causes are not covered under the standard cover:

- Loss or damage to boundary, retaining and garden walls, gates, posts, fences, driveways, paving, swimming pools, tennis courts, septic or conservancy tanks, water paths, drains, paths and terraces, paving and swimming pool surrounds.
- Loss or damage caused as a result of the contraction and/or expansion of active soils due to the moisture or water content of such active soil as is experienced in clay and other similar types of ground.

2. Subsidence, landslip or heave – extended cover

This is not an automatic benefit. You must choose **Extended cover** and pay the extra premium. If you choose this optional benefit, we will show your choice in the policy schedule as well as the limit that applies.

- We will cover any loss or damage to the private residential building and the domestic outbuildings (including fixtures and fittings attached to these buildings) caused by subsidence, landslip or ground heave as explained under the Standard cover. In addition to this we will also cover the following items and causes that are excluded from the Standard cover:

- Loss or damage to driveways, swimming pools and tennis courts caused by subsidence, landslip or ground heave.
- Loss or damage to boundary, retaining and garden walls, gates, posts, fences, septic or conservancy tanks, water paths, drains, paths and terraces, paving and swimming pool surrounds, but only if the private residential building or outbuildings are damaged at the same time by subsidence, landslip or ground heave.
- Loss or damage caused as a result of the contraction and/or expansion of active soils due to the moisture or water content of such active soil as is experienced in clay and other similar types of ground. The **gradual deterioration** exclusion does not apply to the contraction and/or expansion of active soils due to the moisture or water content.

3. Exclusions applicable to Standard and Extended cover

No cover for subsidence, landslip or ground heave, if it is caused by:

- Normal settlement, shrinkage, or expansion of the home.
- Structural alterations, additions, or repairs.
- The inadequate compaction of infill or construction.
- Damage which existed before your cover started.
- The removal or weakening of support to the home.
- Excavations on or under land other than mining operations.
- Defective design, materials, or workmanship.
- Loss of or damage to solid floor slabs or any other part of the private residential building or outbuildings resulting from the movement of such slabs, unless the foundations supporting the external walls of these buildings are damaged by the same cause at the same time.
- Work necessary to prevent further loss or damage due to subsidence or landslip, except where appropriate design precautions were implemented during the original construction of the building and any subsequent additions thereto.
- Consequential loss of any kind whatsoever except as specifically provided for under the **Alternative accommodation or loss of rent** benefit.

4. Conditions applicable to Standard and Extended cover

- If you are required to do so, you must prove that the loss or damage you are claiming for was caused by subsidence and landslip or ground heave.
- If during the construction of the building or any subsequent additions to the building, the services of an engineer were necessary to meet building regulations, the buildings and outbuildings must meet the engineer's requirements. If they do not, your subsidence and landslip cover may be affected.

SECURITY MEASURES

You must comply with the minimum security measures and conditions for your home unless shown otherwise in your policy schedule. We may require security measures such as an electric fence in addition to these minimum security measures. If we do, we will tell you and it will be shown in your policy schedule.

1. Burglar bars and security gates

If it was agreed and it is shown in your policy schedule that the minimum security requirements are burglar bars and security gates, then the following conditions apply:

- All opening windows must be protected by burglar bars.
- Security gates must be fitted to all exit doors, and these doors must be locked when the property is left unoccupied.
- Burglar bars and security gates must be maintained and in working condition at all times.

2. Alarm system

- If it was agreed and it is shown in your policy schedule that the minimum security requirement is an alarm system, then the following conditions apply:
 - The alarm must be linked to a 24-hour armed-response service.
 - The alarm must be working properly and the contract with the armed response company must be active.
 - You must change the generic code to your own unique code.
 - If we asked you to, the alarm must be linked to an electric fence, or must include outside alarm beams.
 - The alarm must be activated when your property is left unoccupied.
- If the alarm was not activated while the property was unoccupied, we will consider your claim on the following conditions:
 - There must be visible signs of forcible or violent entry to or exit from the home.
 - The claim is valid in all other respects. For example, we didn't reject it because of your dishonesty or intentional misrepresentation.
 - The service provider can give us an audit log of all alarms received (including activation and deactivation) for the last 3 (three) months, showing that the alarm is usually activated and in working order while your property is left unoccupied.
 - You must pay an additional excess as shown in your policy schedule.

Important: If you are unsure of which security requirement applies, please check your policy schedule.

3. If you live in a high-security complex

- If your home is listed in your policy schedule as being in a high-security complex, and we agreed that the minimum security requirements below apply to you, then you must ensure that the following security measures are in place at the complex, fully maintained and in working order at all times:
 - 24-hour access control to the complex.
 - A high perimeter wall with electric fencing, alarmed and linked to either a 24-hour armed-response service or the guardhouse.
 - If you become aware that any of the above requirements are not in place, you must advise us immediately. We may suspend theft cover or apply new terms and conditions, until you can comply.
 - When your property in the complex is left unoccupied, we will only consider your theft claim if you comply with all the conditions of either Option 1 OR Option 2:

Option 1:

- All opening windows not protected by burglar bars must be closed.
- All exit doors not protected by security gates must be locked.
- There must be visible signs of forcible or violent entry to or exit from the private residential building.

If the alarm was not activated, we will consider your claim on the following conditions:

- There must be visible signs of forcible or violent entry to or exit from the private residential building.
- The claim is valid in all other respects. For example, we didn't reject it because of your dishonesty or intentional misrepresentation.

- ▶ The service provider can give us an audit log of all alarms received (including activation and deactivation) for the last 3 (three) months, showing that the alarm is usually activated and in working order while your property is left unoccupied.
- ▶ You must pay an additional excess on top of your basic excess.

Important: Additional security requirements may also be required if stated in your policy schedule.

THEFT AND MALICIOUS DAMAGE

1. When the property is unoccupied

The following conditions apply for cover in the event of theft and malicious damage to your home while the property is unoccupied:

- **Inside the private residential building**
 - **Cover up to the sum insured:** The minimum security measures must be in place and the conditions applicable to those minimum security measures will apply as they are explained under the heading **Security measures**.
 - **No cover:** There is no cover if your private residential building does not meet the minimum security requirements when unoccupied.
- **Outbuildings**

There is no requirement for visible signs of forcible or violent entry to or exit from the premises.

4. When the home is lent, let or sub-let

- **No cover:** We do not cover theft and malicious damage if you lend, let or sub-let the home unless there is forcible or violent entry to or exit from the home.

NON-STANDARD CONSTRUCTION

- You must tell us if the home is a non-standard construction.
 - You cannot claim for loss or damage to your private residential building that has a thatch roof or is built of non-standard construction, unless your policy schedule reflects that the roof is made of thatch or is a roof of non-standard construction.

- You cannot claim for loss or damage to an outbuilding or permanent structure that has a thatch roof or is built of non-standard construction and has a roof surface area greater than 15% of the total square metres of the main private residential building's roof (such as a thatch lapa), unless the outbuilding or permanent structure is specifically mentioned in your policy schedule.

Important: We do not require the outbuilding to be specifically shown in your policy schedule if the surface area of its roof is less than 15% of the main private residential building's roofed area and this building is of standard construction.

- You will not be covered for loss or damage from a fire if your home is constructed of non-standard material and does not have either **Surge protection** or a **Lightning conductor**, as explained below.

1. Surge protection

If you choose to install a surge arrester, it must be as per the SANS/IEC 61643-11 low voltage surge protection standards, installed on the main electrical distribution board and the device must:

- Be a type 2 device.
- Be designed to withstand at least peak surge current of 40kA (I_{max}).
- Be wired in terms of SANS 10142-1 Connection type 2.
- Have a status indicator to indicate if the protector is operational or not.
- Be installed by a registered electrician who must provide either one of the following:

- The lightning conductor must be installed, operated and maintained according to the manufacturer's specifications.
- The lightning conductor must be of adequate height to protect the building at a minimum angle of 45° from the top of the building to ground level and needs it to be earthed.

In addition, the following conditions apply to chimneys and thatch or wood roofs:

3. Chimneys

You must take all reasonable steps to make sure that your chimney complies with the relevant National Building Regulations regarding the height of the chimney and the materials used to construct it. The following conditions also apply to chimneys:

- The chimney must not create a fire hazard to any adjacent material.
- A non-combustible flashing must be installed on the roof around the chimney.
- The chimney must protrude at least one metre higher than the roof around it on all sides.

2. You must comply with conditions of cover

Before we agree to insure certain items, or to provide full or partial cover in certain instances, you may be requested to comply with measures to reduce the risk and severity of loss or damage. For example, we may ask you to have a linked alarm installed at your home. We will give you 14 days from the date we told you about these requirements for you to comply, unless we agree otherwise in writing.

3. Tell us if you run a business from your premises

You must tell us immediately if you run a business from your property. Your property must at all times be predominantly used for residential purposes, and your business may not increase the risk of loss of or damage to your home or contents. In such cases, we may impose additional terms, conditions and exclusions.

4. You must tell us of the actions of your tenants

You must tell us as soon as possible if your insurance risk might be affected by the actions or neglect of your tenant living on the property. An example is if your tenant changes the security measures. In such cases, we may impose additional terms, conditions and exclusions.

5. Tell us about your intention to make structural or material changes

- Structural or material changes may increase the risk of loss or damage to your home and include repairs, renovations, additions, improvements or alterations.
- You must notify us of your planned alterations, renovations or additions before starting the work, so that we can assess our risk. However, we do provide limited cover as explained under the included **Home improvements** cover.
- If applicable, you must pay the extra premium due for the increased sum insured of the building from the date of completion of the alterations, renovations or additions.

6. Fix any defective workmanship or materials and structural or design faults

- You must fix any defective workmanship or materials and structural or design faults at your home as soon as you become aware of it because there is no cover for loss or damage due to such defects.
- If you don't fix the defects to an acceptable standard at your expense, we will not cover you or might not offer to renew your policy.
- When we accept a claim for resultant damage, the cause must be sudden and unforeseen and directly related to the event. We will not cover resultant damage that occurred over a period of time.

7. Comply with building regulations

You must take all reasonable steps to ensure that the buildings comply with National Building Regulations, and that your building plans have been approved by the local authority.

Example: Generators must be fitted according to the latest published SANS standards. The installation must be done by a qualified electrician, and you must be supplied with a SANS compliance certificate.

8. Comply with our requirements for surge arresters

If it is a condition of cover to have a surge arrester, it must be installed on the home's main electrical distribution board. The arrester must be as per the SANS/IEC 61643-11 low voltage surge protection standards and must:

- Be a type 2 device.
- Be designed to withstand at least peak surge currents of 40kA (I_{max}).
- Be wired in terms of SANS 10142-1 Connection type 2.
- Have a status indicator to indicate if the protector is operational or not.
- Be installed by a registered electrician who must provide either of the following:
 - A Certificate of Compliance for the installation.
 - Proof of installation stating their adherence to the required electrical standards and regulations at the time that the device was installed, as well as completing the **Surge arrester checklist** form, which you can request from your broker.

The Certificate of Compliance or proof of installation must be provided to your broker soon after the device was installed.

9. Installation of renewable energy equipment

If you have permanently fitted renewable energy equipment to the home, cover is subject to the following conditions:

- We do not cover loss or damage to solar installations that are fitted on a thatch roof.
- We do not cover loss or damage to solar geysers or hybrid solar system installations where the roof structure was not capable of bearing the additional weight of the installation.
- The equipment must be installed by a registered electrician who must provide either one of the following:
 - A Certificate of Compliance for the installation.
 - Proof of installation stating their adherence to the required electrical standards and regulations at the time the device was installed.

Any items forming part of the installation of renewable energy equipment that are intended to be kept or used outdoors, are covered for theft even if there are no visible signs of forcible or violent entry to or exit from the main building or the property.

SPECIFIC EXCLUSIONS – WHAT WE DO NOT COVER

Specific exclusions are in addition to the exclusions set out in the **General exclusions** section. Certain exclusions may be cancelled if you chose a benefit that gives you cover for something that would normally be excluded. We will not pay a claim for any of the benefits set out in the **Home** section of this policy that was caused by or related to any of the following specific exclusions.

1. Accidental damage

There is no cover if the cause of the claim is due to Power surge.

14. Weeds and roots

We will not cover loss or damage caused by weeds and roots.

PAY-OUT AFTER A CLAIM

The full claims process and steps to follow are explained in the **General terms & conditions** section under the **Claiming under this policy section**. Detailed here are extra conditions that specifically apply to your **Home** cover section.

1. Your claim settlement will be affected

Your claim settlement will be affected if you are underinsured or if you have other insurance in place (dual insurance). Below is a summary of these principles which are explained in more detail under **General terms & conditions: Claiming under this policy**:

- **Underinsurance – the principle of average:** If your home's sum insured is less than the current reinstatement value, you will be underinsured. You will then have to accept a part of the loss in proportion to how much you are underinsured by. This is known as the principle of average. We will pay you in cash only and we won't repair or rebuild your home. Please read the full explanation of underinsurance in the **General terms & conditions** section. Note that we do not apply the principle of average to any **Included or Optional cover** where a limit applies.

- **Dual insurance:** If you have more than one insurance policy in place which covers your home, we may decide to pay only our part of the claim to you. We will then arrange with the other insurer to pay their part of the claim to you.

2. Total loss claims

- If we approve a claim for the total loss of your home, we may decide whether to settle your claim in cash, or whether to rebuild (reinstate) your home.
 - We will base the value of the claim on the reinstatement cost as of the date of the claim event. We will only pay up to the sum insured of the home, as shown in the policy schedule.
 - The value of the claim will not include the cost of a home which is superior to the insured home and will not be based on the market value of the insured home.
 - The cost of demolition and professional fees will be paid under the included **Professional fees & demolition costs** cover which forms part of your sum insured.
- If we decide to rebuild your home, you can choose if you want us to rebuild your home, or whether you want to rebuild your home yourself but with our involvement, as explained below:
 - **If you rebuild with our involvement,** you can choose to rebuild your home as close as possible to its condition when it was new, on the same site or another site, and in the way you want.
 - You must agree to our terms and conditions at the time of the claim.
 - We will not pay more than the reinstatement cost which we calculated as of the date of the claim event.
 - If you choose to rebuild on a different site, we will not pay more than what we would have paid if you had built on the original site.
 - **If we rebuild using our contractors,** then the following conditions apply:
 - You must allow us to start rebuilding within six months from the date of the claim event unless we agree to a later date.
 - If you only allow us to start rebuilding after the period we have agreed to, and the costs of building have increased, we will only cover the reinstatement cost which we calculated as at the date of the claim event. This means that you will have to pay for the difference.

If we agree, you can choose to rebuild on a different site, but we will not pay more than what we would have paid if you had built on the original site.

Important: The sum insured of your home does not include the cost of the land. This cost would be for your own account if we agree to rebuild on a different site.

3. Matching materials or colours

- We will do our best to restore your home to its original state prior to the event that led to the claim. However:
 - If we are not able to match materials or colours we will use materials or colours that are, in our opinion, the closest match to the original.
 - This is strictly limited to the damaged part of the home only. We will have no obligation to match such colour with non-damaged parts of your home.
- If you are not satisfied with the materials or colours we find as the closest match, then you can choose one of the following options:
 - You can pay the extra cost of repairing or rebuilding undamaged parts of the home to achieve a uniform appearance if we agree.
 - We will pay you what it would have cost us to repair or rebuild the damaged part.

1.3 Sum insured

- **Replacement value:** We will cover loss or damage to your contents up to the sum insured as shown in your policy schedule. Your sum insured must be based on the current replacement value of all your contents, but it must exclude the value of all items that are not included in the definition of contents.

If you chose to be covered under the optional **Bed-and-breakfast** cover, then your sum insured must include the value of all contents used in your guest house.

- **Automatic increases:** Every month, we will automatically increase the sum insured of your contents by an inflation-linked percentage. At your renewal date, the increased sum insured will be formally shown in your policy schedule, and your premium will be adjusted accordingly. Remember, you are still responsible for making sure that the sum insured is a true reflection of the full current replacement value of your contents to prevent underinsurance. Contact your broker immediately if you need further advice on whether you need to change your sum insured.

How to determine your sum insured: To calculate how much you must insure your contents for, you have to consider how much it will cost to replace all of your contents at today's prices. For example, if you had to turn your home upside down, everything that falls out must be included in your sum insured except for anything listed as not covered under the definition of contents.

2. Included cover

The benefits explained under **Included cover** are automatically included up to the limit as shown in your policy schedule. Please read the detail under each benefit to understand your cover.

3. Optional cover

The benefits explained under **Optional cover** are **not** automatically included. You must choose to be covered for these benefits and pay the extra premium. If you choose to be covered for an optional benefit, we will show your choice in your policy schedule, as well as the limits that apply. Please read the details under each benefit to understand your cover.

INCLUDED COVER

We will automatically cover you for these benefits which are subject to a maximum of the limits as shown in your policy schedule. If you are also covered under the **Home** cover section of this policy, we will only pay for an included benefit under one cover section unless we specifically say that we provide cover under both cover sections.

1. Accidental damage and breakdown

1.1 Accidental damage

We will cover accidental damage to your contents up to your full sum insured. Accidental damage is sudden and unforeseen, which you did not intend to happen, such as your child knocking over an expensive ornament and breaking it.

- There is limited accidental damage cover for your contents when it is let out to paying guests, as explained under the **Holiday letting** cover.
- There is no cover for accidental damage to contents whilst alterations, renovations or additions are being carried out.
- We do not cover the following under this benefit:
- Damage to tools, gardening implements and garden furniture. These items are covered under the included and optional benefit – **Garden and outdoor items**.
 - Automatic swimming pool cleaning equipment.
 - The reproduction or repair of data, or the installation of software of any kind.

1.2 Mechanical, electronic or electrical breakdown

If a domestic appliance suddenly and unexpectedly stops functioning correctly because of an internal mechanical, electronic or electrical breakdown, we will pay for the cost of repairing or replacing the failed component. We will also pay for any parts that need to be modified or replaced. Should the repair cost exceed the replacement cost of the domestic appliance, we may choose whether the appliance needs to be repaired or replaced up to the limit shown in the policy schedule.

Example of domestic appliances: Fridges, freezers, dishwashers, washing machines, television sets, sound systems, artificial intelligence devices.

There is no cover in any of the following instances:

- The reason for the mechanical, electronic or electrical breakdown existed before the cover started.
- The claim event happens during the first 60 days of the start of this cover.
- There are no components, parts or spares available to repair the appliance.
- For parts of appliances that have stopped working because they have a short lifespan such as batteries, bulbs, globes, fuses and knobs.
- The appliance is still covered under the manufacturer's guarantee or warranty, or any other extended warranty policy.
- If the mechanical, electronic or electrical breakdown is caused by any of the following:
 - Removal of any parts or tampering with the appliance.
 - Tools used in the wrong way or an unqualified person attempting to repair the appliance.
 - Negligence, misuse or use other than normal use for which the appliance has been designed.
 - Operation of the appliance other than according to the manufacturer's instructions.
 - Not maintaining the appliance as per the manufacturer's recommendations.
 - Reception difficulties, unless these are a result of the breakdown.
 - Incorrect installation of the appliance by any person.

Important: The **Mechanical, electrical and electronic breakdown** exclusion as explained under the heading **General exclusions – what is not covered** in your **General terms & conditions** section does not apply to this benefit.

2. Accidental death

We will cover you for the amount shown in the policy schedule if you suffer an accidental bodily injury at your property and you die within 90 days as a direct result of your injuries.

- An accidental bodily injury refers to an unforeseen physical injury caused by accidental, external and visible means, and that happens unexpectedly and unintentionally at an identifiable time.
- We will pay the accidental death benefit to the deceased person's estate.
- If the deceased person is a child, then we will pay the death benefit to the policyholder.
- This benefit is not applicable if the policyholder is a juristic person.
- The limit for this benefit is in addition to the sum insured of your **Contents**.

3. Acts by tenants

- Your insurance risk might be affected by the actions of, or failure to act by the owners of the home or the tenant in the following instances:
 - Your tenant, in the case where you own the home and rent it out.
 - The owner of the home or other tenants, in the case where you do not own the home but are renting it from another person.
- Because their actions are out of your control, we will cover you against loss or damage to your contents when their actions or failure to act would have resulted in your claim being rejected. This is on condition that:
 - You are not aware of their actions or failure to act.
 - You tell us as soon as you learn about it.

- Their actions or failure to act were not malicious and they did not intentionally cause the loss or damage.
- **Important:** You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your contents.

Example: If having an alarm system is a requirement in your policy, and your tenant does not tell you that the alarm stopped working, we will cover a claim for damage to your contents during a burglary, because of their failure to let you know of the broken alarm is out of your control. However, if your tenant intentionally causes loss or damage by vandalising your contents, we will reject such a claim.

4. Alternative accommodation or loss of rent

We will pay the following if your home is uninhabitable after a valid claim:

- **Alternative accommodation**
 - If your home is not rented out, then we will cover the cost of alternative accommodation for you, your live-in domestic employees and domestic pets. We will decide on the alternative accommodation by considering the rental amount that would be reasonable to charge for a property of the same value and location as your home.
 - We will pay the reasonable costs we have agreed to for temporary accommodation in a guest house or hotel for not more than 14 days, while we arrange alternative accommodation.
- **Rental income**
 - If you rent out your home or part of it to tenants, then we will pay the loss of the actual rental income that you would have earned. You must give us evidence of a rental agreement to prove your loss of rental income.
 - **Holiday letting:** If you let out your home to paying guests, then this benefit does not apply to bookings that have been cancelled because your home is uninhabitable. Please contact your broker if you need business interruption cover under a commercial policy.
- **Rental shortfall**

If your tenant cannot live in your home, you may be responsible for providing other similar accommodation for them.

 - If the cost of this alternative accommodation is more than the amount that the tenant would have paid you, we will cover this difference in cost.
 - We will only pay for the time that is left on your rental agreement or the time reasonably needed to make your home habitable again, whichever is the shortest.
- **Conditions**

The following conditions apply to the **alternative accommodation or loss of rent** benefit:

 - We must agree that the home is not safe or suitable to be lived in (uninhabitable) because of a valid claim under this cover section.
 - We will only pay for the time reasonably needed to make the home habitable again, but not more than the limit shown in the policy schedule.
 - We will only pay for alternative accommodation OR loss of rent, unless part of the property is rented out and you qualify for both benefits.

PAY-OUT AFTER A CLAIM

The full claims process and steps to follow are explained in the **General terms & conditions** section under the **Claiming under this policy** section. Detailed here are extra conditions that specifically apply to your Contents section.

1. Your claim settlement will be affected

Your contents claim settlement amount will be affected if you are underinsured or if you have other insurance in place (dual insurance).

Below is a summary of these principles which are explained in more detail under **General terms & conditions: Claiming under this policy**:

- **Underinsurance – the principle of average:** If your home contents sum insured is less than the current replacement value, you will be underinsured. You will then have to accept a part of the loss in proportion to how much you are underinsured by, known as the principle of average. We will pay you in cash only and we won't repair or replace your contents. Note that we do not apply the principle of average to any **Included** or **Optional benefits** where a limit applies.
- **Dual insurance:** If you have more than one insurance policy in place which covers your contents, we may decide to pay only our part of the claim to you. We will then arrange with the other insurer to pay their part of the claim to you.

2. Pairs and sets

We do not cover any additional value that an item has because it forms part of a pair or set. We only cover the proportionate value of the part of the set that is lost or damaged.

Example: If you lose one earring, we will pay out the value of only that one earring.

Assets Specified

3.1 While in a vault or safety deposit box

We will cover you against loss or damage to your specified items in a bank vault or safety deposit box at a bank or similar secure facility.

3.2 While temporarily removed

Cover depends on whether we have been notified as explained below:

- **Notified:** If you notify us before temporarily removing items from the bank vault or safety deposit box, we will cover you up to the full sum insured. We must agree to provide cover and if we do so we may change your premium and amend the terms and conditions for cover while items are temporarily removed.

SPECIFIED SUM INSURED

The specified sum insured per specified item is the value that you gave us for each item shown in your policy schedule.

1. Replacement value

We will cover your specified item up to the maximum of the specified amount per item, so it is important that you insure your items for their latest replacement values.

2. Collections

If you have a collection of smaller items, you can insure it as one item with the specified sum insured reflecting the combined value of the item and everything it includes. We require a detailed list of the items making up the collection and their values before the cover start date.

CONDITIONS OF COVER THAT DO NOT APPLY TO THIS COVER SECTION

The following conditions of cover that apply to your personal belongings and contents under the **Contents** cover section do not apply to the **Assets specified** cover section:

1. No requirements for security measures

We will cover loss or damage to your specified items at your home even if you do not comply with our required **Contents** cover section security measures or if the security measures were not in working order at the time of the claim.

2. No safe requirements for jewellery and watches

- In the event of theft, cover is limited to the amount stated in the policy schedule for **Limited cover – theft from the private residential building or the property** under the heading **Paying out after a claim**.

YOUR RESPONSIBILITIES

1. You must comply with conditions of cover

Before we agree to insure certain items, or to provide full or partial cover in certain instances, you may be requested to comply with measures to reduce the risk and severity of loss or damage. For example, you may be requested to store valuable artwork in a climate-controlled environment. We will give you 14 days from the date we told you about these requirements for you to comply, unless we agree otherwise in writing.

2. You must give us proof of ownership and value for jewellery, watches and other specified items

You must give us proof of ownership and proof of value of your specified item when requested. If you are unable to provide proof of value, payment will be up to the limit as shown in your policy schedule. Proof of ownership and value can be any of the following:

- **Proof of purchase:** documents that include the item description or code, a purchase price, date purchased and where the item was purchased.

- **Warranty, guarantee or certificate of authenticity:** the original manufacturer's documentation.
- **Manufacturer's box:** the original packaging that the item came in stating the model or serial number.

- The gun safe must meet legislative requirements.
- You must keep the keys or access codes to the safe in a secure place to prevent unauthorised access.

If a specified item is lost, stolen or unrepairable (total loss), then this item will be removed from your cover. If the item is replaced, you must ask us to cover the new item and provide us with its description and value.

5. Check your specified sum insured regularly

We will not automatically increase the sum insured per item every year at your policy renewal date. It is your responsibility to:

- Review the value of each specified item to make sure that you are still comfortable with them, and that they are a true reflection of the latest replacement values of your specified items.
- Let us know if anything needs to change.

6. Notify us if you remove items from a vault or safety deposit box

You must notify us if you remove items from a bank vault or safety deposit box as explained under the subheading, **Items kept in a vault or safety deposit box**, under the heading **What we cover**.

SPECIFIC EXCLUSIONS – WHAT WE DO NOT COVER

PAYING OUT AFTER A CLAIM

The full claims process and steps to follow are explained in the **General terms & conditions** section under the **Claiming under this policy** section. Detailed here are extra conditions that specifically apply to your **Assets specified** section.

1. What we will pay

We will pay the replacement cost up to the specified sum insured for any claim.

Example: If you have lost a ring that is insured for R50 000 and we are able to replace it for R48 000, we will replace the ring at the replacement cost. If the ring's current replacement cost is more than R50 000, we will only pay R50 000.

2. Your claim settlement may be reduced

We may reduce your specified assets' claim settlement amount because of dual insurance, if applicable. The principle of dual insurance is explained in more detail under **General terms & conditions: Claiming under this policy**:

- **Dual insurance:** If you have more than one insurance policy in place which covers your specified assets, we may decide to pay only our part of the claim to you. We will then arrange with the other insurer to pay their part of the claim to you.

3. Limited cover – theft from the private residential building or the property

We will not pay more than the limit stated in the policy schedule for any loss or damage due to theft, or misappropriation of your specified items by contractors, guests, house sitters, domestic employees, or paying guests, unless there are visible signs of forcible or violent entry to or exit from the private residential building or the property.

In the event of a valid claim, we will cover the reasonable cost to restore your specified item's critical electronic data and to reinstall or upgrade its licensed software.

5. Pairs and sets

We do not cover any additional value that an item has because it forms part of a pair or set. We only cover the proportionate value of the part of the set that is lost or damaged.

Example: If you lose one earring, we will pay out the value of only that one earring.

Fine Arts

DEFINITIONS THAT APPLY TO YOUR FINE ARTS COVER SECTION

We have given specific meaning to certain words or phrases. Below is a summary of the most frequently used terms in this section.

Art collection/Collection	The art, antiques and collectables that belong to you, or for which you are legally responsible, as stated in the collection list. These items have a certain value because of age, style, artistic merit or collectable value. Your collection can be made up of art pieces in different categories, such as: • Art and antiques: This includes paintings, drawings, prints, photographs, furniture, ornaments and sculptures. • Precious metals. • Persian carpets, tapestries and rugs. • Stamp and coin collections including the books, pages, mountings, albums, containers, frames, cards and display cabinets. • Collectables including rare, unique or novel items of personal interest. For example, dolls, firearms, manuscripts, books, clocks, barometers, models and memorabilia. • Musical instruments. • Wine and whisky collections. • Furs. • Jewellery and watches (including antique jewellery).
Building	This is any of the following buildings in which we have agreed to cover your items situated at the risk address, as shown in your policy schedule: • Your home, which includes the private residential building and outbuildings used for domestic purposes. An outbuilding is a building that is not attached or connected to the main building with an interleading door such as a studio or storeroom. • Your office. • An art gallery.
Collection list	This is a validation of all the items that you asked us to cover in your art, jewellery and watch collections. This list must include a description and the value of the item, supported by an acceptable proof of each item's value.
Limit	The limit is the maximum amount that we will pay for a claim. The limit could be the sum insured or it could be another amount. The limits for all benefits are set out in your policy schedule.
Unoccupied	The property is unoccupied if you or any of the people who usually live there, or the person left at the property in charge of and with access to the private residential building, have all gone out.
Risk address (Property)	This is the South African address at which the building and the grounds are situated, as shown in your policy schedule.
Sum insured	This is the agreed value of an item or for the art collection as shown in your policy schedule, which will apply if acceptable proof of value and ownership is provided. Without proof, we cover up to the fair market value.

WHAT WE COVER

1. Main cover

We will cover your collection for accidental loss or damage at the risk address up to the sum insured. An accidental incident is one that happens unexpectedly, unintentionally at an identifiable time and place, and which cannot reasonably be foreseen.

1.1 Full cover

We will automatically cover your collection comprehensively against loss or damage unless you specifically select **Limited cover**.

1.2 Limited cover

If you select **Limited cover**, we will cover your collection against loss or damage, unless it is as a result of theft or attempted theft at any of the buildings as shown in your policy schedule. You still have cover for the following benefit if it is as a result of **theft or attempted theft** under **Included cover** and **Optional cover** (where applicable):

- **Protecting your collection**

We may also cover your collection when it is temporarily away from the risk address, but only if such cover is included under the **Included cover** or **Optional cover**.

2. Included and optional cover

Your automatically included cover is explained under **Included cover** and your optional cover is explained under **Optional cover**. Please read the details under each of these headings to understand your cover.

3. Conditions for cover

- Your art collection may not include items used for business.
- You must send us the collection list when we ask for it.
 - The collection list must include a description of each item and its value, supported by an acceptable proof of each item's value.
 - Acceptable proof of value is explained under **Your responsibilities**. If you do not provide acceptable proof of value, we will cover the art collection up to the fair market value or sum insured whichever is the lesser.

Fair market value is the price of an item in the current market that one would obtain between a willing buyer and a willing seller who have no relationship to each other.

- Make sure that the sum insured shown in your policy schedule is equal to the total of the latest values of all the items on your collection list.
- You are only covered for your art, except for jewellery and watches, while at the risk address. Cover away from the risk address must first be agreed to in writing by us before we cover the item.

4. Jewellery and watches (including antique jewellery)

Jewellery and watches are covered worldwide but for no longer than six consecutive months whilst outside of South Africa and only in the circumstances shown in the next point.

This benefit covers your jewellery and watches at the home, at a temporary location or in a bank vault or safety deposit box.

- **Limits that apply to jewellery and watches**

We will not pay more than the amount stated in the policy schedule in the event of a claim for jewellery and watches when:

- Not kept in a locked safe as explained under **Safe requirement for jewellery and watches**.
- Worn, carried by you or in your line of sight as explained under **Safe requirement for jewellery and watches**.
- Kept in a safe at your risk address or a temporary location as explained under **Safe requirement for jewellery and watches**.
- Kept in a bank vault or safety deposit box and a bank or similar secure facility.

Safe requirement for jewellery and watches

You must keep all jewellery and watches valued at more than the amount as shown in your policy schedule in a locked safe at your risk address or a temporary location, while not worn by you or in your line of sight at the time of the loss or damage. The safe must comply with the following conditions:

- The safe must be permanently fitted to the floor or a structural wall of the building.
- You must keep the keys or access codes to the safe in a secure place to prevent unauthorised access.
- There may be instances where we have special requirements with regards to the safe and these will be noted in your policy schedule.

- **At a temporary location**

There are special conditions and limits for jewellery and watches while at a temporary location. You must keep jewellery and watches worth more than the amount per item as shown in the policy schedule, in a locked safe while not worn, as explained under **Safe requirement for jewellery and watches**.

Important: If these items are not locked away, worn by you, carried by you or in your line of sight at the time of loss or damage, the most we will pay is up to the limit as shown in your policy schedule. If you are staying in a hotel, motel or guest house, you must keep all these items in a locked safe at the management's offices, and not in your room.

Other than in the above circumstances you must not leave the items unattended at any time. For instance, you may not leave an item unattended in any of the following:

- In any luggage compartments on public transport.
- Any temporary safekeeping or self-storage facility offered by a club, gym, restaurant, luggage company, or any other entity.

- **Proof of ownership and proof of value**

We will only cover you up to the limit as shown in your policy schedule if you cannot provide the required proof as explained under the heading **You must give us proof of ownership and value** in the **Your responsibilities** section. Jewellery and watches generally increase in value over time, therefore we recommend that you have your jewellery and watches valued regularly.

- **During delivery**

We do not cover loss or damage to your jewellery and watches whilst being mailed, couriered or delivered.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

INCLUDED COVER

We will automatically cover you for these benefits which are subject to a maximum of the limits as shown in your policy schedule.

1. Appreciation of items in the art collection

Items in your art collection may have increased in value during the period of insurance. If there is loss or damage to one or more items in your collection, we will re-assess the value of these items.

- If the claimed item has increased in value, we will pay the increased amount for that item, up to the limit shown in your policy schedule.
- We will never pay more than the total sum insured for your art collection.

Example: Your art collection has five items in it with a total sum insured of R1 500 000. The collection includes among others two paintings worth R1 200 000. If both paintings are stolen, we will pay the increased value up to the benefit limit, but not more than the total sum insured. That means, if the paintings appreciated to R1 600 000 we only pay R1 500 000 because we will never pay more than the total sum insured for your art collection.

- We will pay for the cost of the valuation by a valuator agreed to by us.
- We will not re-assess the value of the item, or pay an increased value if the valuation that we have on record for that item is older than 24 months at the time of the damage or loss.

This benefit does not apply to jewellery, watches, coins, Krugerrands, collectable notes, medals, tokens or precious metals.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

2. Death of an artist

If an artist dies, there could be an increase in value of that artist's work. This benefit gives you temporary cover for that increase in value.

- **Temporary cover 30 days after the artist's death**
 - We will increase the sum insured of an item by the amount shown in your policy schedule for a period of 30 days after the artist's death.
 - If you have a claim during the 30 days, we will cover the item for this increased sum insured.
- **Cover after 30 days**
 - If the item was not lost or damaged during the 30 days, we will continue to cover the item at the value noted on the collection list.
 - If you want cover for that item at a different value, you must send us a new valuation, and pay the new premium with effect from the date that you ask us to change it.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

3. Depreciation in value

If the value of an item has reduced because of physical damage to the item, we will cover the loss in value.

- We will pay for the difference between the value on the collection list and the reduced value as determined by a valuator agreed to by us. We will never pay more than the sum insured as shown in your policy schedule.
- We will pay for the cost of the valuation by a valuator agreed to by us. After an item has been restored, we will continue to cover that item at its reduced value.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

4. Newly bought art

If you buy new art, you have to remember to add the item to the collection list and to give us proof of its value. This benefit gives you temporary cover for 30 days after you bought an item, to give you time to add the item to the collection list.

- If you have a claim during the 30 days, we will cover the newly bought art for the price you paid for it, up to the limit as shown in your policy schedule.

- We will not cover the art while it is being transported. If you want cover while in transit you must choose the optional **Art in transit** cover.
- If you want cover for the item after 30 days, you must add the item to the collection list and pay the extra premium with effect from the date that you add the art to your policy.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

5. Pairs and sets

If part of a pair or set is lost or damaged, you may choose how we must pay the claim. The two pay-out options are as follows:

- We pay for the loss or damage of the lost or damaged item, as well as the reduction in the value of the pair or set because of the loss or damage of the item, or
- We pay the full value of the entire pair or set, and the remainder of the pair or set becomes our property.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

6. Protecting your collection

- If your collection is at risk of loss or damage, we will pay for the temporary storage of your collection to protect it. We must give our permission if one of the following incidents take place:
 - The building is no longer safe or suitable to keep your collection in because of an unforeseen event.
 - The building's security is affected because of unforeseen damage to the building.
 - There is a risk of imminent physical loss or damage to the collection.
- We will pay for transporting your collection, as well as temporary storage costs up to a maximum of the limit shown in your policy schedule. We must give our permission before you arrange for the transporting or temporary storage.
- The limit for this benefit is in addition to the sum insured of your **Collection**.

OPTIONAL COVER

These are not automatic benefits. You are only covered if you chose the optional cover and it is shown in your policy schedule and for which you pay the extra premium. We will only cover an item under optional cover if that item was noted in your art collection list.

1. Art at a temporary location

We will cover your collection against loss or damage while it is temporarily kept away from the risk address. We will only cover your collection while it is with a restorer, framer, valuator, dealer or auction house within the borders of South Africa. The following conditions apply:

- You can keep any item on your collection list at one of these temporary locations, at any time, without our permission, for a period of not longer than 60 days in a row.
- We will pay up to a maximum of the limit as shown in your policy schedule, for each time your collection is kept at a temporary location.
- There must be visible signs of forcible and violent entry to or exit from the temporary location in the case of theft or attempted theft.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

2. Art in transit in South Africa

We will cover your art collection against loss or damage while in transit within South Africa.

- You can have any item on your collection list transported to or from anywhere within South Africa, at any time, without our permission. This excludes jewellery, watches, unset precious or semi-precious stones, Krugerrands, collectable notes, tokens and medals.
- We must agree to the company that you use to transport your collection. We will not consider your claim if you used a transport company that is not agreed to by us.
- We will pay up to the limit specified in your policy schedule for each trip.
- If moved by a professional transport company, we will cover theft from an unattended vehicle only if it was locked and there are signs of forcible and violent entry.

Important: You will not have theft and attempted theft cover for this benefit if you have selected the **Limited cover** option for your fine art.

We will pay you the amount that you paid for it, including any legal costs, up to the limit set out in your policy schedule.

- It must be decided by a court of law that you do not have legal ownership of the item.
- The date that you bought the item must be after the cover start date.

Important: Before you buy an item, it is your responsibility to check that the seller has a legal right to sell the item.

We may require security measures such as an electric fence in addition to these minimum security measures. If we do, we will tell you and it will be shown in your policy schedule.

1. Burglar bars and security gates

If it was agreed and it is shown in your policy schedule that the minimum security requirements are burglar bars and security gates, then the following conditions apply:

Important: If you are unsure of which security requirement applies, please check your policy schedule.

3. If you live in a high-security complex

- If the property is listed in your policy schedule as being in a high-security complex, and we agreed that the minimum security requirements below apply to you, then you must ensure that the following security measures are in place at the complex, fully maintained and in working order at all times:
 - 24-hour access control to the complex.
 - A high perimeter wall with electric fencing, alarmed and linked to either a 24-hour armed-response service or the guardhouse.
- If you become aware that any of the above requirements are not in place, you must advise us immediately. We may suspend theft cover or apply new terms and conditions, until you are able to comply.
- When your property in the complex is left unoccupied, we will only consider your theft claim if you comply with all the conditions of either Option 1 OR Option 2:

Option 1:

 - You must change the generic code to your own unique code.

Important: Additional security requirements may also be required if stated in your policy schedule.

NON-STANDARD CONSTRUCTION

You must tell us if your building is a non-standard construction. You will not be covered for loss or damage from a fire if your home is a non-standard construction and does not have either **Surge protection** or a **Lightning conductor**, as explained below.

1. Surge protection

If you choose to install a surge arrester, it must be as per the SANS/IEC 61643-11 low voltage surge protection standards, installed on the main electrical distribution board and the device must:

- Be a type 2 device.
- Be designed to withstand at least peak surge currents of 40kA (I_{max}).
- Be wired in terms of SANS 10142-1 Connection type 2.
- Have a status indicator to indicate if the protector is operational or not.
- Be installed by a registered electrician who must provide either one of the following:
 - A Certificate of Compliance.
 - Proof of installation stating their adherence to the required electrical standards and regulations at the time that the device was installed, as well as completing the **Surge arrester checklist** form, which you can request from your broker.

The Certificate of Compliance or proof of installation must be provided to your broker soon after the device was installed.

2. Lightning conductor

If a lightning conductor is installed it must comply with the following requirements:

- The lightning conductor must be installed, operated and maintained according to the manufacturer's specifications.
- The lightning conductor must be of adequate height to protect the building at a minimum angle of 45° from the top of the building to ground level and it needs to be earthed.

In addition, the following conditions apply to chimneys and thatch or wood roofs:

- There must be adequate clearance between the thatch and metal objects under it.
- Where metals used in the construction of the roof are not bonded and earthed, a minimum clearance of one metre must be maintained between metals in the roof, water pipes, vent pipes, tanks, gas pipes, antennas, telephone wires, bell wires, burglar alarms, electrical wiring and conduits.

5. Wood or thatch roofs treated with fire retardant

- If you have a wood or thatch roof and it is treated with a fire retardant, then it must be maintained according to the manufacturer's specifications or at a minimum interval not exceeding 3 (three) years.
- You must supply us with written proof of maintenance, if required by us.

YOUR RESPONSIBILITIES

1. Tell us if your building is unoccupied for more than 90 days

2. You must comply with conditions of cover

Before we agree to insure certain items, or to provide full or partial cover in certain instances, you may be requested to comply with measures to reduce the risk and severity of loss or damage. For example, we may ask you to have a linked alarm installed at your home. We will give you 14 days from the date we told you about these requirements for you to comply, unless we agree otherwise in writing.

3. You must tell us of the actions of tenants or owners

You must tell us as soon as possible if your insurance risk might be affected by the actions or neglect of your tenant or the owner of the property. An example is if your tenant changes the security measures. In such cases, we may impose additional terms, conditions and exclusions.

4. Keep firearms in a gun safe

There are special conditions if you own a firearm. We may reject your claim if you do not comply with the following conditions:

- You must keep your firearm in a locked gun safe when you are not carrying it.
- The gun safe must meet legislative requirements.
- You must keep the keys or access codes to the safe in a secure place to prevent unauthorised access.

5. You must give us proof of ownership and value

You must give us proof of ownership and proof of value of the **Fine art** when requested. Proof of ownership and value can be any of the following:

- **Proof of purchase:** documents that include the item description or code, a purchase price, date purchased and where the item was purchased.
- **Valuation:** a document completed by a qualified professional jeweller or valuator before the loss occurred. This includes an item description, specifications and the cost to replace the item in South African Rand.
- **Original operating manual:** the original printed operation manuals that came with the item.
- **Warranty, guarantee or certificate of authenticity:** the original manufacturer's documentation.
- **Manufacturer's box:** the original packaging that the item came in stating the model or serial number.
- **Images:** detailed and clear photographs of the item from all angles showing dimensions.

- You must notify us of your planned alterations, renovations or additions before starting the work, so that we can assess our risk.

SPECIFIC EXCLUSIONS – WHAT WE DO NOT COVER

We do not cover any claims for loss or damage directly caused by, or related to, any of these **Specific exclusions**. You must read these **Specific exclusions** together with the **General exclusions** in the **General terms & conditions** section to make sure you understand exactly what is not covered. These are not all the instances where we do not provide cover. Some included benefits and optional covers described in the **Fine arts** section may have exclusions that apply only to them.

1. Authorised access

We do not cover loss or damage caused by a person who has authorised access to your building, such as a guest, domestic employee or contractor, unless violence or force is used.

2. Building work

Loss or damage to your collection caused as a direct result of any building work, renovations or alterations of any kind. If you tell us about the work that you are planning to have done, we may agree to cover your collection and we may have extra conditions.

We do not cover the disappearance of an individual stamp or coin insured as part of a collection unless it is mounted in a volume and the page is also lost.

4. Intentional acts

Loss or damage to your collection caused intentionally by you, a co-insured, your immediate family or guests to the building or any of your permanent, temporary or casual employees, unless there is visible, forcible and violent entry to or exit from the building.

Example: A garden statue must be bolted to the ground to prevent theft.

6. Musical instruments

We do not cover damage to musical instruments in your art collection when in use. This includes scratching, denting and the breakage of strings, reeds or drumheads.

There is no cover for loss or damage caused by the over-winding of clocks or watches.

There is no cover for unset precious stones, including but not limited to diamonds, emeralds, sapphires, and rubies, that are not set in jewellery or any other item other than when they are kept in a bank vault or safety deposit box.

9. Restoration

We do not cover loss or damage during a professional restoration or conservation process involving, for example, heating, drying, cleaning, washing, dyeing, restoring, altering, renovating, repairing, maintaining, dismantling, decorating or any process needing the use of water.

10. Unoccupied building

- There is no cover for loss or damage to your collection if you leave the building unoccupied for more than 90 consecutive days without telling us beforehand, or if the property is vacant, abandoned or illegally occupied.
- This exclusion does not apply to items other than jewellery, watches, unset precious or semi-precious stones, Krugerrands, collectable notes, tokens and medals, that are kept in a building listed as an art gallery, storage facility or holiday home in the policy schedule.

11. Vermin and animals

We do not cover loss or damage caused by animals that belong to you or anyone living at the risk address or by vermin, except for monkeys and baboons. Vermin are animals and insects that can be harmful and are difficult to control when they appear in large numbers and include moths, rodents, termites or any other animal or insect classified as an invasive species.

12. Wear and tear

Wear and tear is the gradual deterioration caused by normal usage, the environment or living things. It includes the following:

- Gradual influence of exposure to sunlight or any weather conditions.

There is no cover for:

- The deterioration of the contents of your wine or whiskey collection, including any decline in quality.
- Any unsealed bottles.

SPECIFIC CONDITIONS WHEN YOU CLAIM

Some of the conditions set out in the section **Claiming under this policy** do not apply to the benefits payable under your **Fine Arts** section. Those conditions are replaced with the following conditions:

1. Entry to the building or grounds

You must allow us to enter the building or grounds where the loss or damage occurred and, if applicable, to take possession of the damaged item of art. You may not remove or dispose of an item of art unless agreed by us.

2. If your claim is valid

If we assess your claim as valid, you may ask us to repair, replace or pay cash for the item.

3. What we will pay

We will pay up to a maximum of the sum insured per item set out in the collection list.

- If an item is partly damaged, and we repair the item, we will pay the service provider directly. We will also pay for the loss in value as explained under the included **Depreciation in value cover**.
- If an item is lost or destroyed, or you want us to pay cash, we will pay the actual sum insured of that item as listed in the collection list.
- If jewellery or watches are lost or destroyed, the following conditions apply:
 - You must specify your preferred jeweller, and this will be shown in your policy schedule. All lost or damaged jewellery and watches will be replaced or repaired exclusively by the specified jeweller as noted in your policy schedule.
 - If a specified jeweller is not stated on the policy, we may choose whether we want to replace, repair or pay cash for the item.
- If applicable, we will also pay for any increase in an item's value as explained under the included **Appreciation of items** or **Death of an artist cover**. We will also pay for the re-valuation fees to the agreed surveyor/valuator to confirm the increase in the item's value.
- In the event of loss or damage to unset precious or semi-precious stones, Krugerrands, collectable notes, tokens, medals and coins, we will decide whether to replace, repair or pay cash.
- In the event of loss or damage to any other item (not mentioned in the points above) you can decide whether we replace, repair or pay cash.
- If you did not provide proof of value when we asked for it, we will cover the art up to the fair market value or sum insured whichever is the lesser.

Fair market value is the price of an item in the current market that one would obtain between a willing buyer and a willing seller who have no relationship with each other.

4. Your claim settlement may be reduced

We may reduce your claim settlement amount because of underinsurance, dual insurance and betterment, if applicable. Below is a summary of these principles which are explained in more detail under **General terms & conditions: Claiming under this policy**:

- **Underinsurance – the principle of average:** Where we state that you must insure your fine art for its full replacement value, and the insured value is less than the current replacement value, you will be underinsured. You will then have to accept a part of the loss in proportion to how much you are underinsured by, known as the principle of average. We will pay you in cash only and we won't repair or replace your fine art.
- **Dual insurance:** If you have more than one insurance policy in place which covers your fine art, we may decide to pay only our part of the claim to you. We will then arrange with the other insurer to pay their part of the claim to you.

5. If an item is recovered after we paid a claim

If we make a payment for a claim and the item is recovered afterwards, we will give you the option to buy an item (the salvage) back from us.

- If you recover an item, you must tell us immediately and let us know if you want to buy it from us.
- If we recover an item, we will let you know in writing that we have recovered the item and ask you if you want to buy it from us.
- You must tell us within 60 days of receipt of our written communication, if you want to buy the item from us.
- If you do, we will pay for the cost of delivering the item to you. You must pay us the current market value as determined by an independent third-party valuator agreed to by us.
- If we don't hear from you within the 60 days, or if you tell us you don't want to buy the item from us, the item and any proceeds from the sale of the item will be ours.

WHAT WE COVER

1. Your legal liability

- This section covers you if you are held legally responsible by a court of law for causing damage to a person's property or causing injury or death to that person. This is called legal liability. The law allows three years from the date that the other person became aware of the event, for that person to claim against you.
- The **Event** causing the liability claim must have happened during your period of insurance.

2. Causes of liability

- The following are all possible causes which can lead to a liability claim being made against you:
 - Accidental death, bodily injury or illness.
 - Accidental loss of property.
 - Accidental damage to property.
 - Emergency medical expenses that you have to pay after accidental bodily injury to another person, but only if you are legally liable to pay the expenses and it is not covered by another insurance policy.
- If there is more than one person making a liability claim against you, resulting from the same event, we will treat all claims as if they were first made against you on the date of the event leading to the claims against you.

3. The types of liability cover

We will cover you for the following types of liability:

- **Main cover:** This is **General personal liability** cover for any liability claim made against you up to the limit shown in the policy schedule. However, you have no claim under **General personal liability** if the type of liability is more specifically covered under an **Included cover**.
- **Included cover:** You are covered for the types of liability explained under this heading, up to the limit applicable to each benefit as shown in the policy schedule.
- **Extended personal liability (Optional cover):** You are only covered if you chose this optional cover, it is shown in the policy schedule and you pay the extra premium.

4. Limits of liability

The limits shown in your policy schedule are the maximum amounts that we will pay for a claim under the applicable type of liability.

- The limits include legal costs and expenses that can be claimed from you by another person but excludes costs we have agreed to pay towards the defence, or settlement of a liability claim against you.
- A limit applies to any one liability claim, or all liability claims resulting from the same event.

Example: Your dog runs out into the street and bites a passer-by. He has gone to hospital and incurs medical expenses of R95 000. There are additional legal costs of R100 000. If the sum insured in the policy schedule for this kind of event is stated as R30 000 000, we will pay out the full R195 000 if you are found to be legally liable.

5. Territorial limits

You are covered for liability claims which are made against you anywhere in the world, except if the liability claim is made in the United States of America (USA), Canada or any other country which operates under the laws of the USA or Canada.

INCLUDED COVER

We will automatically cover you for these benefits which are subject to a maximum of the limits as shown in your policy schedule.

1. Credit cards, forgery and counterfeiting

We will defend a claim or action against you due to forgery, counterfeiting or for theft or loss of any bank cards.

- We will cover you if you are legally liable to pay for losses from:
 - Theft or loss of any bank card, credit card, debit card or charge card, as long as you adhered to the terms and conditions under which the relevant card was issued.
 - Forgery or changes to cheques and negotiable instruments.

9. Renting out your home to tenants

10. Security companies and garden services

We will cover your legal liability because of a negligent act or failure to act by an employee of a security company during the course of protecting your home, or an employee of a garden service while working at your home. This includes any liability you may have accepted in your contract with the company. This means that the **Liability by agreement** exclusion in the **General terms & conditions** section does not apply to this benefit. If the security company or garden services is covered for liability under another policy for the same event, and the cover under that policy is not sufficient to cover the liability, we will only consider the claim for the difference up to the limit under this policy.

11. Spread of fire liability

- If you have Home or Contents cover under this policy, then you automatically get Spread of Fire Liability cover.
- Plots and farms:
 - Spread of Fire Liability cover is limited to the amount shown in the policy schedule for plots and farms
 - You must comply with all the requirements of the National Veld and Forest Fire Act (if applicable).

Plot

A plot (also referred to as a smallholding or agricultural holding) or a farm is a property that has been zoned for agricultural use. This does not necessarily mean that the property is used for agricultural purposes.

12. Tenant's liability

- We will cover your legal liability as a tenant towards the owner of the home, as far as it relates to loss or damage to property which you are responsible for under your rental or lease agreement.
- You are not covered for the following:

We will not cover you if the suspect is a member of your immediate family, or a person employed by you.

You are only covered if you choose this optional cover, it is shown in the policy schedule and you pay the extra premium.

This includes animals such as dogs, cats, horses, cows, goats, or chickens that are kept as pets, for hobby farming, or to provide food for your own household (like eggs or milk).

This means that we do not cover your liability relating to the death or bodily injury of a co-insured (where applicable), or any member of your family whether they live with you or not. We also do not cover their liability relating to your death or bodily injury.
- There is no liability cover relating to loss or damage of property belonging to you, a family member (whether they live with you or not) or any person in your employ, or in the care, custody or control of you or any other person covered by this policy.
- This exclusion does not apply to the cover provided under **Liability towards your domestic employees**.

- Tell us any material information that could affect the policy or claim before, during, and after your claim is settled. This responsibility continues until we conclude any recovery action or defence that we are handling.
- Send us all police reports, court documents, letters of demand or settlement offers.
- You must never admit guilt. If you do, you may not have cover under this policy.

2. How we deal with your liability claim

- We will take over your rights to defend yourself.
- We will consider whether you are responsible for causing the damage, loss, bodily injury, illness or death.
- If we do not consider you responsible, we will refute liability on your behalf and send a letter to this effect to you, as well as to the person claiming liability against you. We will continue with your defence until the matter is finalised, which may include appointing attorneys on your behalf.
- If you are responsible, we will negotiate with the other person on your behalf. We will attempt to reach a settlement for the damage, loss, injury, illness or death. If we cannot reach a settlement, or if we receive a summons from the court, we will go to court on your behalf.

3. How we may settle your liability claim

- We will pay once we have either negotiated a settlement, or once we have accepted legal liability on your behalf.
- We may pay the liability benefit either to you, or to the person that is claiming liability against you.
- In some cases, we may pay out less than the limit as shown in your policy schedule if we decide that it represents a fair settlement.
- Once we have paid the liability benefit, we have met our responsibilities to you under this policy. We will not be responsible for any other costs relating to that claim.
- Our payment will be made in South African rand only.

4. Dual insurance – if you have double insurance

If you have more than one insurance policy in place that covers you for liability for the same event, the full amount of the claim will be split proportionally between the different policies.

- The cover you have under each policy will determine how we split the claim amount.
- If you claim from us, you may not also claim from the other insurer, and if you claim from the other insurer, you may not also claim from us.
- If you claim from us, we may settle your claim in one of the following ways:
 - We may pay the full claim amount to you and recover from the other insurer the part of the claim that they are responsible for.
 - We may pay only our part of the claim to you and arrange with the other insurer to pay their part of the claim directly to you.
- Whichever option we decide on, we will pay back the part of the premiums received which relates to the other insurer's part of the claim, but only in respect of premiums received for three years before the date of the claim.

- It is the other insurer's responsibility to refund the premiums you paid to them relating to our portion of the claim, and you will have to contact the other insurer directly for a refund.

5. If you do not agree with our claims decision

Please refer to the process explained under **How to complain** in the **General terms & conditions** section.

Extended Personal Liability

DEFINITIONS THAT APPLY TO YOUR EXTENDED PERSONAL LIABILITY SECTION

Immediate family	Your partner, and your or your partner's parents, children and siblings.
Period of insurance	Any period for which you have paid the premium.
Underlying policy	This policy or any other active insurance policy you have with a licenced insurer in or outside South Africa that insures you for Personal liability, Property Owner's liability, Tenant's liability, Motor liability or Watercraft liability.
You	Includes yourself and any members of your immediate family who normally reside with you and are financially dependent on you. Where applicable, 'you' also includes a co-insured as shown in your policy schedule as long as the co-insured normally resides with you.

WHAT WE COVER

1. Your extended personal liability cover

We will cover your legal liability during the period of insurance in the following instances:

- **Liability exceeding the limit of your underlying policy:** Where the amount of your liability is more than the limit of your underlying policy and the underlying insurer has paid or has agreed to pay the full amount of that limit.
 - We will only pay for your liability above R2.5 million (two and a half million rands) for vehicle liability and R1 million (one million rands) for any other type of liability.
 - This means that if the limits in your underlying policy are less than the above amounts, there will be a shortfall in your cover.

Example: The limit for vehicle liability in your underlying policy is R2 million (two million rands) and your liability claim is R3 million (three million rands). Your underlying policy settles your claim up to the R2 million (two million rands) limit and you claim under your extended liability policy for the difference of R1 million (one million rands). We will only pay R500 000 (five hundred thousand rands) which is the difference between R3 million (three million rands) and R2.5 million (two and a half million rands) (as per the above clause). You will have to fund the difference of R500 000 (five hundred thousand rands) yourself. It is therefore important to ensure that you have sufficient liability cover in your underlying policy.

- **Liability not covered by your underlying policy:** If your liability is specifically excluded in your underlying policy, or there is no mention of cover for it, we will provide cover as long as your liability is not specifically excluded in this cover section. The conditions set out in your underlying policy will still apply.
- **Vehicle liability:** Your liability relating to a vehicle accident is **only** covered in the following instances:
 - It is covered by your underlying policy but your underlying policy's limit is not enough.
 - The only reason it is not covered by your underlying policy is because the accident happened outside the countries for which your underlying policy covers you.
- **Watercraft liability:** Your liability relating to a watercraft accident is **only** covered if the length of the watercraft is less than 10.5 metres and one of the following reason apply:
 - It is covered by your underlying policy but your underlying policy's limit is not enough.
 - The only reason it is not covered by your underlying policy is because the accident happened outside the countries for which your underlying policy covers you.

- **Liability relating to pollution and contamination:** We will cover your liability relating to pollution or contamination, as long as it happens suddenly, accidentally and unexpectedly.

Pollution or contamination means the discharge, release, dispersal, seepage or escape of any solid, liquid, gas, contaminant or pollutant. For example: Humidity, fumes, smoke, soot, chemicals, acids or waste.

2. Underlying policy conditions

- You must have an active underlying policy that covers precisely the type of liability for which you are claiming.
- For purposes of your extended personal liability cover, an underlying policy also refers to any liability cover you are enjoying under the **Personal liability**, **Vehicle** and **Watercraft** cover sections of this policy.
- You must have complied with the conditions of the underlying policy.

3. Limit of liability

The limit shown in your policy schedule is the maximum amount that we will pay for any one liability claim, or for all liability claims resulting from the same event. The limit includes:

- The amounts that you are legally liable for.
- The legal costs and expenses of the other person.
- Your legal costs towards the defence or settlement of the claim against you, but only if we agreed in writing to cover these costs before you incurred them.

4. Territorial limits

You are covered for liability claims which are made against you anywhere in the world, except if the liability claim is made in the United States of America (USA), Canada or any other country which operates under the laws of the USA or Canada.

SPECIFIC EXCLUSIONS – WHAT WE DO NOT COVER

You must read these **Specific exclusions** together with the **General exclusions** in the **General terms & conditions** section to make sure you understand exactly what is not covered.

1. Fines, penalties, punitive damages and debt

There is no cover for any fines, penalties or punitive damages imposed by law, or liability arising from any debt.

2. If you have other insurance

We do not cover your liability for loss or damage to property, if that liability is covered under any other insurance policy.

3. Liability relating to aircraft, firearms, vehicles and watercraft

- **Aircraft:** There is no cover for liability relating to the ownership, possession or use of any aircraft or unmanned aerial vehicles (UAV) or systems (UAS) such as drones. We do cover radio-controlled model aircraft, but only if it was used in terms of the rules and regulations set out by The South African Model Aircraft Association.
- **Firearms:** We do not cover the ownership, possession, use or handling of firearms or air guns.
- **Vehicles:** There is no cover for liability relating to the ownership, possession or use of any self-propelled vehicle, watercraft, scooter, three-wheeler, quad bike, caravan, trailer or golf cart, except for:
 - Hobbyists models and toys, ride-on and motorised lawn mowers.
 - E-bicycles, mobility scooters, shop riders and wheelchairs.

4. Liability relating to employment, business or profession

- We do not cover your liability if you recklessly ignored the consequences of what you were doing or failing to do.
- We do not cover your liability if you agreed to accept, or already accepted, legal liability without first getting our permission.
- We do not cover your liability arising from the failure to pay maintenance or alimony or any amounts following a breach of promise.
- There is no cover for the purchase, sale or exchange of any property (movable or immovable), including your failure to follow any obligations in relation to this.
- There is no cover for liability that arises purely from an agreement unless there would have been liability without the contract being signed.

7. Liability towards certain people

- We do not cover liability between family members or people insured under this policy at the time of the event that resulted in the claim.
 - This means that we do not cover your liability relating to the death or bodily injury of a co-insured (where applicable), or any member of your family whether they live with you or not.
 - We also do not cover their liability relating to your death or bodily injury.
- There is no liability cover relating to the loss or damage of property belonging to you, a family member (whether they live with you or not) or any person in your employ, or in the care, custody or control of you or any other person covered by this policy.

8. Social discrimination

We do not cover any loss or damage for claims arising directly or indirectly from acts of actual or perceived social discrimination. This includes but is not limited to allegations of discrimination in the form of race, gender, religion, sexual orientation or disability. This clause applies regardless of whether the social discrimination was intentional or not.

CLAIMING UNDER THIS COVER SECTION

The conditions set out in the section **Claiming under this policy** in the **General terms & conditions** section do not apply to the **Extended personal liability** cover section.

1. Your responsibilities

- Tell us immediately once you become aware that you will need to claim under your extended personal liability because your underlying policy does not provide you with cover, or because the limit is not sufficient to settle your liability.
- Tell us any material information that could affect the policy or claim before, during, and after your claim is settled. This responsibility continues until we conclude any recovery action or defence that we are handling.
- Send us all police reports, court documents, letters of demand and settlement offers.
- You must never admit guilt. If you do, you may not have cover under this policy.

2. How we deal with your liability claim

If your liability claim is not covered by your underlying policy but is covered by this policy, we will deal with it as follows:

- We will take over your rights to defend yourself.
- We will consider whether you are responsible for causing the damage, loss, bodily injury, illness or death.
- If we do not consider you responsible, we will refute liability on your behalf and send a letter to this effect to you, as well as to the person claiming liability against you. We will continue with your defence until the matter is finalised.
- If you are responsible, we will negotiate with the other person on your behalf. We will attempt to reach a settlement for the damage, loss, injury, illness or death. If we cannot reach a settlement, or if we receive a summons from the court, we will go to court on your behalf.

3. How we may settle your liability claim

- When we will pay depends on the nature of your claim. We will pay once we have:
 - Negotiated a settlement if you were liable, where your claim was not covered by your underlying policy.
 - Accepted legal liability on your behalf if you were not liable, where your claim was not covered by your underlying policy.
 - Accepted a claim where the limit of your underlying policy was not enough.
- We may pay the liability benefit either to you, or to the person that is claiming liability against you.
- In some cases, we may pay out less than the limit as shown in your policy schedule if we decide that it represents a fair settlement.
- Once we have paid the liability benefit, we have met our responsibilities to you under this policy. We will not be responsible for any other costs relating to that claim.
- Our payment will be made in South African rands only.

4. If you do not agree with our claims decision

Please refer to the process explained under **How to complain** in the **General terms & conditions** policy section.

- The percentage we will pay is based on the nature of the injury as shown in the **Disability table** which you can find on the last page of this cover section.

12. Psychiatric conditions

We do not cover death, disability or bodily injury that was caused by stress, stress-related symptoms, psychosis, neurosis, or diagnosed psychiatric or nervous disorders.

If we find out that you are subject to such sanctions, we will cancel your policy from the policy start date or the date that you become subject to sanctions. CLAIMING UNDER THIS COVER SECTION

The conditions set out in the section **Claiming under this policy** in the **General terms & conditions** section do not apply to the Personal accident cover section.

1. How to claim

- Tell us of the death, disability or bodily injury in writing within four months from the date of the accident.

 - Post-mortem reports (if applicable).

- An insured person must undergo medical examinations when we ask them to, as often as required, on a **Permanent disablement benefit** or a **Temporary disablement benefit** claim. The claim cannot be finalised until the insured person sends us all of the required medical documentation.
- An insured person must also provide us with a certificate from their doctor proving their continued disability on a **Temporary disablement benefit** claim, whenever we ask for it.
- We will pay for the cost of the medical examinations, as well as for the cost to provide a certificate of continued disability.

3. How we may limit the amounts we pay

- If an insured person sustains more than one kind of bodily injury in the same accident, we will not pay more than 100% of the limit as shown in your policy schedule.
- If we pay a benefit for the loss of a limb, we will not also pay the benefit for part of that limb.

Example: If we pay for the loss of a hand, we will not also pay the percentages shown for the loss of fingers.

- We do not pay interest on any amount due by us unless ordered to do so by a South African court of law or agreed arbitrator.

5. Disability affects pay-out

The pay-out that you receive for disability depends on the extent to which you are disabled: the more severe your disability, the higher the pay-out. See the **Disability table** at the end of this cover section.

6. Our responsibility ends after we have paid a claim

Once we have paid a claim, we have met our responsibilities in terms of this policy. We will not be responsible for any other costs relating to that claim.

7. If you do not agree with our claims decision

You may ask us to review our decision within 90 days from receiving our decision and you may take legal action against us within 270 days from receiving our claims decision. Please refer to the process explained under **How to complain** in the **General terms & conditions** policy section.

WHEN COVER ENDS

CONDITIONS OF COVER

The following conditions apply to your watercraft cover:

1. Watercraft use

You may only use your watercraft for private use (social, domestic and pleasure) as well as emergency tow-and-assist.

INCLUDED COVER

We will cover you for each included cover up to the limit shown in your policy schedule.

The limit for this benefit is in addition to the sum insured of your **Watercraft**.

5. Emergency repairs

If your watercraft needs emergency repairs to allow you to continue with your journey, or to prevent or reduce loss or damage, you may arrange the repairs. The following conditions apply:

- You must give us a detailed invoice as part of your claim.

6. Emergency services, clean-up and debris removal

- We will only pay this benefit if the medical expenses cannot be recovered from any other insurance policy or medical aid.
- The limit for this benefit is in addition to the sum insured of your **Watercraft**.
- **Important:** This benefit does not provide the benefits of a medical scheme and is not a substitute for medical scheme membership.

10. Salvage costs

We will pay for the reasonable costs you incur for salvaging the watercraft as long as we gave you permission beforehand. Salvaging refers to the lifting out, removal or destruction of the wreckage. The limit for this benefit is in addition to the sum insured of your **Watercraft**.

11. Tow-and-assist

We will cover your watercraft when it is used to assist another watercraft in distress or to summon emergency assistance. In all such cases, you must supply us with a copy of the official incident report to the relevant authorities. The limit for this benefit is in addition to the sum insured of your **Watercraft**.

12. Towing and storage

If your watercrafts needs to be towed away, we will cover the cost of the towing to and storage at the nearest repairer, in addition to the claim amount. The following conditions apply to this benefit:

- **Within South Africa – pre-approved:** If you call us and we arrange for your watercraft to be towed, we will cover the full cost of towing and storage.
- **Within South Africa – unapproved:** If you arranged the towing yourself, without calling us first, the cost of towing and storage, as well as the cost of recovering the wreckage of your watercraft before towing, will be limited to the amount shown in the policy schedule.
- **Outside South Africa (repatriation):** We will cover the cost of towing and storage up to the limit shown in the policy schedule on the following conditions:
 - The towing must be inside the coastal waters of one of the countries covered under this section.
 - For more detail, please refer to **How we handle claims in neighbouring countries** in the **How we may settle your claim** section for more detail.
- We will not cover any costs if we end up rejecting the claim after our assessment. If we have already paid for the cost of towing and storage, you must pay back the amount that we have paid.
- The limit for this benefit is in addition to the sum insured of your **Watercraft**.

13. Transit cover

We will cover your watercraft for loss or damage while it is being transported by sea, road, railway or air. This cover includes damage during the loading and unloading of the watercraft. Any vehicle used to transport or tow your watercraft by road must be designed for the towing and transporting of a watercraft.

14. Trauma counselling

We will cover the cost of a registered professional counsellor for the treatment of trauma suffered by any person on board your watercraft if they are the victim of an act of violence or assault during a traumatic incident such as attempted theft, hold-up, hijacking or fire.

- We will not pay if the person is covered under another insurance policy for a similar benefit.
- The limit for this benefit is in addition to the sum insured of your **Watercraft**.
- **Important:** This benefit does not provide the benefits of a medical scheme and is not a substitute for medical scheme membership.

15. Window glass

- You are covered for accidental damage to any windows on your watercraft.
- We may use suppliers other than the original manufacturer, but the glass will meet the watercraft manufacturer's requirements and the South African Bureau of Standards (SABS) safety and quality standards.

YOUR RESPONSIBILITIES

In addition to your responsibilities set out under **Your responsibilities** in the **General terms & conditions** section, you have extra responsibilities that specifically apply to your **Watercraft** cover section.

1. South African Maritime Safety Authority

You must comply with all laws relating to the ownership, possession and use of the watercraft as required by the South African Maritime Safety Authority even outside of South African waters.

2. Fire-extinguishing equipment

- A watercraft that is fitted with an inboard engine must be equipped with an automatic fire extinguishing system.
- If this system is not in working order, we will not cover loss, damage or liability because of fire and explosion.

3. Inboard and outboard motors

You must specify the number of motors, their horsepower and indicate whether they are inboard or outboard motors. Outboard motors must be securely locked when the watercraft is left unattended.

SPECIFIC EXCLUSIONS – WHAT WE DO NOT COVER

We do not cover any claims for loss, damage or liability directly caused by, or related to, any of these **Specific exclusions**. You must read these **Specific exclusions** together with the **General exclusions** in the **General terms & conditions** section to make sure you understand exactly what is not covered. These are not all the instances where we do not provide cover. Some of the included cover and optional cover described in the **Watercraft** cover section may have exclusions that apply only to them.

1. Alcohol, drugs and skipper behaviour

There is no cover where the person operating the watercraft:

- Does not have a valid South African skipper's licence (if required for the type of watercraft).
- Exceeds the maximum design speed of the watercraft.
- Is under the influence of alcohol.
- Is under the influence of drugs or medication, unless it is prescribed by a doctor and is taken in the correct dosage.
- Exposes the watercraft to situations that clearly have a high risk of loss or damage.

Example: Performing dangerous manoeuvres or launching the watercraft while under the influence of alcohol.

2. Blockage of cooling systems

We do not cover loss or damage to motors as a direct result of blockage of the water intake or cooling system.

3. Leaving the watercraft unattended

There is no cover if the watercraft is unattended and left moored or anchored off an exposed beach or shoreline, resulting in it being stranded, sunk, swamped or going adrift.

4. Motors accidentally immersed

There is no cover for loss or damage to motors accidentally immersed in water, unless you have taken reasonable steps to flush and repair them immediately.

5. Non-seaworthy watercraft

There is no cover for loss or damage caused directly because your watercraft is not seaworthy or has not been maintained according to the seaworthy requirements of the Merchant Shipping Regulations of 2007 (as amended from time to time), issued by the South African Maritime Safety Authority. This applies regardless of where you use the watercraft.

6. Pollution or contamination

There is no cover for liability, loss or damage caused by or related in any way to pollution or contamination, unless it happens suddenly, accidentally and unexpectedly. There is also no cover for the cost of removing, nullifying or cleaning up, seeping, polluting or contaminating substances, unless it happens suddenly, accidentally and unexpectedly.

Pollution or contamination means the discharge, release, dispersal, seepage or escape of any solid, liquid, gas, contaminant or pollutant. For example: Humidity, fumes, smoke, soot, chemicals, acids or waste.

7. Sails and protective covers

There is no cover for loss or damage to sails and protective covers that are torn by wind or blown away whilst set, unless caused by:

- Damage to the spars (poles) to which the sails are rigged.
- The watercraft being stranded or sunk.

8. Superficial damage

There is no cover for superficial damage such as scratching, bruising or denting.

9. Theft or attempted theft

There is no cover for theft or attempted theft of fixtures, fittings, equipment and outboard motors of the watercraft unless there are visible signs of force.

10. Unsecured outboard motors

We do not cover loss or damage to outboard motors that fall overboard because they are not securely chained or bolted to the watercraft.

11. Uses of your watercraft

We do not cover your watercraft while it is used for any of the following:

- Racing of any kind.
- Speed trials, other tests or contests of any type.
- Competitions, including regattas.
- Commercial purposes, such as for a business, trade or profession.
- Hiring it out for any purpose.
- Carrying passengers for reward.
- Towing or salvage services under contract.

HOW WE MAY SETTLE YOUR CLAIM

The full claims process and steps to follow are explained in the **General terms & conditions** section under the **Claiming under this policy** section. Detailed here are extra conditions that specifically apply to your **Watercraft** cover section.

1. Total loss claims

1.1 Watercraft less than five years old

If your watercraft is less than five years old, we will either pay you the purchase price of a new watercraft of the same or closest equivalent model, or replace it with a new watercraft of the same or closest equivalent model.

- If the same make and model is not available on the local new watercraft market, we may pay the list price of a similar watercraft or the sum insured, whichever is the lesser amount.
- If your watercraft's sum insured is less than the purchase price of a new watercraft, it means that you are underinsured, and we will only settle your claim up to the sum insured as shown in your policy schedule.

1.2 Watercraft older than five years

If your watercraft is more than five years old, we will pay out the market value which will be determined by obtaining quotations from two qualified watercraft dealers. If your watercraft's sum insured is less than the market value, it means that you are underinsured, and we will only settle your claim up to the sum insured as shown in your policy schedule.

1.3 Accessories

The amount we pay for a total loss claim will include the value of any accessories shown in your policy schedule which were lost in the same event.

1.4 If your watercraft is financed

If your watercraft is still financed, remember that we will first pay the financial institution as explained in the **General terms & conditions** section.

1.5 Total loss after initial damage

If your watercraft is damaged in an incident, and before you have the damage repaired your watercraft is damaged beyond economical repair in a subsequent incident, we will settle your claim as a total loss only. We will not cover the unrepaired damage sustained in the first incident.

1.6 Cover ends after a total loss

Cover for your watercraft ends if it is stolen and not recovered, or if our claims decision is to treat it as a write-off. If your watercraft is written off, it becomes our property.

2. If the watercraft is damaged and can be repaired

- We will pay the reasonable costs of repair or replacement of parts of the watercraft.
- We will not be expected to achieve an exact restoration, repair or replacement. For example, we will not match any glitter or decorative finishes.
- We will repair the watercraft as close to the original specification as possible.
- If parts are not available, then we are not responsible for any additional costs caused by a delay in the repair of your watercraft.

3. Sails, protective covers, motors and batteries

Our payment for sails, protective covers, erected tackle, outboard motors, inboard motors and batteries will be the cost to replace such items up to their reasonable market value.

- The market value is the amount for which an item could be replaced immediately before the time of loss, with one considered the same as the item that was lost or damaged.
- We will use quotations from two qualified watercraft dealers to determine the market value.

4. Proof of ownership

You must give us reasonable proof of ownership and proof of value of the watercraft and any accessories, whenever we ask for it.

5. How we handle claims in neighbouring countries

If you have a valid claim, we may decide either to have the watercraft repaired in the country concerned, or have you bring it back to South Africa for repairs.

- We will not pay:
 - For theft of parts or accessories while the watercraft is left unguarded at the scene of an accident, unless it is out of your control.
 - More than the limit shown in your policy schedule under the included **Bringing your watercraft back to South Africa** (repatriation) cover.
 - For any government-imposed duties, customs, charges or stamps.
- If the watercraft is a write-off and you do not bring it back to South Africa, we will deduct the value of the salvage from your pay-out.
 - The value of the salvage will be the amount we would have received for it in South Africa.
 - You will remain the owner of the salvage and will be responsible for complying with any local government requirements.
 - This means that the **Salvage belongs to us after a claim** condition in the **General terms & conditions, Claiming under this policy** section does not apply in this instance.

Motor

DEFINITIONS THAT APPLY TO YOUR MOTOR VEHICLE COVER SECTION

Off-road	Off-road means that your vehicle is designed for off-road purposes and is used in the following instances: • To conduct trips on named and registered 4x4 off-road trails which you pay a fee to drive on. • While the driver is receiving off-road training instruction at any off-road training facility. Such training facility must be fully registered and adhere to the regulations applicable to recreational driving as stipulated in accordance with the South African Qualifications Authority (SAQA).
Regular driver	This is the person who drives the vehicle most of the time. The name of the regular driver is noted in your policy schedule.
Restricted driver	This driver is listed in your policy as the only agreed driver of the insured vehicle. There may be more than one person listed as a restricted driver. Please refer to the heading Vehicle and driver conditions for more information as to how selecting Restricted driver affects cover.
Vehicle	The vehicle that we cover is set out in your policy schedule. The definition of vehicles includes any of the following vehicles with a gross vehicle mass of not more than 3 500kg: • A passenger vehicle, 4x4 vehicle, 4x2 vehicle, minibus, sport utility vehicle (SUV), light delivery vehicle (LDV) or a motorised caravan. • A trailer or caravan which is a non-motorised vehicle designed or adapted for towing by a motorised vehicle. • A motorcycle, scooter, quad or three-wheeled vehicle that is registered for use on public, prepared or graded private roads. • Non-road vehicles that are not used on a public road, and that do not need to be registered. These include golf carts, quad bikes, off-road motorcycles, ride-on lawnmowers, tractors, etc. • Any vehicle that is temporarily used by you as a replacement while your insured vehicle is out of use because of overhaul, upkeep, service or repair, up to the limit as shown in your policy schedule. • Important: Please refer to the included Courtesy vehicle benefit for the conditions that apply to cover for a vehicle that is temporarily used by you as a replacement vehicle. • Vintage vehicles or motorcycles, which are more than 20 years old, appreciating in value and do not travel more than 10 000 km per year. A vehicle or motorcycle is considered classic due to its rarity, desirability, unique features and age.
South African Police Vehicle Identification Number (SAPVIN)	A SAPVIN number is uniquely generated by the South African Police Services (SAPS). They will issue a vehicle with SAPVIN numbers after the original VIN and/or engine number has been damaged or altered or removed. Once the SAPVIN numbers are issued, the vehicle's VIN number will start with AAPV, and the engine number will start with VO.
Total loss	Total loss means either of the following, your vehicle was: • Stolen or hijacked and not found. • So badly damaged that the vehicle is unsafe or uneconomical for us to repair (a write-off).

WHAT WE COVER

1. Cover options

Your cover option determines how we cover your vehicle, and your selection is shown in your policy schedule. One of the following three cover options can be selected:

1.1 Comprehensive cover

We will cover you for loss or damage to your vehicle and for third party liability.

1.2 Third party, fire and theft

We will cover you for loss or damage to your vehicle due to fire, theft, attempted theft and for third party liability. You cannot select Third party, fire and theft cover for caravans, trailers or non-road vehicles.

1.3 Third party liability only

We will only cover your legal liability to another person for causing that person's death, bodily injury or damage to their property as a result of an accident with your vehicle. You cannot select Third party liability only cover for caravans, trailers or non-road vehicles.

2. Territorial limits

We will cover your vehicle within the borders of South Africa and while you are travelling in the following countries: Angola, Botswana, Kenya, Lesotho, Malawi, Mozambique, Namibia, eSwatini, Tanzania, Uganda, Zambia and Zimbabwe. The following conditions apply:

- We will cover you for a total of **90 days per year** while you are travelling outside of South Africa in the abovementioned countries.
- Your cover outside of South Africa also includes cover for third party liability, but certain countries are excluded and there are special conditions as explained under the **Third party liability** cover heading.

THE SUM INSURED

The sum insured is the maximum limit we will pay if your vehicle is a total loss. You may insure your vehicle for its retail value, or if the retail value is not available, for an agreed value, as shown in your policy schedule.

Please note: The sum insured of the vehicle will be the new list price of the vehicle, if the vehicle is less than 24 months old and all the conditions under the **Total loss claims: Vehicles younger than 24 months** benefit under the heading **How we may settle your claim** in the **Motor** section, are met.

1. Retail value

- This is the value from the Auto Dealer's Guide published by TransUnion Auto Information Solutions (Pty) Limited, or any similar publication approved by us. It is the price most dealers would be prepared to sell your vehicle for, based on the mileage and condition of the vehicle. Where no provision is made in such publications, the average value given by independent motor industry sources of our choice will be used.
- The retail value includes most of the standard and optional factory-fitted accessories that are listed in the manufacturer's specifications. However, there are instances where optional factory-fitted accessories are not included in the retail value.
- We cover your vehicle's accessories that are not included in its retail value under the included **Vehicle Accessories** and the optional **Off-road driving (4X4) cover**.
- In the event of a total loss claim, we will base the claim amount on the retail value as at the date of the claim event, less your excess, plus the following:

- The sums insured of all the accessories listed under **Vehicle accessories** in your policy schedule.
- The total of any accessories that are not included in the retail value and that are not listed in your policy schedule, up to the limit of the included **Vehicle accessories** and the optional **Off-road driving (4x4)** cover.

2. Retail value plus

- If your vehicle is actually worth less or more than the retail value, you may adjust the value for what it is worth.
- You may ask us to reduce the value of your vehicle by a percentage lower than retail value, or to increase it by a percentage above retail value.
- If we agree to adjust your vehicle's value, your sum insured will be the retail value adjusted by your chosen percentage.
- This **chosen percentage** is fixed for a year.

At the policy renewal, it is necessary for you to evaluate whether the selected percentage adequately covers the adjusted value of your vehicle, considering that its retail value may fluctuate.

When to choose Retail value plus: With second-hand vehicles, it isn't always clear when accessories were added which makes insuring accessories separately very difficult.

Example:

Optional factory-fitted accessories might not be included in the retail value. The previous owner may have installed accessories when buying the vehicle, increasing its value, like smash-and-grab window protection or a towbar. However, any accessories you added after purchase should still be specified.

In other instances, second-hand vehicles might be worth more than their retail value because of their availability.

Likewise, a second-hand vehicle could also be worth much less than its retail value if the vehicle is in poor condition or has a very high mileage. Insuring your vehicle for a percentage less than its retail value will ensure that you don't end up paying more premiums based on the actual retail value while your vehicle is worth less.

- You must make sure that you don't specify any accessories that are already included in your Retail plus sum insured, as we will never pay more than the actual value of your vehicle.
- We cover your vehicle's accessories that are not included in its retail value under the included **Vehicle Accessories** and the optional **Off-road driving (4X4)** cover.
- The Retail value plus benefit does not cover credit shortfall. Credit shortfall is automatically included under the **Credit shortfall – limited benefit** and can be extended with the optional **Credit shortfall – extended benefit**.
- In the event of a **total loss claim**:
 - The amount payable will be based on the adjusted retail value as at the date of the claim event provided this is not more than the sum insured and there is evidence that the percentage was reviewed at the last renewal date.
 - If the vehicle's actual value is less than the sum insured in your policy schedule, and you are unable to provide evidence that the percentage was reviewed at the last renewal date, we will pay out the lower amount. We will then pay back the premiums for the difference in these values up to a maximum of three years.
 - The basis of settlement is determined as follows:
 - The listed retail value at the time of claim adjusted higher or lower by the chosen percentage (but we will never pay more than the actual value of the vehicle at the time of claim);
 - plus, the sums insured of all the accessories shown in the policy schedule;
 - less the excess.

3. Agreed value

- You may insure your vehicle for an agreed value if the retail value is not available, and you have supplied us with written proof of the value of your vehicle from an expert, such as a motor dealer or motor club.

- At each policy renewal, you must provide an updated valuation certificate for us to agree the value of your vehicle for the next 12 months.
- You must make sure that your agreed value sum insured includes all the vehicle accessories fitted to the vehicle, as we will never pay more than the sum insured.
- In the event of a total loss claim:
 - The amount payable will be based on the agreed value, less the excess, provided you supply an updated valuation at every renewal date of your policy. If you do not, we will use a valuation from an expert, taking into account the condition and mileage of your vehicle.
 - If this value is less than the sum insured in your policy schedule, we will pay out the lower amount, less the excess. We will then pay back the premiums for the difference in these values up to a maximum of three years.

VEHICLE USE

1. Type of use

You must tell us what you mainly use your vehicle for, as explained below. Your chosen type of use is shown in your policy schedule.

1.1 Personal use

You use your vehicle for private, domestic and pleasure purposes. This includes travelling to and from your place of work. Your work address does not have to be the same every day but on each specific day your vehicle should be parked at your work address for most of the workday.

Example: Personal use of a vehicle would be a doctor who travels to, and parks his vehicle, at Hospital A on a Monday, Wednesday and Friday and then travels to, and parks, his vehicle at Hospital B on a Tuesday and Thursday.

1.2 Business use

You use your vehicle to travel for **personal use** as explained above, and on a regular basis for travelling as part of your profession or business.

Example: Professional use, which falls under Business use, would be a doctor who does regular house calls and visits patients at their homes. (Doing house calls once a month is not considered Professional use).

- You are not allowed to use your vehicle as a tool of trade to carry tools, machinery or stock.
- You may only carry sample stock as a sales representative or professional kits for professions such as make-up artists.
- You may not insure your motorcycle, scooter, quad or three-wheeled vehicle, vintage vehicle, non-road vehicle, trailer, caravan or motorised caravan for business use. If you use these vehicles listed here for business use, then we will cancel (void) your cover from the date that you started using it for business use.

Business or commercial use?

Business use: When you use your vehicle for business, such as visiting clients, without carrying tools, machinery and stock, it qualifies as business use. You can carry small samples of the stock you trade in, such as Tupperware, carpets or materials.

Commercial use: We do not insure vehicles for commercial use. For instance, if you use your vehicle to load machinery (such as generators or lawnmowers), tools (such as for plumbing or carpentry etc.) or stock (such as copper pipes, wood, bricks, cement, etc.) for a job or project. Or if your vehicle is an employee pool-vehicle and can be used by multiple drivers. Or if you use your vehicle to carry passengers for reward, such as a taxi or ride-hailing services.

1.3 Limited mileage

You can use your vehicle for personal or business use as described above but restricts your vehicle to travelling no more than 6 000 km/3 728 miles in a 12-month period.

- The 12-month period runs from renewal date to renewal date. If the period from the cover start date to the renewal date is less than 12 months, the mileage limit will be reduced proportionally. We may request proof of your vehicle's odometer reading at any time, such as a photograph of the odometer.

Example: If you select the Limited mileage of 6 000 km for your vehicle in March and your renewal date is September then that means the 6 000 km limit will be reduced to 3 000 km (6 000 divided by 12 multiplied by 6).

- You may not insure your non-road vehicle, trailer, caravan or motorised caravan for this **Limited mileage** cover.

1.4 Laid-up cover

- We will comprehensively cover your vehicle while it is not in use and it is stored in a secure place within the borders of South Africa. We will cover your vehicle for the following loss or damage:
 - Accidental damage, but not while anybody is using it.
 - Earthquake.
 - Fire, lightning or explosion.
 - Theft or attempted theft.
 - Malicious damage.
 - Weather – storm, wind, water, hail.
- You may not use a vehicle outside of the premises where it is being kept and cover for liability to third parties is excluded.
- You may not insure your non-road vehicle, trailer, caravan or motorised caravan for this cover.

2. Changes to the use of the vehicle

- You must remember to tell us if the type of use of your vehicle changes for instance if you insure it for personal use but start using it for business use.
- Remember that we do not insure vehicles used for commercial use. If your vehicle is used for commercial use, then we will cancel (void) your cover from the date that you started using it for commercial use. You will lose your right to claim and we will pay back all the premiums we have received after the date of cancellation, less any claims we may have paid.
- Unless we cancel your cover because of your dishonesty or intentional misrepresentation, the additional excess as shown in your policy schedule will apply at claim stage in the following instances:
 - If you asked us to insure your vehicle for our **Limited mileage** option, but you unintentionally exceeded the selected mileage limit in a 12-month period and you did not inform us to change your type of use to personal or business use.
 - If you asked us to insure your vehicle for personal use but you unintentionally did not let us know that you started using it for business purposes.

VEHICLE AND DRIVER CONDITIONS

1. Your vehicle must be registered and licenced

Your vehicle must be registered in South Africa and it must have a valid licence. Your claim may be affected if your vehicle is not licensed or if its licence has expired.

2. Drivers must be licenced

Any driver of your vehicle must comply with the terms and conditions of this policy and must have a valid driver's licence.

- If your vehicle is used in South Africa, the driver must be in possession of a valid South African driver's licence, or a valid driver's licence that complies with South African legislation.
- A person with a valid learner's licence must be accompanied by a person with a valid driver's licence.
- A valid driver's licence is a licence that has not been cancelled, suspended or endorsed.
- In terms of South African legislation, an international, commonwealth or neighbouring country driver's licence must be converted to a South African licence within the regulated time of the driver becoming a permanent resident, otherwise the licence is invalid and the driver will be considered unlicensed.
- The code on the driver's licence must allow the driver to drive your vehicle, or to tow the size of load that your vehicle is used for.
- If your vehicle is used in another country covered under this policy, the driver must have a valid driver's licence as required by the country in which your vehicle is used.

3. Drivers must be competent

We may, at our discretion, ask you to supply either of the following from time to time:

- Written confirmation from a registered medical practitioner that the driver is fit to drive.
- The results of a driver's assessment.

4. Who may drive your vehicle

- The **regular driver**, as noted in your policy schedule, and other people who use the vehicle from time to time, are allowed to drive the vehicle if there is **no restricted driver** noted in your policy schedule.
- If a **restricted driver** is selected, it means that only the person or persons noted in your policy schedule as shown below may drive the vehicle. There are three options:
 - **Named driver:** This is when you specify the name and surname of the person driving the vehicle.
 - **Policyholder only:** Only the policyholder may drive the vehicle.
 - **Policyholder and partner:** Only the policyholder and partner may drive the vehicle.
 - The driver restriction will not apply if:
 - The vehicle is in the custody or control of a concierge service company.
 - The vehicle is in the care of the motor trade for the purpose of the overhaul, upkeep or repair of the vehicle.
 - There is a medical emergency that prevents the restricted driver from driving.

THIRD PARTY LIABILITY COVER

A third party is another person whose property is involved in an accident with or in connection with your vehicle, for example the owner of another vehicle or the owner of property. That person may hold the driver of your vehicle legally liable for the damage caused by your vehicle. Your third party liability cover is up to the limit as shown in your policy schedule, which includes reasonable legal costs that we have agreed to in writing.

1. The driver's legal liability

We will cover any driver's legal liability towards a third party whilst driving your vehicle, as long as you are the person who claims under this policy. We will not cover a driver's legal liability if the driver is insured for third party liability cover with another insurer. However, if the cover with the other insurer is not sufficient to cover the driver's liability, we will consider the claim for the difference up to the limit under this policy.

2. Causes of legal liability and how we cover them

In South Africa, death and bodily injury to persons as a result of vehicle accidents are covered by the Road Accident Fund Act (RAF). This means that your legal liability cover in and outside South Africa is different as explained below:

2.1 Accidents in South Africa

We will cover a driver's legal liability towards a third party if your vehicle is involved in an accident that causes:

- Damage to another person's property.
- Death or bodily injury to another person, but only if you can be held legally liable in terms of the applicable legislation at the time of the incident.

2.2 Accidents outside of South Africa

- We will cover a driver's legal liability towards a third party if your vehicle is involved in an accident that causes:
 - Damage to another person's property.
 - Death or bodily injury to another person, unless there is legislation in that country which provides cover similar to the Road Accident Fund in South Africa.
- We will cover a driver's legal liability for a total of 90 days per year while travelling in any of these countries: Botswana, Lesotho, Malawi, Mozambique, Namibia, eSwatini, Zambia and Zimbabwe. There is no third party liability cover in Angola, Kenya, Tanzania and Uganda.
- If it is compulsory to take out third-party liability cover at the border of a country, you must claim under that policy first in the event of a claim. If that policy does not cover your valid claim in full, we will cover the difference up to the limit shown in your policy schedule.

3. Driving a vehicle that does not belong to you

- We also provide third party liability cover as described above if an accident happens while you or the regular driver are driving a vehicle that does not belong to you, but only if the following conditions are met:
 - You, the regular driver or the restricted driver (as applicable), are the driver at the time of the accident.
 - The vehicle is a passenger vehicle, 4x4 vehicle, 4x2 vehicle, minibus, SUV (sport utility vehicle), light delivery vehicle (LDV) or a motorised caravan with a gross vehicle mass of no more than 3 500kg.
 - The vehicle is not leased to you and you are not in the process of buying the vehicle from a motor dealer.
 - The vehicle is not rented from a vehicle rental company. This does not refer to vehicles that are financed under a lease or rental agreement.
 - The vehicle is not insured elsewhere for third party liability.
- We only cover third party liability, and not loss or damage to the actual vehicle, or for any property transported by that vehicle.

Example: You will be covered for your legal liability towards another person if you borrow a friend's uninsured vehicle, and you are in an accident that causes damage to another vehicle.

4. When there is no legal liability

4.1 Alcohol, drugs and driver behaviour

There is no legal liability cover while your vehicle is driven or being towed in any of the following instances:

- The driver is under the influence of alcohol, or the alcohol content in the driver's body exceeds the legal limit.

- The driver is under the influence of drugs or medication, unless it is prescribed by a doctor and is taken in the correct dosage.
- The driver refuses to submit to any test to determine the level of alcohol or drugs in their body, such as blood, urine or breathalyser tests.
- The driver leaves the scene of the accident unreasonably or unlawfully.
- The driver exposes the vehicle to situations that clearly have a high risk of loss or damage, for example, making a U-turn on a highway or driving at an excessive speed.

4.2 Liability relating to death or bodily injury to people

There is no cover for legal liability relating to death or bodily injury to any of the following people:

- You, anyone driving your vehicle, a family member (whether they live with you or not), or any person in your employ.
- Any person in or on a caravan or trailer while it is being towed by your vehicle.
- Any person who was outside the cab of your vehicle at the time of the event.
- Any person travelling in, getting into or getting out of a caravan or trailer.

4.3 Liability relating to loss or damage to property

There is no cover for legal liability relating to loss or damage to the following property:

- Belonging to you, anyone driving your vehicle, a family member (whether they live with you or not), or any person in your employ.
- In the care, custody or control of the driver of your vehicle.
- Being carried in, or on, a caravan or a trailer that is towed by your vehicle.

4.4 Liability relating to towing

There is no cover for liability relating to loss or damage to a caravan, trailer or another vehicle which does not belong to you, while it is being towed by your vehicle.

4.5 Breaches of the National Road Traffic Act

There is no cover for legal costs to defend criminal acts or fines relating to breaches of the National Road Traffic Act.

4.6 Rejected claims for own damage

There is no cover for a driver's liability if we reject a claim for loss or damage to your vehicle.

INCLUDED COVER

Important: Not all of these cover benefits are automatically included and depend on the type of vehicle and cover you have selected. Please refer to your policy schedule to see which of these included benefits apply to your specific vehicle.

- We will cover you for each applicable benefit up to the limit as shown in your policy schedule.
- Some included benefits only allow for a limited number of claims within a certain time period – where applicable, these will be noted in your policy schedule.

1. Child car seat

We will pay for your fitted child car seat if it is deemed unsafe as a result of accident damage to the vehicle. The limit for this benefit is in addition to the sum insured of your **vehicle**.

2. Clean-up and debris removal

We will cover the costs to clean up debris or spillage after an accident involving your vehicle. The limit for this benefit is in addition to the sum insured of your **vehicle**.

3. Cost of importing parts

If a part needed for the repair of your vehicle is not available in South Africa as a standard (ready-made) part, we will pay for the cost of importing the replacement part including express delivery fees. We will pay up to maximum of the limit shown in your policy schedule and the actual cost of the part which is being replaced, whichever is the lesser. The limit for this benefit is in addition to the sum insured of your **vehicle**.

Note: The cost of the actual part is covered as part of your claim – this benefit only covers the cost to import the part.

4. Courtesy vehicle

If your vehicle is being repaired or serviced and you receive a courtesy vehicle, we will cover you for the following:

- We will cover you for loss or damage to the courtesy vehicle up to the lesser of the courtesy vehicle's retail value and your vehicle's sum insured, as long as the courtesy vehicle is not insured elsewhere for comprehensive vehicle insurance.
- If the courtesy vehicle is insured elsewhere for comprehensive vehicle insurance, then we will cover you for the excess you have to pay to the other insurer, after deducting the excess due under this policy. You must give us proof of the amount you paid.
- The following conditions apply:
 - The regular driver or the restricted driver (as applicable) were driving the courtesy vehicle at the time of the loss or damage.
 - The courtesy vehicle is a passenger vehicle or light delivery vehicle (LDV) with a gross vehicle mass not exceeding 3 500 kg.
 - We cover you for up to 31 days from the day you receive the courtesy vehicle, or until it is returned, whichever is the lesser. If further cover is required, then this needs to be agreed with us, and if agreed then specific terms may apply.
 - All the other terms and conditions of this policy will also apply to the courtesy vehicle and the regular driver or restricted driver (as applicable).

5. Credit shortfall – limited

If your vehicle is a total loss and you are still paying it off, there might be a difference (shortfall) between your outstanding loan on your vehicle finance agreement and the value your vehicle is insured for. This benefit covers you for that shortfall, but **only** up to limit shown in your policy schedule. If you choose the **Credit shortfall – extended** optional benefit, then we will settle the remaining balance of your outstanding loan amount as well. Cover is subject to the conditions below:

5.1 What we will pay to the financial institution

- When we settle your claim, our total payment to the financial institution will be calculated as follows:
 - The sum insured of your vehicle, plus the sum insured of any accessories and equipment that are included in your loan amount.
 - **PLUS:** The difference between your outstanding loan amount and the above.
 - **LESS:** The total of any costs that are not covered as shown under **What we do not cover**.

Please note: The sum insured of the vehicle will be the new list price of the vehicle, if the vehicle is less than 24 months old and all the conditions under the **Total loss claims: Vehicles younger than 24 months** benefit under the heading **How we may settle your claim** in the **Motor** section, are met.

- If we settle your claim under the **Credit shortfall – limited** benefit, we will only pay up to the limit shown in your policy schedule.

- If you choose the **Credit shortfall – extended** optional benefit, then we will settle the remaining balance of your outstanding loan amount as well.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.

5.2 What we will pay to you

If you insured any accessories that are not financed as part of your loan amount, we will pay the value of these insured accessories to you, and not to the financial institution.

5.3 What we do not cover under Credit shortfall

The total amount we pay to the financial institution will not cover your full outstanding loan amount, because the following are not covered:

- The excess due on your vehicle claim.
- Any amounts that we may deduct from your claim because there is no cover or limited cover, such as towing, storage and release fees where you did not arrange towing through us.
- Instalments which are in arrears and any interest on them.
- Any early settlement penalties.
- Any extra fees charged by your financial institution.
- Premiums for insurance, motor warranties and maintenance plans. These must be refunded to you by the administrator of the policy or warranty.
- Amounts added to the initial loan amount of your finance agreement after your vehicle's cover start date, and any finance charges and interest on it.

6. Damage caused by vermin and animals

We will cover damage caused by vermin or any animal (domestic or wild). Vermin are animals and insects that can be harmful and are difficult to control when they appear in large numbers. Vermin include moths, rodents, termites, parasitic worms or any other animal or insect classified as invasive species.

7. Delivery after repairs

We will pay the reasonable cost of delivering your vehicle to your home or business address after a valid claim, on condition that we have authorised the repairs and that the repairs are done in South Africa.

8. Emergency accommodation

If your vehicle is stolen, damaged or it breaks down, resulting in an overnight delay, we will pay back the cost of the accommodation you had to pay for you and your passengers. The limit for this benefit is in addition to the sum insured of your **vehicle**.

9. Emergency repairs

If your vehicle needs emergency repairs after an accident to get it safely back on the road, we will pay back the costs of these repairs. The following conditions apply:

- The reason for the repairs must be because of loss or damage which would be covered under this policy.
- You may only continue with emergency repairs if the total cost of the repairs is less than the limit shown in the policy schedule.
- If the total cost is more than the limit and you continue with the repairs without our permission, we will not pay more than the limit as shown in your policy schedule.
- You must give us a detailed invoice as part of your claim.

10. Emergency services

We will pay for the costs charged by any emergency-services provider – such as the fire brigade – that has to be called in to respond to an event involving your vehicle. The limit for this benefit is in addition to the sum insured of your **vehicle**.

11. Fire extinguishing costs

We will cover the costs of extinguishing or fighting a fire if the fire placed your vehicle at risk, but only if you are legally responsible for these costs. The limit for this benefit is in addition to the sum insured of your **vehicle**.

12. Hospital benefit

This benefit pays a daily allowance for any non-medical expenses if you require hospitalisation after sustaining bodily injury after an accident involving your vehicle.

- We will pay up to the limit shown in your policy schedule for each day in hospital, up to the maximum limit as shown in your policy schedule.
- Hospitalisation means that you are admitted to a registered medical facility for a continuous period of at least 24 hours.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.
- **Important:** This benefit does not provide the benefits of a medical scheme and is not a substitute for medical scheme membership.

13. Keys, locks and remote control units

- We will cover the costs for the following:
 - Replacing lost, stolen or damaged keys, remote control units and locks for your vehicle.
 - Replacing keys and remote control units for your vehicle if you suspect that an unauthorised person is in possession of duplicates.
 - Re-programming of any related vehicle systems, like central locking and alarm systems, but only if your keys have been lost, stolen or if you suspect an unauthorized person is in possession of duplicates.
 - If the keys are stolen from your home and you are also covered under the **Home** or **Contents** cover section, then we will cover your claim under this cover section and not under the **Home** or **Contents** cover section.

14. Modifications for disability

- We will pay for alterations to your vehicle if the regular driver or the restricted driver (as applicable) of the vehicle becomes permanently and physically disabled after an accident during the period of insurance and requires a wheelchair.
- We will pay for the following alterations to your vehicle:
 - Fitting wheelchair loading equipment.
 - Modification of the controls of the vehicle.
- This cover does not apply to motorcycles, scooters, three-wheeled vehicles, quad-bikes, motorised lawnmowers, non-motorised caravans, trailers or golf carts.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.

15. Theft of spare wheels

We will cover the theft of the spare wheel fitted to the outside of your vehicle, on condition that:

- You have a factory-fitted or Vesa-approved wheel-lock to the spare wheel or if the spare wheel can only be released from inside your vehicle. If you do not have the required wheel-lock fitted to your vehicle, an excess will apply.
- The spare wheel must have been forcibly or violently removed from your vehicle.

16. Towing after mechanical breakdown (within South Africa)

- **With our permission:** We will cover the cost of towing your vehicle because of mechanical breakdown on condition that:
 - You ask us to arrange the towing, and

- Your vehicle is towed to a place of safety, repair or your home, whichever is the closest.
- In the event of your vehicle being towed after-hours, your vehicle will be stored in a safe place until office hours.
- **Without our permission:** Cover is up to the limit as shown in the policy schedule if you do not get our permission for your vehicle to be towed.
- **Please note:** These limits only refer to towing within the borders of South Africa. However, if your vehicle breaks down outside South Africa, you need to arrange and pay for the towing yourself to get your vehicle back to the border. You can then make use of this benefit as described above to get your vehicle from the border to a place of safety, repair or your home, whichever is the closest.
- **Losses covered by another policy:** We do not cover costs of towing the vehicle as a result of a mechanical breakdown that you can claim for under any other insurance policy.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.

17. Towing and storage after a claim event

If your vehicle needs to be towed away, we will cover the cost of the towing to and storage at the nearest repairer, in addition to the claim amount. The following conditions apply to this benefit.

- **Within South Africa – with our permission:** If you call us and we arrange for your vehicle to be towed, we will cover the full cost of towing and storage.
- **Within South Africa – without our permission:** If you arranged the towing yourself, without calling us first, the cost of towing and storage, as well as the cost of recovering the wreckage of your vehicle before towing, will be up to the limit shown in your policy schedule.
- **Outside South Africa (repatriation):** We will cover the cost of towing and storage up to the limit shown in your policy schedule. Please refer to **How we handle claims in neighbouring countries** (repatriation) under the heading **How we may settle your claim** in this cover section for more detail.
- If you were towing a caravan or trailer at the time of the incident, we will also tow your caravan or trailer (weighing less than 3 500 kg), even if it is not insured with us.
- If your caravan or trailer breaks down, we will arrange for towing of the caravan or trailer, even if it is not insured with us, as long as it was towed by your insured vehicle.
- If the claim is rejected, you will be responsible for the towing and storage costs thereafter.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.

18. Transfer cover when buying a replacement vehicle

- If you sell the vehicle that is insured under this policy and replace it with another vehicle, we will transfer the cover to your replacement vehicle on the same terms for three business days as long as there is no other insurance cover on the vehicle.

Important: The three business days of cover does not mean that you will not have cover over weekends and public holidays. For example, if you collect the vehicle on a Friday at 8am, you will have cover from Friday, over the weekend until Wednesday, 8 am.

- During the first three business days after you took physical possession of the replacement vehicle, we will cover you for the value of the replacement vehicle, up to a maximum of the sum insured of the vehicle that you sold or the limit in your policy schedule, whichever is the lesser.
- If you want to cover the replacement vehicle after the three business days, you must ask your broker to add the vehicle to your policy and agree to any terms and conditions that we may enforce.

19. Transit cover

- We will cover your vehicle for loss or damage as a result of an accident, theft or attempted theft, fire, lightning, explosion or overturning when it is:
 - Being transported by a nationally recognised professional transport contractor or railway to or from any local destination.
 - Being transported by sea between ports within South Africa, or by air to countries where cover under this policy is valid.

- This includes the loading and unloading of the vehicle. Any transportation used must be designed for the safe and secure transporting of the vehicle.

20. Trauma counselling

- We will cover the cost of a registered professional counsellor for the treatment of trauma suffered by the driver or passengers of the vehicle if they are the victim of an act of violence or assault during a traumatic incident such as attempted theft, hold-up hijacking or fire.
- We will not pay if the driver or passengers are covered under another insurance policy for a similar benefit.
- The limit for this benefit is in addition to the sum insured of your **vehicle**.
- **Important:** This benefit does not provide the benefits of a medical scheme and is not a substitute for medical scheme membership.

21. Vehicle accessories

- We will cover your vehicle's optional factory-fitted accessories that are not included in its retail value and aftermarket accessories in addition to your vehicle's sum insured.
- **Factory-fitted accessories** are those standard and optional items that are originally fitted by the manufacturer during the production of the vehicle and which are generally included in the manufacturer's specification and in the vehicle's retail value. However, there are instances where optional factory-fitted accessories are not included in the retail value and those items will then be covered under this benefit.
- **Aftermarket accessories** are those accessories that were not originally fitted by the manufacturer during the production of the vehicle, and include the following:
 - Optional or additional accessories that you or any previous owner of the vehicle asked the motor dealer to have fitted before the vehicle was purchased.
 - Accessories that you or any previous owner of the vehicle bought separately and had fitted after the vehicle was purchased.
- We automatically cover these **optional factory-fitted** and **aftermarket accessories** up to the limit as shown in your policy schedule.
- However, if this limit is not enough to cover these accessories, you must specify each accessory and pay the extra premium. We will then cover your accessories up to the sum insured for each accessory as shown in your policy schedule.
- We will cover loss or damage to accessories that have been temporarily removed from your vehicle. Theft cover is on condition that the accessories are securely locked away and that there is proof of forcible or violent entry to or exit from the building.
- If you have replaced factory-fitted accessories with aftermarket accessories, the original parts are no longer included in your vehicle's sum insured. These parts are considered spares and will not be covered unless they are specified on your policy schedule.
- This benefit is not applicable if your vehicle is insured for an **Agreed value**. If your vehicle is insured for an **Agreed value**, then you must make sure that all accessories are included in your vehicle's sum insured.
- If your vehicle is insured for **Retail value plus**, you must make sure that you don't specify any accessories that are already included in your **Retail value plus** sum insured.

22. Vehicle rental excess

We will pay back the insurance excess you have to pay to a vehicle rental company, after deducting the excess due under this policy. You must give us proof of the amount you paid.

The following conditions apply:

- The regular driver or the restricted driver (as applicable) were driving the rental vehicle at the time of the loss or damage.
- The vehicle is rented for a period not exceeding 60 days.
- All the other terms and conditions of this policy will also apply to the rental vehicle and the regular driver or restricted driver (as applicable).

23. Winching equipment

- We will pay for the sudden and unforeseen mechanical or electrical breakdown of winching equipment fitted to your vehicle.
- We do not cover you for any loss or damage to your winching equipment if it is caused by:
 - Defective design, defective parts or defective repairs.
 - Operation of the winching equipment that is not in accordance with the manufacturer's recommendations.
 - Wear and tear (the gradual deterioration) of the winching equipment's parts, components, cable or coupling devices.

24. Windscreen, fitted glass and lights

We will repair or replace the accidentally damaged glass in any fitted windows and lights of your vehicle. Fitted windows include the windscreen, rear and side windows. Lights include the head-, tail-, and spotlights. The following conditions apply to this benefit:

- We will not limit the amount we will pay if you contact us and we arrange for the repair or replacement with our approved service provider.
- If you do not contact us before the repair or replacement, we will only pay up to the limit shown in your policy schedule.
- This benefit does not apply to sunroofs (including panoramic sunroofs).

OPTIONAL COVER

You are only covered if you choose the optional cover, it is shown in your policy schedule and you pay the extra premium. The following conditions apply:

- Optional cover is subject to a maximum of the limits set out in your policy schedule.
- Some of these optional covers are not available for selection for all types of vehicles. Please refer to your policy schedule to see which of these optional covers are available for your specific vehicle and the cover you have selected.
- When the optional cover is only increasing the limit of cover already provided for under the included cover, then the limit under this section is in addition to the limit of the automatically included cover.

1. Car hire

1.1 When we will arrange a rental vehicle

- We will arrange for you to rent a vehicle if we accept a claim for loss or damage to your vehicle, except for claims under the included **Windscreen, fitted glass and lights** cover.
- If your vehicle is still drivable, the rental vehicle is only available from the date that your vehicle is dropped off at our repairer.
- You may use the rental vehicle from the date your claim is accepted until the earliest of the following:
 - The end of the number of days you chose as shown in your policy schedule.
 - The date that the repairs on your vehicle are finalised.
 - The date that we settle a claim for a total loss.
 - The date that we return your vehicle to you if it is recovered after theft or hijacking.
- If we reject your claim, you will be responsible for the car hire costs thereafter.

1.2 What the car hire benefit includes

The car hire benefit includes the rental of a vehicle which is listed in the vehicle hire group that you chose, as shown in your policy schedule as well as all of the following:

- Unlimited kilometers.
- Airport surcharge for rentals from an airport.
- Tourism levies.
- Delivery or collections up to 25 kilometers from the nearest vehicle hire company contracted by us.

1.3 What is not covered

You are responsible for all of the following costs:

- The administration fee charged by the vehicle hire company, the contract fee, refundable fuel deposit, fuel and toll costs.
- The amount that exceeds the amount payable under the included **Vehicle rental excess** cover, in respect of the excess charged by the vehicle hire company for loss or damage to the rental vehicle.
- Any loss or damage to the rental vehicle that you accept liability for in terms of your contract with the vehicle rental company, with the exception of the excess described above.
- Traffic or speeding fines while the rental vehicle is in the driver's custody and control.
- Costs after the rental vehicle has been in the driver's custody and control for longer than allowed.

1.4 Special conditions

- You must sign all documentation required by the vehicle hire company because the rental agreement is between you and the vehicle hire company contracted by us.
- Only the person that received permission from the vehicle hire company may drive the rental vehicle. That person must be in the possession of a valid driver's licence.
- We will not pay the cost of the vehicle hire if you do not keep to the terms, conditions and insurance requirements of the vehicle hire company.

The limit for this benefit is in addition to the sum insured of your **vehicle**.

2. Credit shortfall – extended

If your vehicle is a total loss and you are still paying it off, there might be a difference (shortfall) between your outstanding loan on your vehicle finance agreement and the value that your vehicle is insured for. This benefit covers you on the same terms and conditions of the limited cover, for the balance of the shortfall that is not covered under the **Credit shortfall – limited** included benefit. The limit for this benefit is in addition to the sum insured of your **vehicle**.

Please note: The sum insured of the vehicle will be the new list price of the vehicle, if the vehicle is less than 24 months old and all the conditions under the **Total loss claims: Vehicles younger than 24 months** benefit under the heading **How we may settle your claim** in the **Motor** section, are met.

3. Reduction in vehicle value

Your vehicle may lose value after it was stolen and recovered and then issued with a SAPVIN number. In this event you must follow the claims process set out under the heading: **How we may settle your claim**. If it is not covered by your main cover, then this is the process you must follow:

- **How to claim for your tyres**
 - Take your vehicle to a recognised tyre retailer.

4.6 Claim conditions

- **Waiting period**
You may not claim for a tyre during the first 30 days after the cover start date for this optional benefit.

YOUR RESPONSIBILITIES

In addition to your responsibilities set out in the **General term and conditions: Your responsibilities** section, you have extra responsibilities that specifically apply to your **Motor Vehicle** cover section.

1. Comply with our security requirements

You must read your policy schedule to know what your security requirements are.

- We may specify the type of tracking device to be installed in your vehicle, which may be an early-warning device, a radio frequency device or a combination of either. An early-warning tracking device is one that can automatically alert you or the tracking company.
- You will not have any theft or hijacking cover if a security device is a condition of cover noted in your policy schedule and you do not have it installed.
- If a tracking device(s) is either:
 - a requirement for your vehicle; OR
 - not a requirement for your vehicle but you decide to get one and it is noted in your policy schedule and the appropriate premium discount has been given then **we will not pay a claim** for theft or hijacking in any of the following instances:
 - The tracking device(s) is not of the type stipulated in your policy schedule.
 - The tracking device(s) was not in working order at the time of the incident.
 - Your contract(s) was not active at the time of the incident.
 - You did not comply with the conditions of that contract(s).
 - You did not report the theft or hijacking to the tracking company(ies) as soon as reasonably possible after the incident.
- An additional excess will apply if the vehicle is left unattended and the application(s) for the early-warning tracking device(s) was accidentally not activated.

2. You must comply with conditions of cover

Before we agree to insure certain items, or to provide full or partial cover in certain instances, you may be requested to comply with measures to reduce the risk and severity of loss or damage. For example, we may ask you to have a tracking device installed in your vehicle. We will give you 14 days from the date we told you about these requirements for you to comply, unless we agree otherwise in writing.

3. Tell us of material changes

If there is a material change to the risk of the vehicle, we need to know within 21 days from the date that it has changed. You must tell us of the following:

- **Modifications:** If your vehicle is modified from the manufacturer's specifications, including changes to the engine capacity, suspension or to enhance its performance, we must agree to cover the modified vehicle.
- **Driver changes:** If the regular or restricted driver shown in the policy schedule changes, you must tell us.
- **Type of use:** You must tell us if your vehicle's type of use changes.
- **Address:** If the address where your vehicle is usually parked changes.
- **Limited mileage:** If your vehicle is insured for limited mileage, you must send us your vehicle's odometer reading every year at your renewal date as this affects your premium.

HOW WE MAY SETTLE YOUR CLAIM

In addition to the conditions set out in the **General terms & conditions: Claiming under this cover section**, there are extra conditions that specifically apply to your **Vehicle** section.

1. Total loss claims

- **Vehicles younger than 24 months:** We may choose any of the following methods to settle your claim:
 - **Replace:** We may replace your vehicle with a new vehicle of the same or similar make, model and specification. If your vehicle is still financed, remember that your financial institution's interest still takes priority. We will explain the process to you at claim stage and we will only replace your vehicle if you agree to it.
 - **Cash:** We may pay the list price of a new vehicle that is the same or similar make, model and specification (if the same model is not available).

We will only do this if all of the following applies:

 - You are the first registered owner of the vehicle.
 - Your vehicle is less than 24 months old from the first registration date at the date of the claim event.
 - Your vehicle has less than 40 000 kilometres on its odometer at the date of the event.
 - In the case of the vehicle being stolen, that it was not recovered within 30 days.
- **Vehicles older than 24 months:** If your vehicle is older than 24 months from its first registration at the date of claim event, we may replace your vehicle or we may settle the claim in cash as explained below:
 - **Replace:** We may replace your vehicle with a used vehicle which is similar to, or better than your vehicle which was stolen or written-off. We will only do this if you agree to it.
 - **Cash:** We will settle the claim in cash by transferring the money into the bank account we have on record. If your vehicle is still financed, remember that we will first pay the financial institution as explained in the **General terms & conditions** section.
- **Cover ends after a total loss:** Cover for your vehicle ends if it is stolen and not recovered, or if our claims decision is to treat it as a write-off. If your vehicle is written-off, it becomes our property.

2. Repairable vehicles

- **We will use our repairer**
 - We will arrange for repairs to be carried out by a qualified repairer. The repairer will repair your vehicle to a condition substantially the same as its condition immediately before the event.
 - The quality of the workmanship and the materials used by our repairer are guaranteed for as long as you own the vehicle. This guarantee does not include wear and tear, rust, corrosion or depreciation.
 - If you are concerned about the quality of the repairs to your vehicle, you must tell us and make your vehicle available to us for inspection.
 - We will not pay for any work to your vehicle to correct repairs, unless we gave you our permission before the work was done.

- For non-road vehicles, you may only use a different repairer if we agree.
- Repairs must start within three months from the date on which we approved the repairs. If you only take your vehicle in for repairs after the three-month period, then we will only pay the amount that we agreed to as at the date of our approval. You will then have to pay the balance.
- **Replacement parts we may use**
 - If your vehicle is still covered by the manufacturer's warranty, service or motor plan, we will repair your vehicle according to the manufacturer's specifications.
 - If your vehicle is no longer covered by the manufacturer's warranty, service or motor plan, we may use new parts, parts which are consistent with the age or condition of your vehicle or approved alternative parts.
- **Replacement of windscreens, fitted glass or lights**
 - When replacing a windscreen, fitted glass or lights, we will choose to use either Original Equipment Manufacturer (OEM) or non-OEM (generic) glass that meets SABS safety and quality standards. The excess will vary depending on the glass chosen.
 - If any damaged part forms part of a set (for example side mirrors), we will only pay for the replacement of the actual part that is damaged.
- **Unavailability of parts in South Africa**
 - If any part, windscreen, fitted glass, lights or accessory are no longer available from the manufacturer, or is not available in South Africa, the following applies:
 - We will pay for the cost of a similar part or accessory that is available in South Africa, or we will pay the last listed price of the part or accessory that is no longer available, plus the reasonable costs to import it, up to the limit as shown in your policy schedule for the included **Cost of importing parts** cover.
 - We will also pay for the cost to have the part fitted to your vehicle by our preferred repairer.
 - We are not responsible for any additional costs because of a delay in the supply of parts or accessories.

3. How we handle claims in neighbouring countries (Repatriation)

If you have a valid claim, we may decide either to have the vehicle repaired in the country concerned, or let you bring it back to South Africa for repairs. You usually sign an agreement at the border stating that you are responsible to remove the vehicle from that country when returning to South Africa.

- **What we do not cover:**
We will not pay for the following:
 - Theft of parts or accessories while the vehicle is left unguarded at the scene of an accident, unless this is out of your control.
 - More than the amount in your policy schedule for towing outside of South Africa as explained under the included **Towing and storage** cover.
 - Any government-imposed duties, customs, charges or stamps.
- **If the vehicle is a write-off:** If your vehicle is write-off and you do not bring it back to South Africa, we will deduct the value of the salvage from your pay-out.
 - The value of the salvage will be the amount we would have received for it in South Africa in terms of our salvage agreement with our salvage contractor.
 - You will remain the owner of the salvage and be responsible for complying with any local government requirements.
 - This means that the **Salvage belongs to us after a claim** condition in the **General terms & conditions: Claiming under this policy** section does not apply in this instance.

4. Reduced pay-out for built-up or SAPVIN vehicles

If your vehicle has been rebuilt (Code 3) or is a SAPVIN code vehicle and it is written off or stolen, we may reduce your pay-out by a minimum of 30% of the retail value.

- When calculating the retail value, we will consider factors such as condition and mileage of the vehicle.
- A Code 3 vehicle is a new or used vehicle that has been rebuilt after sustaining damage in an accident or incident. Even though it is roadworthy and complies with all relevant legislation, it always carries a Code 3 rating.
- A SAPVIN (SA Police Vehicle Identification Number) code vehicle can be allocated only by the Police when a vehicle's VIN number or engine number has been tampered with. The VIN number usually starts with AAPV.

3. What we will pay

We will pay the actual amount of liability, legal costs or expenses up to the limits shown in the policy schedule.

- A maximum limit will apply within one year irrespective of the number of claims you may have during the period of insurance.
- All pay-outs are made in South Africa, in local currency.

4. Who we will pay

- We will pay the claim amount to you or the approved service provider who assisted you with your claim.
- If we accept legal liability on your behalf, we will pay the claim amount to the person who is claiming liability against you.

5. Dual insurance – if you have double insurance

If you have more than one insurance policy in place that covers you for liability, legal costs or expenses for the same event, the full amount of the claim will be split proportionally between the different policies.

- The cover you have under each policy will determine how we split the claim amount.
- If you claim from us, you may not also claim from the other insurer, and if you claim from the other insurer, you may not also claim from us.
- If you claim from us, we may settle your claim in one of the following ways:
 - We may pay the full claim amount to you and recover from the other insurer the part of the claim which they are responsible for.
 - We may pay only our part of the claim to you and arrange with the other insurer to pay their part of the claim directly to you.
- Whichever option we decide on, we will pay back the part of the premiums received which relates to the other insurer's part of the claim, but only in respect of premiums received for three years prior to the date of the claim.
- It is the other insurer's responsibility to refund premiums you paid to them relating to our portion of the claim, and you will have to contact the other insurer directly for a refund.

6. Help us with any legal proceedings

Your assistance may be required if we decide to start legal proceedings against any party responsible for the loss. Note that any such legal action may be taken in your name.

7. Our responsibility ends after we have paid a claim

Once we have paid a claim, we have met our responsibilities to you under this cover section. We will not be responsible for any other costs relating to that claim.

8. We will not pay any interest

We do not pay interest on any amount due by us unless ordered to do so by a South African court of law or agreed arbitrator.

9. If you do not agree with our claims decision

Please refer to the process explained under **How to complain** in the **General terms & conditions** section.

10. Prescription – expiry of claims

When a claim prescribes, it means that you have lost your right to claim and we will no longer be legally responsible to pay that claim.

- A claim will prescribe after 12 months from the date of the event, unless any of the following applies:
 - You have referred the claim to the National Financial Ombud Scheme South Africa NPC.
 - You have started legal action against us.
 - The claim relates to your legal liability towards another person.

Sasria – Material Damage

Material Damage Policy 2026

Sasria provides non-life insurance cover against special risks that the broader insurance industry does not cover. This document is the legal and official version of your Sasria policy wording. The laws of South Africa govern this policy.

Your Sasria policy and the underlying policy.

There must be an underlying policy in force before Sasria cover can be issued. The Sasria cover attaches to terms, conditions, exceptions, exclusions and warranties of the underlying policy. If you choose to only take out Sasria cover, there must be a pro forma underlying policy issued by an authorised Sasria Agent for Sasria to attach to. Sasria's cover only applies to the basic cover of the underlying policy. It does not automatically apply to any additional perils and extensions, deductibles, benefits and incentives included in the underlying policy, whether optional or not.

Operative Clause

Subject to the terms, conditions, provisions and limitations contained in this Policy, the Limit of Indemnity applicable to the Insured, and conditional upon the Insured paying the required Premium in accordance with the conditions set out in this Policy, Sasria agrees to indemnify the Insured on the basis set out in this Policy for Loss or Damage directly caused by the Defined Events during the Period of Insurance.

Sasria will indemnify the Insured for Loss or Damage to the Insured Property during the Period of Insurance that is directly caused by the following Defined Events while the Defined Event is active and operative:

1. Any act (whether on behalf of any organisation, body or person, or group of persons) calculated or directed to overthrow or influence any State or Government, or any provincial, local or Tribal Authority with force, or by means of fear, Terrorism or violence;
2. Any act which is calculated or directed to bring about Loss or Damage in order to further any political aim, objective or cause, to bring about any Social or Economic Change; or in protest against any State or Government, or any provincial, local or Tribal Authority, or for the purpose of inspiring fear in the public, or any section thereof;
3. Any Riot, Strike, Public Disorder (including Civil Commotion, Labour Disturbances or Lockouts), or any act which is calculated to bring about a Riot, Strike or Public Disorder;
4. Any attempt to perform any act referred to in 1, 2 or 3 above;

6. Looting committed as part of the acts referred to in 1, 2, 3, 4 or 5 above.

03

The Insured.

Sasria cover is subject to the Limit of Indemnity and operation thereof as set out in this Policy.

Sasria will cover the following as an Insured:

1. A natural person for its own rights and interests in the Insured Property;
2. A municipality as defined and established in terms of the Local Government: Municipal Structures Act 117 of 1998 as and when amended, for its interests in the Insured Property;
3. A Company, and a Holding Company and all of its Subsidiaries on a joint basis for their collective interests in the Insured Property;
4. A Subsidiary of a Holding Company, or an incorporated juristic person (in accordance with and recognised by the Companies Act or other enabling legislation) where it is not already insured jointly with a Holding Company, for its interests in the Insured Property.

Sasria does not issue cover on a joint basis to consortiums, co-owners of property, unincorporated joint ventures, or any other unincorporated juristic entity, juristic person, or association(s) that are not recognised and incorporated, and which are not capable of obtaining separate legal personality with provisions that allow for the separation of assets and liabilities from members or partners of the entity. This is so, irrespective of the interest that such parties may have in any Insured Property. To the extent that such parties require Sasria cover, they will need to be covered in accordance with one of the categories set out above, and not separately as a consortium, co-owners, unincorporated joint venture or any other unincorporated juristic person or association.

Sasria acknowledges that parties that fall within the four Categories set out above may have a joint interest of any nature in Insured Property, which respective interests may be covered under separate Policies issued by Sasria to such parties in accordance with the Categories set out above. The cover available for such Insured Property, regardless of how many respective Insured parties have an interest therein and how many Policies cover the interest in respect of that Insured Property, may never exceed the Sum Insured of that Insured Property or the aggregate Limit of Liability of R500 000 000.00, whichever is the lesser. The R500 000 000.00 aggregate Limit of Liability does not accumulate for an Insured Property that is insured under separate Policies.

Notwithstanding the definition and description of the Insured on the Schedule:

1. Sasria contracts with all insured entities forming part of the Insured on a joint basis and the cover provided by Sasria applies collectively to the insured entities forming part of the Insured.
2. The rights and obligations of the insured entities forming part of the Insured are joint and not several.
3. Any Limit of Indemnity or sub-limit (where applicable) applies once jointly to the insured entities forming part of the Insured and not separately to each such entity.

04

General Conditions.

The following General Conditions are applicable to this Policy. The Insured must comply with each General Condition in order to be entitled to compensation under this Policy. Any non-compliance or failure by the Insured to comply with any of the below General Conditions entitles Sasria, without prejudice to any other right it may have, to reject any claim.

1. Communications with Sasria

1.1 All communications and correspondence of the Insured pertaining to any aspect of this Policy, including claims communications and any disclosures must be directed to the Sasria Agent or to Sasria directly.

2. Payment of Premium

2.1 The payment of the Premium by the Insured is a **condition precedent** to the indemnity afforded under this Policy.

2.2 The Premium must be **paid in advance**, on or before the date specified on the Schedule, each month or each year (depending on the Period of Insurance) or within a grace period as allowed and communicated to the Insured by the Sasria Agent, up to a maximum of 30 days ("**the Grace Period**").

2.3 If the Insured does not pay the Premium on, before or within the Grace Period, Sasria will not be required to indemnify the Insured for any Loss or Damage and this Policy **will automatically terminate at midnight on the last day of the previous Period of Insurance**.

3. Premium Adjustment

3.1 The Insured shall, after the expiry of each Period of Insurance or, if a monthly Policy, each period of 12 consecutive months from the inception or anniversary date of the Policy, furnish the Sasria Agent with such particulars and information that Sasria may require for the purpose of recalculating or adjusting the premiums for any such Period of Insurance.

4. Amendment(s) and Cancellation(s)

4.1 The Insured may cancel the Policy on 30 days written notice to the Sasria Agent.

4.2 Sasria may cancel the Policy in circumstances where premium has not been paid in accordance with the Payment of Premium condition.

4.3 On any such cancellation as referenced above, provided that there has not been a claim within the Period of Insurance, the Insured is entitled to a return of pro rata amount of Premium for the remainder of the Period of Insurance from the date of cancellation save for the customary short period or minimum premium for the period the policy has been in force.

4.4 In the case of an annual/monthly Policy, Sasria may make amendments to the Policy at renewal or anniversary of the Policy.

5. Claims

5.1 On the happening of any event or occurrence which may result in a claim under this Policy, the Insured must, at its own expense:

5.1.1 **As soon as practicable, but not later than 48 hours**, after the event or occurrence, inform the police and take all practicable steps to discover the guilty party;

5.1.2. Within **30 calendar days of the event or occurrence** give written notice thereof to the Sasria Agent and provide particulars of any other insurance covering such events or occurrences;

5.1.3 **As soon as practicable, but not later than 60 calendar days** (unless otherwise agreed by Sasria) after the event or

occurrence submit to the Sasria Agent full details (including but not limited to documents, quotations, assessment reports) in writing of a claim that has been notified in accordance with clause 5.1.2 above;

5.1.4 Render all assistance in the identification and physical recovery of such goods if lost or stolen goods or any part thereof are located, provided that reasonable expenses in rendering such assistance will be reimbursed by Sasria. Any such reimbursement is subject to and not in addition to the Limit of Indemnity.

5.2 The Insured must not do anything which prejudices or limits Sasria's right of recovery against any other party.

5.3 The Insured may not make any admission, statement, offer, promise, agreement, undertaking or payment without Sasria's express written consent.

5.4 On the happening of any event or occurrence in terms of which a claim is or may be made under this Policy, Sasria, the Sasria Agent, and any person authorised by Sasria may, without incurring any liability and without diminishing the right of Sasria to rely on any provision of this Policy:

5.4.1 Take, enter or keep possession of any Damaged Insured Property and deal with it in a reasonable manner. The Insured may not abandon any Insured Property to the Insurer, whether taken possession of by the Insurer or not;

5.4.2 Prosecute in the name of the Insured any claim for indemnity or damages or otherwise and shall have full discretion in the conduct of any proceedings and the settlement of any claim.

5.5 The Insured shall do and permit to be done all such things as may be required by the Insurer for the purpose of enforcing any right to which the Insurer shall be or would become subrogated upon indemnification of the Insured, whether such things shall be required before or after such indemnification.

5.6 In the case of a Total Loss, on indemnification by Sasria, the rights to the salvage of any Insured Property vest in Sasria and Sasria is authorized to dispose of the salvage as it deems fit.

6. Time Limitations

6.1 **No claim will be payable after the expiry of 24 (twenty four) months** (or such further time as Sasria may expressly allow in writing) from the happening of the event or occurrence, unless the claim is the subject of a pending legal process against Sasria.

6.2 Subject to the provisions of the Policyholder Protection Rules (where applicable), where Sasria elects to reject a claim, **the Insured has a time period of 6 (six) months** from the date on which the rejection of the claim is received by the Insured or an authorised agent of the Insured within which to institute a legal process against Sasria claiming payment of the claim, failing which no claim will be payable and Sasria will not have any liability to the Insured in terms of such a claim.

7. Changes to Risk Information

7.1 The Insured must disclose any changes to the Risk Information, including but not limited to changes to the management, ownership or control, any change in the nature of the business carried out or changes in operating conditions or values at risk, to the Sasria Agent in writing as soon as possible, but not later than 10 (ten) days after the Insured became aware of the changes to the Risk Information.

7.2 If the Insured does not disclose changes to the Risk Information as aforesaid then, without prejudice to any other rights it may have, Sasria is entitled to reject any claim.

8. Company Information and Basis of Cover

8.1 The basis of cover in terms of which a Policy will be issued to the Insured is dependent on the Insured's representation of accurate company information, including but not limited to details of holding company, subsidiaries, subsidiaries of subsidiaries.

8.2 If, after inception of a Policy, Sasria becomes aware of or determines that the basis of cover and manner in which a Policy was issued was incorrect and not in accordance with the Insured and basis of cover clause above, the incorrectly issued Policy is, without prejudice to any other rights Sasria may have, voidable at the election of Sasria, irrespective of whether the Insured made a representation or not, or whether any representation was material.

9. Misrepresentation and non-disclosure

9.1 Sasria is entitled to rely on representations and disclosures of Risk Information and any other information made by the Insured to Sasria or the Sasria Agent pertaining to the risk covered by this Policy at inception or during the currency of this Policy.

9.2 Any material misrepresentation or non-disclosure of any Risk Information by the Insured or any party representing the Insured, whether at inception of the Policy or during the currency of the Policy, to Sasria or the Sasria Agent shall entitle **Sasria to avoid the Policy or any item or section of the Policy affected by such misrepresentation or non-disclosure as from the date of such misrepresentation or non-disclosure.**

9.3 In the alternative and only to the extent that an avoidance of the Policy or any section thereof is not upheld, Sasria may rely on the material misrepresentation or non-disclosure to reject a claim as a result thereof.

10. Reasonable Precautions

10.1 The Insured warrants that it will take **all Reasonable Measures, including but not limited to reasonable steps and precautions to prevent and mitigate any Loss or Damage**, which includes but is not limited to **compliance with and adherence to:**

10.1.1. **all laws, regulations and standards; and**

10.1.2. **any additional risk mitigation measures prescribed by the Sasria Agent in terms of Material Damage cover or such measures as prescribed in terms of this Policy ("Additional Risk Mitigation Measures").**

10.2 The Insured warrants that it does comply with and adhere to all laws, regulations and standards applicable to the Insured and the Insured Property, as well as Additional Risk Mitigation Measures as defined above.

10.3 Should the Insured fail to take all Reasonable Measures, reasonable steps and/or precautions to prevent and mitigate any Loss or Damage, or fails to comply with or adhere to, in any respect, with laws, regulations and

standards and Additional Risk Mitigation measures, Sasria may, without prejudice to any other rights that it may have, reject the claim.

11. Indemnification

11.1 If the Insured has submitted a claim which has been accepted as valid by Sasria, Sasria will indemnify the Insured by, at Sasria's election and within its sole discretion, making payment to the Insured, or by repairing, replacing or reinstating the Insured Property subject to the Basis of Settlement clause, the application of Average, the Sum Insured and the Limit of Indemnity.

12. Limit of Indemnity

12.1 The Limit of Indemnity of the Insured is R500 000 000.00 (five hundred million Rand). The Limit of Indemnity applies in the annual aggregate and is the amount of cover that the Insured has for the annual Period of Insurance. The Limit of Indemnity for the annual Period of Insurance will be reduced by the amount paid in terms of all claims until it is depleted, and will not automatically reinstate after every claim.

12.2 The Limit of Indemnity includes Extensions elected by the Insured which are insurable by Sasria as reflected on the Schedule.

12.3 The Limit of Indemnity applies jointly in terms of the following classes of business: Material damage (Fire, Goods-in-Transit and Marine, Money, and Business interruption) of Sasria cover, and does not apply separately to each such class of business.

12.4. Where the Insured is a Mayor or Councilor and is covered under the Municipality Cover the applicable maximum annual aggregate Limit of Indemnity is R1 500 000.00 (one million five hundred thousand Rand) only and may never exceed this within a period of insurance.

12.5. In addition to the Limit of Indemnity, the Insured may purchase from Sasria up to R500 000 000.00 (five hundred million Rand) cover ("the Excess of Loss Cover") over and above the Limit of Indemnity, which is applicable to Material Damage and Standing Charges cover only.

13. The Sum Insured

13.1 The Sum Insured represents the value at risk of the Insured's interest in the Insured Property, as communicated

by the Insured at inception and/or renewal of this Policy. The Sum Insured must be adequate and representative of such value at risk of the Insured Property.

13.2 While the Sum Insured as represented may exceed the value of Loss or Damage suffered and may exceed the value of the Limit of Indemnity, the Insured will only ever be entitled to claim the value of the Loss or Damage suffered, subject to the Limit of Indemnity.

14. Application of Average

14.1 Following Loss or Damage, if the value at risk of the Insured Property is greater than the Sum Insured as represented to Sasria or Sasria's Agent in the Risk Information, the Insured will be considered its own insurer for the difference between the value at risk and the Sum Insured, and Sasria is entitled to apply Average (as defined) to any payable claim, in terms of which its liability for any Loss or Damage will be reduced proportionately to the percentage difference between the value of the Insured Property and the Sum Insured.

14.2 In circumstances where an Insured has an interest in the Insured Property together with another party that is covered for its respective interest under a separate Policy (in accordance with the Insured and Basis of Cover clause above), any incorrect or inaccurate representation of a Sum Insured by such other party with an interest in the Insured Property will not have an impact on the Insured where the Insured made a correct and accurate representation of the Sum Insured.

14.3 This Policy is not written on a first loss limit basis and Average, and this General Condition, applies to each and every claim unless otherwise expressly communicated by Sasria.

15. Territorial Limits

Basis of Settlement for Material Damage

In the event of Sasria accepting a claim, it will, at its election and in its sole discretion, compensate the Insured for the Loss or Damage in accordance with this clause and subject to the Limit of Indemnity and the Application of Average condition.

Any salvage recoveries or payments recovered or received by the Insured prior to any claim payment by Sasria shall reduce the amount of any claim settlement accordingly.

If the Insured Property is the subject of a financing arrangement and the Financier and its interest was expressly disclosed and noted on the Schedule, then Sasria will first make payment to the financier in accordance with its remaining interest in the Insured Property, and the balance of any compensation for the Loss or Damage payable by Sasria will then be paid

Sasria will cover the following as an Insured:

Buildings

In the event of Insured Property (other than Stock, documents or as otherwise expressly stated below) being Damaged or Lost, the basis upon which the amount payable is to be calculated shall be the cost of replacing or reinstating on the same site property of the same kind or type but not superior to nor more extensive than the Insured Property when new, provided that:

1. The work of replacement or reinstatement (which may be carried out upon another site and in any manner suitable to the requirements of the Insured, subject to the liability of Sasria not being thereby increased) must be commenced and carried out with reasonable despatch. Otherwise, no payment, beyond the amount which would have been payable if these reinstatement value conditions had not been incorporated herein, shall be made.

2. Until expenditure has been incurred by the Insured in replacing or reinstating the property, Sasria shall not be liable for any payment in excess of the amount which would have been payable if these conditions had not been incorporated herein.
3. If, at the time of replacement or reinstatement, the sum representing the cost which would have been incurred in replacement or reinstatement (if the whole of the Insured Property had been damaged) exceeds the insured amount thereon at the commencement of any Damage to such Insured Property by a Defined Event, then the Insured shall be considered as being their own insurer for the excess and shall bear a rateable proportion of the loss accordingly. Each item of this section (if more than one) to which these conditions apply shall be separately subject to this provision.
4. These conditions shall be without force or effect, and the amount payable will revert to the reasonable Market Value if:
- The Insured fails to intimate to Sasria within six months of the date of Loss or Damage or such further time as Sasria may, in writing, allow, his intention to replace or reinstate the Insured Property.
 - The Insured is unable or unwilling to replace or reinstate the Insured Property on the same or another site.

For purposes of this clause, the Insured Property shall be deemed to have been repaired or reinstated when it has been restored to a condition substantially equivalent to, and fit for, the same operational use immediately prior to the occurrence of the Damage. This requires that all essential structural, mechanical, electrical and safety-related components have been reinstated to a functional and lawful standard, enabling the Insured Property to be used for its intended purpose.

The Insured Property need not be restored to an identical aesthetic condition, nor must non-essential finishes, improvements or enhancements be fully completed, provided that any outstanding work does not materially impair safe, practical or lawful occupation or use of the Insured Property.

In the event of Loss or Damage to Stock of the Insured, Sasria will, subject to the Limit of Indemnity, pay to the Insured the cost price of Stock immediately prior to the Loss or Damage.

Documents

In the event of Loss or Damage to documents, Sasria will, subject to the Limit of Indemnity, pay to the Insured the costs, charges and expenses incurred by the Insured in replacing or restoring such documents.

Other Insured Property

In the event of partial Damage where Insured Property is to be restored, Sasria shall, subject to the Limit of Indemnity, pay the cost of restoration of the Insured Property to a condition substantially the same but not better or more extensive than the condition of the Insured Property when new.

Where Insured Property cannot be replaced or reinstated, the amount payable by Sasria will, subject to the Limit of Indemnity be the cost of such item(s) immediately prior to the Loss or Damage ("the replacement value").

Unless otherwise stated in respect of any specific Insured Property above, in the event of Loss or Damage to Insured Property and where Insured Property is capable of replacement with a new item(s) with similar capabilities or functionalities then, at the option of the Insured, such Insured Property shall be valued as follows and the settlement payable for Sasria will, subject to the Limit of Indemnity be based on such valuation:

1. If the Insured Property is to be replaced by an item(s) which has the same or lesser function or capability, then the value thereof shall be the cost of such a new replacement item(s) as would give the same total function or capability as the Insured Property that was Lost or Damaged.
2. If the Insured Property is to be replaced by an item(s) which have a greater function or capability but the cost of such new replacement item(s) is no greater than the replacement value, then no deduction shall be made from the amount payable by Sasria for the improved function or capability.
3. If the Insured Property is to be replaced by an item(s) which have a greater function or capability but the cost of such new replacement item(s) is greater than the replacement value, then a deduction equivalent to the amount by which the cost of such new replacement exceeds the replacement value shall be made from the amount payable by Sasria for the improved function or capability.

Extensions (If selected and stated in the schedule to be included)

The below listed extensions are not automatically included in the Policy nor are they automatically applicable to the Insured. They will only apply where the Insured has paid an additional premium for the application of the extension, and where the extension is expressly stated to be included on the Schedule. The Schedule will set out the Sum Insured and relevant sub-limit applicable to each extension, as well as the portion of the total premium that is representative of the cover provided under each selected extension (which will be the equivalent of any such sub-limit for that extension on the underlying policy)

The cover for these extensions, if selected, is subject to and not in addition to or over and above the Limit of Indemnity.

1. Any act (whether on behalf of any organisation, body or person, or group of persons) calculated or directed to overthrow or influence any State or Government, or any provincial, local or Tribal Authority with force, or by means of fear, Terrorism or violence;

2. Any act which is calculated or directed to bring about Loss or Damage in order to further any political aim, objective or cause, to bring about any Social or Economic Change; or in protest against any State or Government, or any provincial, local or Tribal Authority, or for the purpose of inspiring fear in the public, or any section thereof;

03

The Insured.

Sasria cover is subject to the Limit of Indemnity and operation thereof as set out in this Policy.

Sasria will cover the following as an Insured:

1. A natural person for its own rights and interests in the Insured Property;
2. A municipality as defined and established in terms of the Local Government: Municipal Structures Act 117 of 1998 as and when amended, for its interests in the Insured Property;
3. A Company, and a Holding Company and all of its Subsidiaries on a joint basis for their collective interests in the Insured Property;
4. A Subsidiary of a Holding Company, or an incorporated juristic person (in accordance with and recognised by the Companies Act or other enabling legislation) where it is not already insured jointly with a Holding Company, for its interests in the Insured Property.

Sasria does not issue cover on a joint basis to consortiums, co-owners of property, unincorporated joint ventures, or any other unincorporated juristic entity, juristic person, or association(s) that are not recognised and incorporated, and which are not capable of obtaining separate legal personality with provisions that allow for the separation of assets and liabilities from members or partners of the entity. This is so, irrespective of the interest that such parties may have in any Insured Property. To the extent that such parties require Sasria cover, they will need to be covered in accordance with one of the categories set out above, and not separately as a consortium, co-owners, unincorporated joint venture or any other unincorporated juristic person or association.

Sasria acknowledges that parties that fall within the four Categories set out above may have a joint interest of any nature in Insured Property, which respective interests may be covered under separate Policies issued by Sasria to such parties in accordance with the Categories set out above. The cover available for such Insured Property, regardless of how many respective Insured parties have an interest therein and how many Policies cover the interest in respect of that Insured Property, may never exceed the Sum Insured of that Insured Property or the aggregate Limit of Liability of R500 000 000.00, whichever is the lesser. The R500 000 000.00 aggregate Limit of Liability does not accumulate for an Insured Property that is insured under separate Policies.

Notwithstanding the definition and description of the Insured on the Schedule:

1. Sasria contracts with all insured entities forming part of the Insured on a joint basis and the cover provided by Sasria applies collectively to the insured entities forming part of the Insured.
2. The rights and obligations of the insured entities forming part of the Insured are joint and not several.
3. Any Limit of Indemnity or sub-limit (where applicable) applies once jointly to the insured entities forming part of the Insured and not separately to each such entity.

04

General Conditions.

The following General Conditions are applicable to this Policy. The Insured must comply with each General Condition in order to be entitled to indemnification under this Policy. Any non-compliance or failure by the Insured to comply with any of the below General Conditions entitles Sasria, without prejudice to any other right it may have, to reject any claim.

1. Communications with Sasria

1.1 All communications and correspondence of the Insured pertaining to any aspect of this Policy, including claims communications and any disclosures must be directed to the Sasria Agent or to Sasria directly.

2. Payment of Premium

2.1 The payment of the Premium by the Insured is a **condition precedent** to the indemnity afforded under this Policy.

2.2 The Premium must be **paid in advance**, on or before the date specified on the Schedule, each month or each year (depending on the Period of Insurance) or within a grace period as allowed and communicated to the Insured by the Sasria Agent, up to a maximum of 30 days ("**the Grace Period**").

2.3 If the Insured does not pay the Premium on, before or within the Grace Period, Sasria will not be required to indemnify the Insured for any Loss or Damage and this Policy **will automatically terminate at midnight on the last day of the previous Period of Insurance.**

3. Premium Adjustment

3.1 The Insured shall, after the expiry of each Period of Insurance or, if a monthly Policy, each period of 12 consecutive months from the inception or anniversary date of the Policy, furnish the Sasria Agent with such particulars and information that Sasria may require for the purpose of recalculating or adjusting the premiums for any such Period of Insurance.

4. Amendment(s) and Cancellation(s)

4.1 The Insured may cancel the Policy on 30 days written notice to the Sasria Agent.

4.2 Sasria may cancel the Policy in circumstances where premium has not been paid in accordance with the Payment of Premium condition.

4.3 On any such cancellation as referenced above, provided that there has not been a claim within the Period of Insurance, the Insured is entitled to a return of pro rata amount of Premium for the remainder of the Period of Insurance from the date of cancellation save for the customary short period or minimum premium for the period the policy has been in force.

4.4 In the case of an annual/monthly Policy, Sasria may make amendments to the Policy at renewal or anniversary of the Policy.

5. Claims

5.1 On the happening of any event or occurrence which may result in a claim under this Policy, the Insured must, at its own expense:

5.1.1 **As soon as practicable, but not later than 48 hours**, after the event or occurrence, inform the police and take all practicable steps to discover the guilty party;

5.1.2. Within **30 calendar days of the event or occurrence** give written notice thereof to the Sasria Agent and provide particulars of any other insurance covering such events or occurrences;

5.1.3 **As soon as practicable, but not later than 60 calendar days** (unless otherwise agreed by Sasria) after the event or occurrence submit to the Sasria Agent full details (including but not limited to documents, quotations, assessment reports) in writing of a claim that has been notified in accordance with clause 5.1.2 above;

5.1.4 Render all assistance in the identification and physical recovery of such goods if lost or stolen goods or any part thereof are located, provided that reasonable expenses in rendering such assistance will be reimbursed by Sasria.

Any such reimbursement is subject to and not in addition to the Limit of Indemnity.

5.2 The Insured must not do anything which prejudices or limits Sasria's right of recovery against any other party.

5.3 The Insured may not make any admission, statement, offer, promise, agreement, undertaking or payment without Sasria's express written consent.

5.4 On the happening of any event or occurrence in terms of which a claim is or may be made under this Policy, Sasria, the Sasria Agent, and any person authorised by Sasria may, without incurring any liability and without diminishing the right of Sasria to rely on any provision of this Policy:

5.4.1 Take, enter or keep possession of any Damaged Insured Property and deal with it in a reasonable manner. The Insured may not abandon any Insured Property to the Insurer, whether taken possession of by the Insurer or not;

5.4.2 Prosecute in the name of the Insured any claim for indemnity or damages or otherwise and shall have full discretion in the conduct of any proceedings and the settlement of any claim.

5.5 The Insured shall do and permit to be done all such things as may be required by the Insurer for the purpose of enforcing any right to which the Insurer shall be or would become subrogated upon indemnification of the Insured, whether such things shall be required before or after such indemnification.

5.6 In the case of a Total Loss, on indemnification by Sasria, the rights to the salvage of any Insured Property vest in Sasria and Sasria is authorized to dispose of the salvage as it deems fit.

6. Time Limitations

6.1 **No claim will be payable after the expiry of 12 (twelve) months** (or such further time as Sasria may expressly allow in writing) from the happening of the event or occurrence, unless the claim is the subject of a pending legal process against Sasria.

6.2 Subject to the provisions of the Policyholder Protection Rules (where applicable), where Sasria elects to reject a claim,

the Insured has a time period of 6 (six) months from the date on which the rejection of the claim is received by the Insured or an authorised agent of the Insured within which to institute a legal process against Sasria claiming payment of the claim, failing which no claim will be payable and Sasria will not have any liability to the Insured in terms of such a claim.

7. Changes to Risk Information

7.1 The Insured must disclose any changes to the Risk Information, including but not limited to changes to the management, ownership or control, any change in the nature of the business carried out or changes in operating conditions or values at risk, to the Sasria Agent in writing as soon as possible, but not later than 10 (ten) days after the Insured became aware of the changes to the Risk Information.

7.2 If the Insured does not disclose changes to the Risk Information as aforesaid then, without prejudice to any other rights it may have, Sasria is entitled to reject any claim.

8. Company Information and Basis of Cover

8.1 The basis of cover in terms of which a Policy will be issued to the Insured is dependent on the Insured's representation of accurate company information, including but not limited to details of holding company, subsidiaries, subsidiaries of subsidiaries.

8.2 If, after inception of a Policy, Sasria becomes aware of or determines that the basis of cover and manner in which a Policy was issued was incorrect and not in accordance with the Insured and basis of cover clause above, the incorrectly issued Policy is, without prejudice to any other rights Sasria may have, voidable at the election of Sasria, irrespective of whether the Insured made a representation or not, or whether any representation was material.

9. Misrepresentation and non-disclosure

9.1 Sasria is entitled to rely on representations and disclosures of Risk Information and any other information made by the Insured to Sasria or the Sasria Agent pertaining to the risk covered by this Policy.

9.2 Any material misrepresentation or non-disclosure of any

Risk Information by the Insured or any party representing the Insured, whether at inception of the Policy or during the currency of the Policy, to Sasria or the Sasria Agent shall entitle **Sasria to avoid the Policy or any item or section of the Policy affected by such misrepresentation or non-disclosure as from the date of such misrepresentation or non-disclosure.**

9. 3 In the alternative and only to the extent that an avoidance of the Policy or any section thereof is not upheld, Sasria may rely on the material misrepresentation or non-disclosure to reject a claim as a result thereof.

10. Reasonable Precautions

10.1 The Insured warrants that it will take **all Reasonable Measures, including but not limited to reasonable steps and precautions to prevent and mitigate any Loss or Damage**, which includes but is not limited to **compliance with and adherence to:**

10. 1.1. **all laws, regulations and standards; and**

payment to the Insured, or by repairing or replacing the Insured Property subject to the Basis of Settlement clause, the Sum Insured and the Limit of Indemnity.

12. Limit of Indemnity

12.1 The Limit of Indemnity of the Insured is R500 000 000.00 (five hundred million Rand).

12.2 The Limit of Indemnity applies in the annual aggregate and is the amount of cover that the Insured has for the annual Period of Insurance for all Sasria Motor policies collectively.

12.3 The Limit of Indemnity for the annual Period of Insurance will be reduced by the amount paid in terms of all claims until it is depleted, and will not automatically reinstate after every claim.

13. The Sum Insured

Basis of Settlement for motor

In the event of Sasria accepting a claim, it will indemnify the Insured for the Loss or Damage in accordance with this clause and subject to the Insured having an insurable interest in the Vehicle, and the Limit of Indemnity condition.

Any salvage recoveries or payments recovered or received by the Insured prior to any claim payment by Sasria shall reduce the amount of any claim settlement accordingly.

If the Vehicle(s) or any equipment, part, or accessory of the Vehicle(s) is/are the subject of a financing arrangement and the Financier and its interest was expressly disclosed and noted, then Sasria will first make payment to the Financier in accordance with its remaining interest in the Vehicle(s), and the balance of any indemnification for the Loss or Damage payable by Sasria will then be paid to the Insured.

Sasria will indemnify the Insured for Loss or Damage as follows;

Total Loss

In the event of a Total Loss to a Vehicle insured under this Policy, such that it is in line with Sasria's processes and procedures, Damaged beyond economical repair, Sasria will, subject to the Limit of Indemnity, indemnify the Insured in accordance with

one of the following bases of settlement as expressly elected and stipulated on the Schedule:

Retail Value Basis

Sasria will pay to the Insured, subject to any financing arrangement as reflected above, the lesser of the value specified for the Vehicle on the Schedule and the Retail Value.

Retail Value Basis plus 10% for unspecified extras and accessories

Sasria will pay to the Insured, subject to any financing arrangement as reflected above, the Retail Value, and up to 10% of the insured value of the Vehicle as specified on the Schedule in respect of unspecified extras or accessories fitted in or on the Vehicle.

Replacement Value Basis

In the event of a Total Loss of a Vehicle that is less than 12 (twelve) months old from the date of first registration and the vehicle has travelled less than 30 000km since the date of first registration as new, Sasria will replace the Vehicle with a new vehicle of the same make and model (subject to availability). Where a vehicle is older than one year and has travelled more or less than 30 000km since its first registration, the basis of settlement will be Retail Value as defined. This is only applicable to vehicles which are rated as per category M1.

Agreed Value Basis

Where any Vehicle has been the subject of modification or modulation or any adaptation such that it no longer has an accurate or determinable Retail Value, the Insured is required to have the value of the Vehicle assessed and that value (together with the assessment), which must be reasonable and commensurate with the Vehicle, must be represented to Sasria at the time of inception or renewal of the Policy (Valuation certificate must not be older than 12 months). Subject to approval by Sasria and, at its discretion, further assessment or valuation of the Vehicle, this will form the Agreed Value of the Vehicle.

On the happening of Loss or Damage to such a Vehicle that is covered by this Policy and which is insured for an Agreed Value, Sasria will pay to the Insured the Agreed Value and may, at its discretion, make allowance for depreciation of this Agreed Value over time from when the Agreed Value was agreed to.

This Agreed Value basis of cover is applicable to (but not limited to) the following types of Vehicles:

- Vehicles that are of a unique or classic nature and have no Retail Value;
- Vehicles that have been modified for a specific purpose (e.g. delivery vehicles with refrigerator bodies) such that applying a Retail Value is not accurate;
- Vehicles to which non-standard adaptations and modulations have been made, whether to the engine, electrical or mechanical composition, or body of the Vehicle;
- Plant apparatus that has been modified and altered for a specific purpose; and
- The extension of Vehicles through fitted trailers.

E-vehicle indemnification Basis

Where the Vehicle is an E-vehicle that does not have a Retail Value, and was not insured under this Policy on an Agreed Value

Basis, the extent of Sasria's liability will be determined through an assessment of the reasonable value of the E-vehicle and the constituent electronic parts (including the battery of the E-vehicle) immediately prior to the Loss or Damage through an assessor of Sasria's choosing, less any salvage recoverable for electronic components or batteries.

1.Compliance with manufacturer's requirements and instructions

1.1. Where any Vehicle or E-vehicle is fitted with an Advanced Driver Assistance System, the Insured or any driver of the Vehicle or E-vehicle is required to, and hereby warrants that it will adhere to, follow and comply with all manufacturer instructions and install all software updates required by the Advanced Driver Assistance Systems.

1.2. To the extent that the Insured does not comply with the above Special Condition, Sasria may, at its election and, without prejudice to any other rights it may have:

1.2.1. Avoid the Policy;

1.2.2. Reject any claim; or

1.2.3. Reject any portion of a claim that pertains to the replacement or reinstatement of any Advanced Driver Assistance Systems.

Damage but not Total Loss

Where a Vehicle is Damaged, but such Damage can be repaired Sasria will pay the cost of the reasonable repairs by a motor trade company, to restore the Vehicle to a condition similar to that immediately prior to the Damage, provided that such costs do not exceed the Sum Insured or the Limit of Indemnity.

07

Policy Benefits

Cover for towing costs, storage costs and debris removal costs

Only where Sasria agrees to indemnify the Insured for a claim on one of the above mentioned bases of settlement, then subject to the Limit of Indemnity, this will include cover for the reasonable, necessary and commensurate:

- Towing costs to remove the Vehicle from the scene of an accident or Defined Event and to relocate same;
- Storage costs to store the Vehicle at a repair shop, storage, salvage yard or similar locations until such a time that it is repaired, pending demolition or sale of wreckage.

Credit Shortfall

It is hereby declared and agreed that: If any total loss settlement in terms of this Policy is less than the amount owing to the financier under a current instalment sale or lease agreement, Sasria will pay to the Insured an additional amount equal to the short fall less:

- any arrears of instalments or rentals including interest payable on such arrears.
- all refunds of premium for cancellation of any insurance cover relating to the motor vehicle.
- the increased instalments or rentals that would have been paid had there been no residual capital value at the end of the financial period, calculated to the month in which the claim is settled.

PROVIDED always that:

- the amounts payable shall not exceed the retail value of the property plus the additional amounts as stated in this extension.
- this benefit shall not apply to an agreement whereby the amount of any single instalment other than the final residual amount after the initial payment differs by more than 10% from any other instalment.
- if such shortfall is a result of a re-advance under an instalment sale or refinancing in terms of a lease, the insurance by this benefit shall be void.

Credit shortfall benefit is only applicable to vehicles which are rated as per category M1 and M2

Uninsured third-party vehicle

The motor cover extends to damage to an uninsured third-party motor vehicle if damaged by a Sasria insured vehicle whilst a Sasria Defined Event is active and operative. This cover is available provided liability has been accepted by Sasria on the own damage claim. This cover does not apply to static risk but only apply to road risk.
